The Complete Guide to Customer Support Joe Fleischer, 2002-01-04 Today's support operations face greater responsibilities than the help desks of the 1990s. That's because customers expect 24x7 assistance on whatever channel they choose no matter what type of products and/or services they buy. The Complete Guide to Lean CX Robert Dew, Bill Russell, Cyrus Allen, George Bej, 2021-04-06 In recent years many companies have realised customer experience CX is the new marketing battle ground. Substantial investments have been made to map customer journeys, identify pain points and improve CX to try and create cut through. Using real world applications to introduce next generation design tools based on proven concepts from strategy, marketing, psychology and creative problem solving. Lean CX: How to Differentiate at Low Cost and Least Risk discusses how to use Lean Management approaches to innovate your customer experience. This practical book describes how the tools from Lean Management can be applied to the CX innovation problem. The authors draw on hundreds of CX design and strategic innovation projects across a range of industries, both B2B and B2C, from primary research through client work and secondary case studies available in the public domain. The examples include many different vertical industry sectors including those involving hybrid business models. The cases included share what worked really well and where CX failed. The content goes beyond what actually happened to present an idea of what might be possible with the right design approach and committed resources. Presents the swarm algorithm which highlights what the next generation of successful organisations might become. Shows how to overcome the CX change risk and reduce the biggest waste in CX management. Includes numerous international case examples. **What They Still Don't Teach You In Project Management School Part 2** Joseph Dolphin, 2025-03-15 Building on the foundational insights of project management, Book 2 delves into advanced topics that extend beyond the traditional scope of a project manager's role. This section explores critical management consulting practices such as change management, benefits management and Lean Six Sigma, equipping professionals with the tools to drive transformational success. It also takes a deep dive into service and agile delivery, offering actionable strategies to enhance efficiency, adaptability and value in today's dynamic business environment. Whether you're a seasoned project manager looking to expand your expertise or a consultant seeking deeper operational insights, Part 2 provides the knowledge and frameworks to bridge the gap between managing projects and delivering strategic impact. **Business Theft and Fraud** James R. Youngblood, 2016-08-05 Business Theft and Fraud: Detection and Prevention offers a broad perspective on business-related theft, providing a detailed discussion of numerous avenues of theft, including internal and external fraud, organized retail crime, mortgage fraud, cyber fraud and extortion. Combining current research and the author's extensive experience with loss prevention and security, this professional text identifies industry trouble areas and offers techniques to combat business theft, such as how to identify sales underreporting, track sales by shifts and educate employees on computer-related fraud. This publication is critical for those involved with loss prevention, security or criminal justice. Business Theft and
