## **Politics And The Search For The Common Good:**

Politics and the Search for the Common Good Hans Sluga, 2014-10-23 This book is a vigorous reassessment of the nature of politics and political theorizing

**Politics and the Search for the Common Good** Hans Sluga, 2014-10-23 Rethinking politics in a new vocabulary Hans Sluga challenges the firmly held assumption that there exists a single common good which politics is meant to realize He argues that politics is not a natural but a historical phenomenon and not a single thing but a multiplicity of political forms and values only loosely related He contrasts two traditions in political philosophy a normative theorizing that extends from Plato to John Rawls and a newer diagnostic practice that emerged with Marx and Nietzsche and has found its three most prominent twentieth century practitioners in Carl Schmitt Hannah Arendt and Michel Foucault He then examines the sources of diagnostic political thinking analyzes its achievements and offers a critical assessment of its limitations His important book will be of interest to a wide range of upper level students and scholars in political philosophy political theory and the history of ideas

*Towards a Politics of Communion* Anna Rowlands, 2021-12-02 Anna Rowlands offers a guide to the main time periods key figures documents and themes of thinking developed as Catholic Social Teaching CST A wealth of material has been produced by the Catholic Church during its long history which considers the implications of scripture doctrine and natural law for the way these elements live together in community most particularly in the tradition of social encyclicals dating from 1891 Rowlands takes a fresh approach in weaving overviews of the central principles with the development of thinking on political community and democracy migration and integral ecology and by considering the increasingly critical questions concerning the role of CST in a pluralist and post secular context As such this book offers both an incisive overview of this distinctive body of Catholic political theology and a new and challenging contribution to the debate about the transformative potential of CST in contemporary society

*The Limits of a Divided Nation with Perspectives from the Bible* Michael Ufok Udoekpo, 2020-01-31 Michael Udoekpo's work brilliantly and pastorally discusses the issues of conflict friction and disunity in the world and in Nigeria in particular from biblical historical and sociocultural perspectives These issues he stresses are endemic in various fabrics of the Nigerian society traceable to the family as the foundation of any given society They are also found in religious political and media groups Contributing factors Udoekpo argues are materialism infidelity relativism and fundamentalism Others are ethnocentrism anthropocentrism ignorance bribery and corruption with other forms of injustices Drawing from the Bible Udoekpo proposes prayer proper education truth telling restoration of family values interreligious and cultural dialogue ecumenism enforcement of rule of law faith and absolute trust in God as antidotes to conflict violence friction and disunity in our contemporary society

Practical Politics Michael Keith Briand, 1999 This wise and sensible guide to practicing democracy will be invaluable to members of community and neighborhood organizations parent teacher associations local government citizens groups and other grass roots

organizations It will also be of interest to anyone wanting a deeper understanding of how democracy should work and why it often fails to do just that      In Search of Politics Zygmunt Bauman,2013-07-03 We live in a world which no longer questions itself which lives from one day to another managing successive crises and struggling to brace itself for new ones without knowing where it is going and without trying to plan the itinerary And everything important in our lives livelihood human bonds partnerships neighbourhood goals worth pursuing and dangers to avoid feels transient precarious vulnerable insecure uncertain risky Is there a connection between the shape of the world we inhabit and the way we live our lives Exploring that connection and finding out just how close it is is the main concern of this book What is at stake in this inquiry is the possibility of re building the private public space where private troubles and public issues meet and where citizens engage in dialogue in order to govern themselves Individual liberty can only be a product of collective work it can only be collectively secured and guaranteed And yet today we are moving towards a privatization of the means to secure individual liberty If seen as a therapy for the present ills this is bound to produce effects of a most sinister kind The act of translating private troubles into public issues is in danger of falling into disuse and being forgotten The argument of this book is that making the translation possible again is an urgent and vital imperative for the renewal of politics today This new book by Zygmunt Bauman one of the most original and creative thinkers of our time will be of particular interest to students of sociology politics and social and political theory      *Politics for a Pilgrim Church* Thomas J. Bushlack,2015-10-12 Presents an innovative constructive alternative to Christian involvement in the culture wars Church leaders and scholars have long wrestled with what should provide a guiding vision for Christian engagement in culture and politics In this book Thomas Bushlack argues that a retrieval of Thomas Aquinas s understanding of civic virtue provides important resources for guiding this engagement today Bushlack suggests that Aquinas s vision of the pilgrim church provides a fitting model for seeking the earthly common good of the political community and he notes the features of a Thomistic account of justice and civic virtue that remain particularly salient for the twenty first century The book concludes with suggestions for cultivating a Christian rhetoric of the common good as an alternative to the predominant forms of discourse fostered within the culture wars that have been so divisive      **Faith, Politics, and Belonging** Ian Geary,2024-07-19 Drawing on the author s years spent working in and around Westminster this essay collection provides a personal perspective on the themes of faith politics and belonging To understand identity and place we need faith Faith should lead to engagement in the wider world and engagement in the wider world should deepen our faith and sense of purpose In three sections each drawing on his experience Ian Geary reflects on the cognate themes of faith politics and belonging Each section concludes with some questions for discussion and some suggestions for further reading Written from personal experience via immersion in British political life and informed by his understanding of theology the author seeks to animate a generous debate about the key themes not to secure readers attachment to a cause or political ideology These essays are written in the hope that Christians

engaged in politics will find them helpful and that they will also reach a wider audience to show how viewing politics through the lens of faith might yield a fresh perspective Ian Geary would venture to suggest that politics despite its critics is a necessary and good thing

