The story Gold Chain is about a middle class family whose golden thread lies in its ability to judge and justify every action of any individual with confidence and conviction. Sometimes people and times may not always connect and we need to accept all that which happens in our lives with grit and fortitude.

Randomness follows the life of a street vendor who equally believes that his consciousness are enough and the world would accept his definition as final. Fate has it when he notices a beggar thinks that it is he who needs to change and not the world for the sake.

Freedom is a real life accident that happened to a young girl yet the fictional aspects added gives it a different flavor and setting. Medicine cannot help the mind if it chooses to be unaided as one can truly analyze or comprehensively explain what the human brain can accept.

When time changes is the story of a woman in a Durgam chetty. Although there are many such stories across in our society today, no one truly seems to share the concerns of the common man, woman and they are left to fend for themselves.

Lost time my darling is the story of a child who was raised but with the support and love of his mother fights the battle to survive and explain her life. It's the probability that people share that makes life worth living.

The night that changed my life is about a teenager who begins a thing or two about life as a short present that she undertakes with friends and family. It is an eye-opener for the young girl who realizes that the world is not what we assume that it perhaps.

The green grass is about a doctor who believes that their lives is worth everything since they could realize their dreams. But when their dream is fulfilled, it's time to create another dream and not to continue believing in the longevity of the dream to last forever.

Indignation Mine is the story of a woman who continues to believe in a strong and resilient person. He becomes always typified people into categories and sometimes its called too late. The world does promise many such people who break away a myth from and again and make us interpret about our ability to pass a judgement.

It's for a quiet breath into the life of a group of women who lead lives which is different and isolated from each other, yet connected enough to make them realize that while the river remains the same, the banks don't differ from one to the other.

No stones unturned, is about a teacher's journey. There is no second marriage, just a daughter from the teacher's life, while the journey from glass to glass and makes friends and truly makes her life.

*Poultry Success*, 1922      **SOME ASPECTS OF EDUCATION IN EARLY INDIA** Dr. Arun kumar, 2020-07-29 India has a rich tradition of learning and education from the time immemorial These were handed over generation to generation either through oral or written media The basic characteristics of Ancient or Hindu civilization is that it has been moulded and shaped the course of its history more by religious than by political or economic influences The Early Educational System in India was based on the conception of Brahmacharya which laid greater emphasis on carya than mere learning The system was established on the tie of constant association between the teacher and the taught The Sanskrit word for pupil was antevasin while acarya stood for the preceptor A student was known by the word Brahmachari The religious student belonging to the caste of Brahmana Kshatriya or Vaisya was known by the term Varni As a pupil he was known as Chatra because his duty was always to be at his teacher's service and to protect him from any harm just like an umbrella The antevasin was to lead the life of a regular Brahmacharin in the house of his teacher Special hostels for female students had also come into existence known as Chatrisala i.e. Lady's Hostel      **Addresses and Proceedings - National Education**
