Lightning, The History of the 78th Infantry Division (Divisional Series), Division Historical Committee, 2018-12-12 The history of the 78th Infantry Division in World War II as in World War I is a record of heroic achievement mission accomplished and outstanding service to the United States of America War as such is opposed to American principles and ideals nevertheless in time of emergency our citizens turn from peaceful pursuits to undertake protection of their country with steadfast determination This was the situation when in Aug 1942 I took command of the Lightning Division at reactivation Our first mission was to train thousands of men for combat Wherever America was fighting her enemies our men saw action Then in the spring of 1943 the Division began training as a unit Teamwork leadership and courage were the foundations on which we built with work exercise and maneuver After grave losses through transfer of personnel the Division completed its tests and embarked for Europe in Oct 1944 Within two months we had assaulted and breached the formidable Siegfried Line in Germany Rollesbroich Simmerath Kesternich Konzen Schmidt the Schwammenauel Dam the Cologne Plain the Ludendorff Bridge the Remagen Bridgehead and the Ruhr Pocket are names that will ever recall the gallantry of Lightning men Compilation of the history of a combat unit is a daring task Too great a part of a unit's history lies buried with the men who made it The deeds of one man on an unnamed hill the actions of a squad fighting for an isolated farmstead have decided many battles By the nature of war however these actions remain unrecorded For this reason our history is the Story of the Lightning Team of all who wore the Lightning Patch in a winning fight from reactivation at Camp Butner N C in 1942 through our last combat mission at Wuppertal Germany 17 Apr 1945 and thereafter Maj Gen Edwin P Parker Jr
