

## Flowering Plant's Life Cycle Writing Prompt

### **Standard 6-3.8**

Write a story about your life as a seed to identify and explain the stages of the life cycle of a flowering plant. ["I am a seed..."] Use your imagination to describe what happens in your life as you go through each stage of a flowering plant's life cycle. You will start off as a seed but won't stay that way for long! You may be any species of flowering plant. Use details and be creative!

Remember the stages:

- Germination
- Plant Development
- Fertilization (a lot happens here! Be sure to include important flower parts)
- Seed Production

Timothy D. Willard, 2022-06-21 Can we afford to chase beauty in a world that emphasizes distraction and naked ambition over a lifestyle of wonder and spiritual restfulness The everyday road of life is littered with the pains of growing up loving and failing to love of peace and discord What is God saying through all the muck of life God speaks to us through beauty But to hear his words we must slow down and listen with our hearts What would happen if we slowed down and looked at the world and our lives with new eyes The Beauty Chasers shows us a secret passageway that leads beyond the utility mindset that banished beauty from our hearts Author Tim Willard gives us a guidebook for discovering how to see the world with fresh eyes and let beauty guide us in life and our relationship with God The Beauty Chasers will inspire you to live life as a participant instead of a spectator guide you toward a life of presence rather than distraction give you permission to slow down and drink from the well of spiritual rest refresh your perspective on the wonder full ways of God help you live like beauty matters Are you ready to live life to a different cadence Do you find yourself longing to recapture the wonder in your spiritual journey Are you willing to walk the path less traveled If so then read on friend *Cycles* Debbie Triska
