Scripture Francis Etheredge, 2014-06-19 Scripture is an amazing word this is a word that both acts at the heart of a person's life and begets a testimony like itself The more a person looks into the depths of this word the clearer it is that there is both real human authorship and an incredibly subtle presence of the divine Author There are not however two words but one mysteriously enriched word of God a word at once ancient and ever open to the challenges of contemporary questions and concerns Secondly if dialogue is a characteristic of God Scripture expresses this through the multitude of voices through which it is written So whether it is a matter of listening to this word in the Church drawing on foundational studies on the biblical text or researching questions in embryology philosophy theology marriage and ecumenism a person is drawn into an amazingly fertile divine human dialogue Indeed in the end it is impossible to express the number of human beings who are in this dialogue and in that very impossibility there is a glimpse of the mystery of God calling us to a dynamic communion Finally given the great challenge of thinking that a person is so immersed in a subjectivism that drowns inter personal

dialogue the word of God comes to strengthen the search for truth and facilitates the investigations that transcend individuals groups nations cultures and times For Scripture cannot be more centred in a time a place a people it cannot be more subjective in its account of an immense variety of human experience But then the very historical consistency of the fact that this heritage of utterly human experience has been able to speak to mankind as a whole at any time in any place in any culture is an incredibly convincing testimony that this is a unique word a word that both arises out of a profound anthropology of man and can destroy isolation and effect communion This book then takes up these questions both intensely personal and profoundly contemporary and lets the words Listen Israel resound throughout its pages **Spiritual Life**

THE HOLY SPIRIT GODSWORD GODSWILL ONU, *Religious Imaginaries* Karen Dieleman, 2012-10-02 Explores liturgical practice as formative for how three Victorian women poets imagined the world and their place in it and consequently for how they developed their creative and critical religious poetics This new study rethinks several assumptions in the field that Victorian women s faith commitments tended to limit creativity that the contours of church experiences matter little for understanding religious poetry and that gender is more significant than liturgy in shaping women s religious poetry Exploring the import of bodily experience for spiritual emotional and cognitive forms of knowing Karen Dieleman explains and clarifies the deep orientations of different strands of nineteenth century Christianity such as Congregationalism s high regard for verbal proclamation Anglicanism s and Anglo Catholicism s valuation of manifestation and revivalist Roman Catholicism s recuperation of an affective aesthetic Looking specifically at Elizabeth Barrett Browning Christina Rossetti and

Adelaide Procter as astute participants in their chosen strands of Christianity Dieleman reveals the subtle textures of these women's religious poetry the different voices genres and aesthetics they create in response to their worship experiences Part recuperation part reinterpretation Dieleman's readings highlight each poet's innovative religious poetics Dieleman devotes two chapters to each of the three poets the first chapter in each pair delineates the poet's denominational practices and commitments the second reads the corresponding poetry Religious Imaginaries has appeal for scholars of Victorian literary criticism and scholars of Victorian religion supporting its theoretical paradigm by digging deeply into primary sources associated with the actual churches in which the poets worshipped detailing not only the liturgical practices but also the architectural environments that influenced the worshipper's formation By going far beyond descriptions of various doctrinal positions this research significantly deepens our critical understanding of Victorian Christianity and the culture it influenced
