Retail Security and Loss Prevention Solutions Alan Greggo, Millie Kresevich, 2010-12-20 Employee theft amounts to roughly 36.6 billion retail dollars lost annually according to a 2008 National Retail Security Survey and accounts for approximately 42.7 % of all retail losses. Each year organizations spend millions of dollars on theft detection prevention devices yet still incur losses at the hands of their own employees begging the

Essentials of Polygraph and Polygraph Testing Nathan J. Gordon, 2016-11-17 Throughout history there has been an intrinsic need for humans to detect deception in other humans. Developed in 1923 the polygraph machine was a tool designed to do just this. To date there have been many improvements made to the basic polygraph instrument. This book outlines the instrumentation as well as the latest in questioning techniques and methods available to the professional interviewer to determine truth from deception. The book covers psychology and physiology, a history of polygraph with the advances of leading figures, question formulation, data analysis, legal implications and legal cases, and the author's developed technique Integrated Zone Comparison Technique IZCT.

Become a Problem-Solving Crime Analyst Ronald Clarke, John E. Eck, 2014-06-03 Crime analysis has become an increasingly important part of policing and crime prevention and thousands of specialist crime analysts are now employed by police forces worldwide. This is the first book to set out the principles and practice of crime analysis and is designed to be used both by crime analysts themselves by those responsible for the training of crime analysts and teaching its principles and those teaching this subject as part of broader policing and criminal justice courses. The particular focus of this book is on the adoption of a problem solving approach showing how crime analysis can be used and developed to support a problem oriented policing approach based on the idea that the police should concentrate on identifying patterns of crime and anticipating crimes rather than just reacting to crimes once they have been committed. In his foreword to this book Nick Ross, presenter of BBC Crime Watch, argues passionately that crime analysts are the new face of policing and have a crucial part to play in the increasingly sophisticated police response to crime and its approach to crime prevention. You are the brains, the expert, the specialist, the boffin.
