Is it the **JOURNEY** or the **DESTINATION**?

If attending high school is a journey, then the ultimate destination is graduation. As you strive to cross that finish line, you'll face new experiences, build friendships, and even run into some frustrating roadblocks. As you consider this journey, what do you think is more important—reaching your goal and clutching that diploma in your hand, or taking time to appreciate the many moments (both good and bad) that will lead up to graduation day?

ACTIVITY With a classmate, think of books, movies, or TV shows that depict a journey of some sort—whether it's a quest to find a long-lost family member, a struggle to make it safely back home, or a mission to fulfill an important dream. Which seems more important to the story, the destination the character strives to reach or the journey itself?

Carceral Citizens Caroline M. Parker, 2025-02-10 A nuanced take on how carceral expansions are changing labor and social life In *Carceral Citizens* anthropologist Caroline M Parker offers an ethnographic portrait of therapeutic communities in Puerto Rico the oldest colony in the Americas As nonprofits nested within the carceral state therapeutic communities serve as reeducation and recovery centers for the mostly male drug offenders who serve out their sentences engaged in manual labor and prayer The most surprising aspect of these centers however is that their graduates often remain long after the completion of their term working as self appointed peer counselors in a mixture of volunteer and low wage positions Parker seeks to explain this dynamic by showing how in these therapeutic communities criminalized men find new and meaningful ways of living in the shadow of the prison Through their participation in the day to day functioning of the centers they discover and cultivate alternative forms of belonging livelihood and citizenship despite living within the restrictions of the carceral state Situating her study against the backdrop of Puerto Rico s colonial history and with findings that extend across Latin America Parker challenges common assumptions about confinement labor and rehabilitation By delving into lives shaped by the convergence of imperialism the carceral state and self help she offers a fresh understanding of the transformations of labor and social life brought about by mass incarceration

The Language Police Diane Ravitch, 2007-12-18 If you re an actress or a coed just trying to do a man size job a yes man who turns a deaf ear to some sob sister an heiress aboard her yacht or a bookworm enjoying a boy s night out Diane Ravitch s internationally acclaimed *The Language Police* has bad news for you Erase those words from your vocabulary Textbook publishers and state education agencies have sought to root out racist sexist and elitist language in classroom and library materials But according to Diane Ravitch a leading historian of education what began with the best of intentions has veered toward bizarre extremes At a time when we celebrate and encourage diversity young readers are fed bowdlerized texts devoid of the references that give these works their meaning and vitality With forceful arguments and sensible solutions for rescuing American education from the pressure groups that have made classrooms bland and uninspiring *The Language Police* offers a powerful corrective to a cultural scandal

Classroom Conversations Alexandra Miletta, 2008-10-07 In *Classroom Conversations* two generations of educators a mother and daughter point us to the great thinkers who have shaped their beliefs and practices in education and who continue to influence teachers today Nineteen essays by educators from Dewey to Delpit offer parents and new educators an education degree in a nutshell The Miletta s frame these touchstone texts with commentary explaining why these writers resonate for them sharing not only the personal meanings they have derived from the selections but why these writings have endured in the field over time Brief biographies set each author in context for the lay reader As educational fads and jargon come and go parents and teachers alike will appreciate and find value in the wisdom distilled here *Classroom Conversations* will help experienced teachers find renewed meaning in these seminal essays and will help younger teachers

discover just how important the work they do can be For parents the book will inform and enrich their understanding of their children s educational experience *English/language Arts Curriculum Resource Handbook* ,1992 The Patchwork of World History in Texas High Schools Stephen Jackson,2022-11-30 This book traces the historical development of the World History course as it has been taught in high school classrooms in Texas a populous and nationally influential state over the last hundred years Arguing that the course is a result of a patchwork of competing groups and ideas that have intersected over the past century with each new framework patched over but never completely erased or replaced the author crucially examines themes of imperialism Eurocentrism and nationalism in both textbooks and the curriculum more broadly The first part of the book presents an overview of the World History course supported by numerical analysis of textbook content and public documents while the second focuses on the depiction of non Western peoples and persistent narratives of Eurocentrism and nationalism It ultimately offers that a more global accurate and balanced curriculum is possible despite the tension between the ideas of professional world historians who often de center the nation state in their quest for a truly global approach to the subject and the historical core rationale of state sponsored education in the United States to produce loyal citizens Offering a new conceptual understanding of how colonial themes in World History curriculum have been dealt with in the past and are now engaged with in contemporary times it provides essential context for scholars and educators with interests in the history of education curriculum studies and the teaching of World History in the United States

Lahr explores how Williams's relationships informed his work and how the resulting success brought turmoil to his personal life. Lahr captures not just Williams's tempestuous public persona but also his backstage life where his agent Audrey Wood and the director Elia Kazan play major roles and Marlon Brando, Anna Magnani, Bette Davis, Maureen Stapleton, Diana Barrymore, and Tallulah Bankhead have scintillating walk-on parts. This is a biography of the highest order: a book about the major American playwright of his time written by the major American drama critic of his time. Antiquity Now Thomas E. Jenkins, 2015-05-14. Written in a lively and accessible style, *Antiquity Now* opens our gaze to the myriad uses and abuses of classical antiquity in contemporary fiction, film, comics, drama, television, and even internet forums. With every chapter focusing on a different aspect of classical reception including sexuality, politics, gender, and ethnicity, this book explores the ideological motivations behind contemporary American allusions to the classical world. Ultimately, this kaleidoscope of receptions from calls for marriage equality to examinations of gang violence to passionate pleas for peace or war reveals a classical antiquity that reconfigures itself daily as modernity explains itself to itself through ever-expanding technologies and media. *Antiquity Now* thus examines the often surprising redeployment of the art and literature of the ancient world, a geography charged with especial value in the contemporary imagination. **Literature and Language** Holt McDougal, Richard Craig Goheen, 1994. *Integrated Mathematics* Holt McDougal, 1998. **Children's Books in Print, 2007**, 2006. **Books and Beyond** Gail P. An updated and expanded version of this classic study of contemporary American film, the new edition of *A Cinema of Loneliness* reassesses the landscape of American cinema over the past decade, incorporating discussions of directors like Judd Apatow and David Fincher while offering assessments of the recent and, in some cases, final work from the filmmakers Penn Scorsese, Stone, Altman, Kubrick at the book's core. Accessible retelling of epic poem, 9 yrs. **All the Presidents' Money** Megan Gorman, 2024-09-24. A journey through the personal money stories of the US presidents and how they built wealth or didn't. Was Harry Truman really our poorest president or simply a man up at 2 a.m. struggling with financial anxiety? Did Calvin Coolidge get bad advice from his stockbroker to buy stocks in 1930 as the market continued to crash? Is it true George Washington enhanced his net worth by marrying up? We often think of the US presidents as being above the fray. But the truth is the presidents are just like us, worried about money, trying to keep a budget, and chasing the American financial dream. While some presidents like Herbert Hoover and Gerald Ford became wildly successful with money, others like Thomas Jefferson and Joe Biden struggled to sustain their lifestyle. The ability to win the presidency is no guarantee of financial security, although today it's a much easier path to monetize. In *All the Presidents' Money*, tax attorney and wealth manager Megan Gorman takes us on a journey to understand the different personal money stories of the presidents. Grit, education, and risk are just some of the different ways that the presidents over the last 250

years have made or lost money With lively storytelling and rigorous research All the Presidents Money reveals how some of the greatest leaders are the worst money managers and our least favorite presidents are good at making money **AB**
