**A Polyvagal Informed Approach to Therapeutic Work with Children and Young People** Karen O'Neill, Tara McDonald, 2025-01-31 A Polyvagal Informed Approach to Therapeutic Work with Children and Young People presents a guide to best supporting children and young people through a polyvagal lens Through this neurophysiological framework of the Polyvagal Theory the authors consider why children adopt protective strategies unravelling the mysteries of the nervous system emotions and social connection Linking aspects of attachment theory developmental trauma and adverse childhood experiences the authors explore what shapes behaviour They delve into perspectives of play and metaphor within the context of the Polyvagal Theory utilising six storytellers who bring this theory to life embodying real struggles and highlighting the adaptations children make for survival Throughout this book clear explanations practical examples and actionable strategies are offered to help the reader to understand and apply a polyvagal framework when working with children and young people This text is an accessible and important resource for all qualified child therapists trainees and professionals interested in the mental health of children and young people

**Taboo Issues in Social Science** Anthony Walsh, 2020-10-06 This book is an expedition into a number of controversial issues in the social sciences with the intention of challenging the conventional wisdom on those issues While most social science research is interesting and important a fair amount of social science research is thinly disguised advocacy research in which conclusions too often precede inquiries The primary topics are those that the journal Nature described as Taboo In order of the degree of censure the topics are race sex differences intelligence and violence The only way to examine these topics with the social science seal of approval attached is through a strictly environmental lens To bring biological factors to bear on them is politically incorrect and can bring the wrath of the academy down on one's head Although many researchers successfully bring biology into their research on these issues they are said to risk career and reputation for doing so Speech codes stifling free intellectual exchange pervade the ivory tower and an overwhelmingly liberal faculty hell bent on eliminating any vestiges of opposition to their ideology This is unconscionable in an institution that is supposed to value free exchange of all ideas and opinions The current state of academic social science is examined before entering the substantive realm to try to explore how the topics I explore have become protected from any claims of naturalness Because the left rejects the idea of human nature it insists that these things are products of social learning and or social construction and are entirely fluid To maintain this position in light of the huge

and exponential successes of the natural sciences the left embraces such frames of reasoning as postmodernism radical relativism multiculturalism and political correctness all of which are examined in this book Also discussed are human nature whiteness studies political temperaments various criminal justice issues and capitalism versus socialism **No Longer Welcome** Katherine M. Zinsser,2022 Lance is a curious energetic little boy who lives in southern Illinois with his Dad Stephen and step mom As a toddler Lance took easily to art and loved animals When I interviewed Stephen in 2020 Lance was about halfway through his kindergarten year at the local public school and thriving but it had been a long and frustrating road to get there Between the ages of two and five Lance attended and was expelled from or pushed out of seven different child care programs *Kitchener's Lost Boys* John Oakes,2011-11-08 In the early days of the First World War Lord Kitchener made his famous appeal for volunteers to join the New Army Men flocked to recruiting offices to enlist and on some days tens of thousands of potential soldiers responded to his call Men had to be at least eighteen years old to join up and nineteen to serve overseas but in the flurry of activity many younger boys came to enlist some were only thirteen or fourteen Many were turned away but a lot were illegally conscripted and as many as 250 000 underage boys found themselves fighting for King and Country in the First World War Over half would never return home In this groundbreaking new book John Oakes whose own father in law walked out of the Welsh valleys to join the Royal Navy at the age of fourteen delves into the complex history of Britain s youngest Great War recruits Focusing on the recruitment crisis of 1914 he reveals why boys joined up what their experiences were and how they survived to endure a lifetime of memories For those who didn t an unknown grave awaited and in some cases their mothers never knew what had become of their children Social Work and Domestic Violence Lesley Laing,Cathy Humphreys,Kate Cavanagh,2013-02-01 Domestic violence affects all areas of social work This book shows how social workers can intervene in everyday practice with victims their families and perpetrators of domestic abuse It provides students with knowledge of theory research and policy to put directly in practice across a variety of legal and service user contexts Topics covered include Child protection Interprofessional collaboration The policy and legal context Working with women Working with men Each chapter begins with a case study and concludes with reflective questions to highlight practice dilemmas and challenge students to reflect critically Further reading from a rich range of sources guides readers to expand their knowledge This book will be valuable reading for students studying domestic violence child protection and family social work as well as practitioners of Social Work **Burns' Pediatric Primary Care E-Book** Dawn Lee Garzon,Nancy Barber Starr,Margaret A.