*The Political Philosophy of Pierre Manent* Joseph R. Wood, 2024-08-30 This book presents and evaluates the understanding of political form in the work of Pierre Manent The study of political form is Manent's central philosophical task He is interested in the nature of man in the action that makes us human and thus in politics and political action as privileged windows into human nature and what it is to be human Manent places himself in the classical political tradition with its foundations in human nature and in a politics that accords with nature He also situates himself within a triangle of faith philosophy and politics all of which interest him as part of the reality of things even as he avoids an exclusive commitment to any one vertex in his investigation The book first examines the major influences on Manent the overarching questions that guide his work on political form the theologico political question and the question of the modern difference with the ancient view of man and politics and his two intertwined paths of inquiry into political events and political thought Manent describes political forms as the modes of human association that no science has taken as its specific object City empire Church national monarchy or nation state and modern state are the principal forms that he examines The book discusses Manent's thinking on each form in turn together with the tensions that propel the changes or motion in political form that Manent sees as driving and revealing the course of European political development Using the work of Alasdair MacIntyre Russell Hittinger Étienne Gilson Robert Sokolowski and Francis Slade the book evaluates Manent's insights into the modern state and political condition which he judges to be exhausted as well as his call for the preservation of the form of the nation marked by Christianity

**A Politics of Grace** Christiane Alpers, 2018-04-19 Christiane Alpers discusses the contribution and role Christian theology plays in developing of the democratic life in post Christendom societies She discusses the three major approaches to this debate public theology Radical Orthodoxy and post liberal Protestantism in order to illustrate the shared assumption that such an enhancement should be understood in terms of solving existing political problems The volume builds on and combines public theology's aspiration to craft a non triumphant political theology fit for a post Christendom context Radical Orthodoxy's hesitancy to embrace secularism as neutral centre for present democracies as well as post liberalism's Christocentric outlook Alpers engages with a wide variety of thinkers such as John Milbank Graham Ward John Howard Yoder Kathryn Tanner and Edward Schillebeeckx to suggest that a political theology in the post Christendom context could build on the faith that Christ alone has redeemed the whole world

*Politics, Theology and History* Raymond Plant, 2001-01-29 This book examines the moral foundations of liberal societies through the role of Christian belief in public policy

*Authority and the Metaphysics of Political Communities* Gabriele De Anna, 2020-03-11 This book explores the metaphysics of political communities It discusses how and why a plurality of individuals becomes a political unity what principles or forces keep that unity together and what threats that unity can be

faced with In Part I the author justifies the need for the notion of substance in metaphysics in general and in the metaphysics of politics in particular He spells out a moderately realist theory of substances and of their principles of unity which supports substantial gradualism Part II concerns action theory and the nature of practical reason The author claims that the acknowledgement of reasons by agents is constitutive of action and that normativity depends on the role of the good in the formation of reasons Finally in Part III the author addresses the notion of political community He claims that the principle of unity of a political community is its authority to give members of the community moral reasons for action This suggests a middle way between liberal individualism and organicism and the author demonstrates the significance of this view by discussing current political issues such as the role of religion in the public sphere and the political significance of cultural identity Authority and the Metaphysics of Political Communities will be of interest to researchers and advanced students working in social metaphysics political philosophy philosophy of action and philosophy of the social sciences **A**

Uncertain Victory James T. Kloppenberg, 1988-03-24 Between 1870 and 1920 two generations of European and American intellectuals created a transatlantic community of philosophical and political discourse Uncertain Victory the first comparative study of ideas and politics in France Germany the U S and Great Britain during these fifty years demonstrates how a number of thinkers from different traditions converged to create the theoretical foundations for new programs of social democracy and progressivism Kloppenberg studies a wide range of pivotal theorists and activists including philosophers such as William James Wilhelm

Dilthey and T H Green democratic socialists such as Jean Jaur s Walter Rauschenbusch Eduard Bernstein and Beatrice and Sidney Webb and social theorists such as John Dewey and Max Weber as he establishes the connection between the philosophers challenges to the traditions of empiricism and idealism and the activists opposition to the traditions of laissez faire liberalism and revolutionary socialism By demonstrating a link between a philosophy of self conscious uncertainty and a politics of continuing democratic experimentation and by highlighting previously unrecognized similarities among a number of prominent 19th and 20th century thinkers Uncertain Victory is sure to spur a reassessment of the relationship between ideas and politics on both sides of the Atlantic
