But in the not so distant past, these undead creatures held more fear than fascination; they lived in the shadows and were the stuff of nightmares. In 1897, Bram Stoker introduced Dracula to the Western world and our concept of vampires was changed forever. For over sixty years, the undead have bled the television airwaves, appearing in every type of programming imaginable. Un-Dead TV catalogues over one thousand unique vampire appearances and is the first book of its kind to explore this phenomenon to the extent that it truly deserves.
