Allah Finding Iesus Video Study 9780310520429 sold separately Study Guide and Workbook for Spiritual and **Church Renewal** James M. Dawsey, Sharon E. Wright, Scott Sikes, 2025-02-10 The decline this century in church attendance has been pronounced And polls show disconcerting ignorance about religious matters even among churchgoers Is there a path to spiritual and church renewal And what will become the shape of American Christianity this century As an accompanying volume to James M Dawsey's Handbook for the Christian Faith this workbook offers a summary of essential beliefs and practices of the faith identifies significant terms names dates and events in church history lists themes and materials to be learned provides exercises and suggests additional readings to enhance understanding The materials will prove of interest to all wanting to understand the role played by Christianity in western culture and to decipher the chaos of present day American Christianity But the Study Guide and Workbook for Spiritual and Church Renewal will be especially useful to Christians working through the Handbook for the Christian Faith reflecting more deeply on the meaning of the Christian heritage and seeking to discern a right path for contemporary Christianity The exercises in this workbook extend beyond understanding Christianity as a religion to readers better understanding themselves as Christians How shall we be faithful followers of Christ No God but God Geneive Abdo, 2002-10-24 Shrouded in mystery the Islamic presence in the Middle East evokes longstanding Western fears of terrorism and holy war Our media have consistently focused on these extremes of Islam overlooking a guiet yet pervasive religious movement that is now transforming the nation of Egypt Drawing on hundreds of interviews No God But God opens up previously inaccessible segments of Egyptian society from the universities and professional sectors to the streets to illustrate the deep penetration of Popular Islamic influence Abdo provides a firsthand account of this peaceful movement allowing its moderate leaders street preachers scholars doctors lawyers men and women of all social classes to speak for themselves Challenging Western stereotypes she finds that this growing number of Islamists do not seek the violent overthrow of the government or a return to a medieval age Instead they believe their religious values are compatible with the demands of the modern world. They are working within and beyond the secular framework of the nation to gradually create a new society based on Islamic principles Abdo narrates fascinating accounts of their methods and successes Today for example university students meet in underground unions despite a state ban In addition sheikhs have recently used their new legislative power to censor books and movies deemed to violate religious values Both fascinating and unsettling Abdo s findings identify a grassroots model for transforming a secular nation state to an Islamic social order that will likely inspire other Muslim nations This model cannot be ignored for it will soon help organized Islamists to undermine secular control of Egypt and potentially jeopardize Western interests in the Arab world
