Cooking Without Recipes Philip Dundas, 2012-11-06 Learn to cook by instinct without the need for recipes Do you envy people who seem to be able to cook with effortless ease Have you ever wanted to cook like your mother bringing an endless variety of meals to the table without ever looking at a recipe book Do you want to be inspired in the kitchen again and just by opening the fridge door concoct a feast from nothing but a few leftovers a squeeze of lemon and some fresh air Then look no further Cooking without Recipes will show you how Using the right implements shopping with confidence and stocking up on essential ingredients you will acquire the instinct needed to prepare your favourite dishes from your own creativity and imagination *The Oxford Handbook of Food History* Jeffrey M. Pilcher, 2012-10-16 Food matters not only as a subject of study in its own right but also as a medium for conveying critical messages about capitalism the environment and social inequality to diverse audiences Recent scholarship on the subject draws from both a pathbreaking body of secondary literature and an inexhaustible wealth of primary sources from ancient Chinese philosophical tracts to McDonald's menus contributing new perspectives to the historical study of food culture and society and challenging the limits of history itself The Oxford Handbook of Food History places existing works in historiographical context crossing disciplinary chronological and geographic boundaries while also suggesting new routes for future research The twenty seven essays in this book are

organized into five sections historiography disciplinary approaches production circulation and consumption of food The first two sections examine the foundations of food history not only in relation to key developments in the discipline of history itself such as the French Annales school and the cultural turn but also in anthropology sociology geography pedagogy and the emerging Critical Nutrition Studies The following three sections sketch various trajectories of food as it travels from farm to table factory to eatery nature to society Each section balances material cultural and intellectual concerns whether juxtaposing questions of agriculture and the environment with the notion of cookbooks as historical documents early human migrations with modern culinary tourism or religious customs with social activism In its vast interdisciplinary scope this handbook brings students and scholars an authoritative guide to a field with fresh insights into one of the most fundamental human concerns

The Oxford Companion to Food Alan Davidson, 2014 Twenty years in the making the first edition of this bestselling reference work appeared in 1999 to worldwide acclaim Combining serious and meticulously researched facts with entertaining and witty commentary it has been deemed unique by chefs and reviewers around the globe It contains both a comprehensive catalog of foodstuffs crackers and cookies named for battles and divas body parts from toe to cerebellum breads from Asia to the Mediterranean and a richly allusive account of the culture of food whether expressed in literature and cook books or as dishes special to a country or community Retaining Alan Davidson's wisdom and wit this new edition also covers the latest developments across the whole spectrum of this subject Tom Jaine has taken the opportunity to update the text and alert readers to new perspectives in food studies There is new coverage on attitudes towards food consumption production and perception such as food and genetics food and sociology and obesity New entries include terms such as convenience foods gastronomy fusion food leftovers obesity local food and many more There are also new entries on important personalities who are of special significance within the world of food among them Clarence Birdseye Henri Nestle and Louis Pasteur Now in its third edition the Companion maintains its place as the foremost food reference resource for study and home use
