The Spoiler Chillone The Chillone, 2003-09 Could someone have actually spoiled an entire season of Survivor That was the question everyone was asking back in January 2003 an entire month before the season premier of Survivor The Amazon On January 9th I started an Internet message board thread under the assumed alias of ChillOne and debriefed my intelligence would be confidential information that I uncovered while vacationing in the Brazilian Amazon including contestant names game dynamics location details and Tribal Council boot order In that report I named Matt Von Ertfelda and Jenna Morasca as the two finalists and pointed to Jenna as the player who was better liked of the two providing a tantalizing hint of a possible final outcome Over the next four months my information would be under the microscope picked apart and analyzed piece by piece by thousands while at the same time gaining national attention In the end ChillOne became one of the most talked about if not the most talked about informants in Survivor spoiling history
