Magic Words, Magic Worlds Matthew Oliver, 2022-06-07 While all fiction uses words to construct models of the world for readers nowhere is this more obvious than in fantasy fiction Epic fantasy novels create elaborate secondary worlds entirely out of language yet the writing style used to construct those worlds has rarely been studied in depth This book builds the foundations for a study of style in epic fantasy Close readings of selected novels by such writers as Steven Erikson Ursula Le Guin N.K. Jemisin and Brandon Sanderson offer insights into the significant implications of fantasy's use of syntax perspective paratexts frame narratives and more Re-examining critical assumptions about the reading experience of epic fantasy this work explores the genre's reputation for

flowery archaic language and its ability to create a sense of wonder Ultimately it argues that epic fantasy shapes the way people think examining how literary representation and style influence perception *Wheel of Time Reread: Books 10-12* Leigh Butler,2013-03-15 The Wheel of Time Reread on Tor com is an extensive analysis of Robert Jordan s epic fantasy series covering the material chapter by chapter Join Leigh Butler as she summarizes the chapters and comments on the ongoing mysteries of the series gender issues politics history and the many Crowning Moments of Awesome Volume 4 of the collected Tor com Wheel of Time Reread covers the prequel New Spring and books 10 through 12 of The Wheel of Time Crossroads of Twilight Knife of Dreams and The Gathering Storm the first Wheel of Time book co authored by Brandon Sanderson At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **The Bayesian Choice** Christian Robert,2007-08-27 This is an introduction to Bayesian statistics and decision theory including advanced topics such as Monte Carlo methods This new edition contains several revised chapters and a new chapter on model choice **Managing Intelligence** John Buckley,2017-07-27 Managing Intelligence A Guide for Law Enforcement Professionals is designed to assist practitioners and agencies build an efficient system to gather and manage intelligence effectively and lawfully in line with the principles of intelligence led policing Research for this book draws from discussions with hundreds of officers in different agencies roles and ranks from the UK United States Australia New Zealand and Canada Highlighting common misunderstandings in law enforcement about intelligence the book discusses the origins of these misunderstandings and puts intelligence in context with other policing models **Origins of The Wheel of Time** Michael Livingston,2022-11-08 Jordan has come to dominate the world Tolkien began to reveal The New York Times on The Wheel of Time series Explore never before seen insights into the Wheel of Time including A brand new redrawn world map by Ellisa Mitchell using change requests discovered in Robert Jordan s unpublished notes An alternate scene from an early draft of The Eye of the World The long awaited backstory of Nakomi 8 page full color photo insert Take a deep dive into the real world history and mythology that inspired the world of Robert Jordan s The Wheel of Time Origins of The Wheel of Time is written by Michael Livingston Secretary General of the United States Commission on Military History and professor of medieval literature at The Citadel with a Foreword by Harriet McDougal Robert Jordan s editor widow and executor of his estate This companion to the internationally bestselling series delves into the creation of Robert Jordan s masterpiece drawing from interviews and an unprecedented examination of his unpublished notes Michael Livingston tells the behind the scenes story of who Jordan was how he worked and why he holds such an important place in modern literature The second part of the book is a glossary to the real world in The Wheel of Time King Arthur is in The Wheel of Time Merlin too But so are Alexander the Great and the Apollo Space Program the Norse gods and Napoleon s greatest defeat and so much more Origins of The Wheel of Time provides exciting knowledge and insights to both new and longtime fans looking to either expand their understanding of the series or unearth the real life influences that Jordan utilized in his world building all in one

Trials Martha Merrill Umphrey,2017-11-30 This volume gathers a collection of the most seminal essays written by leading experts in the fields of law and cultural studies which address the cultural dimension of trials Taken together these essays conceive of trials as sites of legal performance and as critical public spaces in which the law both encounters and interacts dialogically with the culture in which it is embedded Inquiring into the contours of that dialogic relation these essays trace the paths of cultural stories as they circulate in and through trial settings examine how trials emerge out of particular social and historical contexts and suggest ways in which trials themselves as both singular events and generic forms circulate and signify in culture

Fantasy Literature Mark A. Fabrizio,2016-10-11 Fantasy literature often derided as superficial and escapist is one of the most popular and enduring genres of fiction worldwide It is also perhaps surprisingly thought provoking structurally complex and relevant to contemporary society as the essays in this volume attest The scholars teachers and authors represented here offer their perspectives on this engaging genre Within these pages a reader will find a wealth of ideas to help teachers use these texts in the classroom challenging students to read fantasy with a critical eye They employ interdisciplinary philosophical and religious lenses as well as Marxist and feminist critical theory to help students unlock texts The books discussed include epic fantasy by such authors as Tolkien and Le Guin children s fantasy by Beatrix Potter and Saint Exup ry modern fantasy by Rowling and Martin and even fairy tales and comic books The contributors offer provocations questioning the texts and pushing the boundaries of meaning within the fantasy genre And in doing so they challenge readers themselves to ponder these tales more deeply But through each of these chapters runs a profound love of the genre and a respect for those who produce such beautiful and moving stories Furthermore as with all the books in this series this volume is informed by the tenets of critical pedagogy and is focused on re envisioning fantasy literature through the lens of social justice and empowerment Prepare to be challenged and inspired as you read these explorations of a much loved genre
