Dahill, 2010-06-01 Despite Dietrich Bonhoeffer's earlier theological achievements and writings it was his correspondence and notes from prison that electrified the postwar world six years after his death in 1945 The materials gathered and selected by his friend Eberhard Bethge in *Letters and Papers from Prison* not only brought Bonhoeffer to a wide and appreciative readership especially in North America they also introduced to a broad readership his novel and exciting ideas of religionless Christianity his open and honest theological appraisal of Christian doctrines and his sturdy if sorely tried faith in face of uncertainty and doubt This splendid volume in many ways the capstone of the Dietrich Bonhoeffer Works is the first unabridged collection of Bonhoeffer's 1943-1945 prison letters and theological writings Here are over 200 documents that include extensive correspondence with his family and Eberhard Bethge much of it in English for the first time as well as his theological notes and his prison poems The volume offers an illuminating introduction by editor John de Gruchy and an historical Afterword by the editors of the original German volume Christian Gremmels Eberhard Bethge and Renate Bethge Hearings United States. Williams, Williams's important work argues that taking the New Testament and particularly Galatians 3:28 seriously should lead black churches to challenge sexism and racism not only in society at large but also in African American churches and denominational bodies By addressing oppressive practices in African American and other churches they remain true to the liberation principle of the Bible the equality of all people before God which has been used effectively by black churches His argument unfolds first through looking at the biblical text especially the figure of Jesus and his ministry and how he broke the social barriers of his day It then shows how African American Christians have historically appropriated this lens and legacy in their own religious and social experience and

explains how this vision pertains to the state of black women in the churches today Williams s book will help all Christian churches reappropriate the biblical text and serve as a model for how the Bible can be responsibly employed in the churches and the public arena to promote equality for all people *Postal Pay Adjustment* United States.
