Prison Guard Talk:

Prison Guard Talk Dusty B. Beach, 2014-10-16 I don't think the general public has the slightest clue as to what goes on in these prisons. This book is a terrific starting point for anyone hoping to understand corrections. I love the humor and stories in the book. Over 25 years in law enforcement and this is the most realistic book about prison I have ever read. Paul G. retired Correctional Officer. *Prison Guard Talk* is the fictionalized memoir of Dusty Beach, a former correctional officer, sergeant, and lieutenant in the Department of Corrections. The book follows the fictional character Josiah Wilson, a correctional officer at a fictionalized prison. All instances herein are inspired from real life and while dramatized, still contain information necessary to those interested in the Department of Corrections. If you are seriously considering taking the exam to become a correctional officer or are otherwise interested in joining the Department of Corrections, this book is a must. The chapters are geared to educate and inform you while simultaneously preparing you for the examination and oral interview. It is a powerful combination punch of learning and reinforcement. You will not find this type of material and information in this format anywhere else. The book includes a question and answer oral interview section. This is what one Department of Corrections cadet said I interviewed for the correctional officer position: most of the questions were out of your book and spot on, but it was your insight or should I say the fictional character and insight of Josiah Wilson that saved the day. Thanks. Don't step foot into a prison until you read this book; this is insight you won't find anywhere else. Through a fictionalized memoir of life as a corrections officer, understand the thinking of the Department of Corrections and prison politics. The book can make you laugh and cry, experience the unique humor and flavor found at some of the toughest prisons in America. Peppered with insights and knowledge of the duties of a correctional officer, *Prison Guard Talk* includes the tips and tricks you need to know to pass the correctional officer exam, including interview questions right from the playbook. Dusty Beach takes you on a journey down the rabbit hole into the soul of prison life through a matrix of a world seldom seen, much less understood by people.

Prison Officers Helen Arnold, Matthew Maycock, Rosemary Ricciardelli, 2023-12-12 This edited collection brings together academics, lawyers, civil servants, and researchers working in the human rights NGO sector to explore the work and role of prison officers around the world. Each chapter offers a distinctive perspective on the work of prison officers within localised socio-economic and criminal justice contexts to provide a unique overview and insight into the realities and complexities of the role through accessible scholarly interpretations of their work. The aim of the book is to advance knowledge and understanding of the crucial role that prison officers occupy within carceral systems. The collection has widespread applicability with relevance beyond academia into criminal justice practice and policy internationally. Prison Guard, 1956

The Prison Officer Alison Liebling, David Price, Guy Shefer, 2010-12-22 This book is a thoroughly updated version of the popular first edition of *The Prison Officer*. It incorporates the significant increase in knowledge about the work

of prison officer since the first edition was published and provides a live account of prison work and ways of understanding the role of the prison officer in the late modern context Few detailed narratives exist of prison work and the sort of role the prison officer occupies this book addresses the gap Using a range of quantitative and qualitative data and drawing on available theoretical literature it explores the role of the prison officer in an appreciative way taking into account the little discussed issues of power and discretion It provides a single accessible guide to the world and work of the prison officer looking in detail at the present role of the prison officer in Britain and demonstrating the centrality of staff prisoner relationships to every operation carried out by officers This book will be of relevance to anyone with an interest in the work of a prison officer students and others looking for an introductory survey of the literature and essential reading for any established and aspiring officers *Prison Guard, Correctional Officer* Robert R. Dying in Prison Carol Robinson,2023-05-10 This book uses empirical data gathered using ethnographic methods in two contrasting prisons to provide a rare insight into death and dying in prisons in the UK The majority of deaths in prison custody in England and Wales result from natural causes yet the experiences of people dying in prison and the impact of these deaths on the wider prison are under researched areas It provides a novel insight into the impact of deaths from natural causes on the prison as an institution and challenges existing work juxtaposing occupational philosophies of care and control It also identifies how end of life care is provided in prisons and the impact this has on culture and relationships shows how deaths from natural causes in prison custody soften prison regimes culture and relationships It speaks to an international audience by drawing on the global literature including from the US

The Older Prisoner Diete Humblet,2021-01-23 This book critically explores the world of older prisoners to provide a more nuanced understanding of imprisonment at old age Through an ethnographical study of male and female older prisoners in two Belgian prison settings one in which older prisoners are integrated and one in which they are segregated it informs debates and seeks to recognise ageist discourse attitudes practices in prison The Older Prisoner seeks to situate the older prisoner from both a penological and gerontological perspective organised around the following broad themes the construction of the older prisoner the physical prison world the social prison world surviving prison and giving meaning The book allows readers to navigate between contrasting perspectives and voices rather than reinforcing traditional narratives and prevailing discourses on the older prisoner In doing so it hopes to open up a broader dialogue on ageing and punishment It also offers insights into the concept of meaning in life as an analytical tool to study prisoners

Ignorance, Power and Harm Alana Barton,Howard Davis,2018-10-15 This book discusses the concept of agnosis and its significance for criminology through a series of case studies contributing to the expansion of the criminological imagination Agnotology the study of the cultural production of ignorance has primarily been proposed as an analytical tool in the fields of science and medicine However this book argues that it has significant resonance for criminology and the social sciences given that ignorance is a crucial means through which public acceptance of serious and sometimes mass harms is achieved The editors argue that this phenomenon requires a systematic inquiry into ignorance as an area of criminological study in its own right Through case studies on topics such as migrant detention historical institutionalised child abuse imprisonment environmental harm and financial collapse this book examines the construction of

ignorance and the power dynamics that facilitate and shape that construction in a range of different contexts Furthermore this book addresses the relationship between ignorance and the achievement of manufactured consent to political and cultural hegemony acquiescence in its harmful consequences and the deflection of responsibility for them *Crime and the Chinese Dream* Edited by Børge Bakken, 2017-12-11 Although official propaganda emphasizes the Chinese Dream as the dream of all Chinese the opportunities of achieving the prosperity by legal means are distributed unequally *Crime and the Chinese Dream* reveals how people on the margins of Chinese society find their way to the Chinese Dream through illegal or deviant behaviours The case studies in this book include corrupt doctors in public hospitals in Beijing fraudsters in a village called cake uncles illegal motorcycle taxi drivers in Guangzhou drug users being re educated in detention centres and internet addicts who are treated as criminals by the system Despite the patriotic and collectivistic tint of the official dream metaphor the contributors to this volume show that the Chinese Dream is essentially a state capitalist dream which is embedded within the problems and opportunities of capitalism as well as a dream of control An original and important contribution to comparative criminology international studies and crime and justice research in China this book highlights the ironies present in the American Dream that exist in the Chinese Dream as well It contains diverse research topics that separate ideology from reality and Bakken's excellent introduction frames them in the literatures on social problems and social inequality Henry N Pontell John Jay College of Criminal Justice City University of New York This is an outstanding collection of essays which importantly enlarges the terms of debate on crime in China It reveals how China is complex not only because of its internal social and economic diversity but also because of integration into global capitalism with all its inherent inequalities and commodification Bill Heberton Centre for Criminology and Criminal Justice University of Manchester **Proceedings of the Annual Congress of the American Prison Association** American Prison Association.
