

Critical Paper: Romeo and Juliet

7 pages | 1742 words

Shakespeare is effortlessly one of the finest British writers of all time. Many of his works are focused on life, love, death, revenge, mystery, and tragedy, and after almost four-hundred years since his death, they are still celebrated all around the world. Specially Romeo and Juliet, which between tragedy and comedy, the transition is often but slightly marked, making it one of the most frequently performed plays, and an excellent work to read or watch at any time. Romeo and Juliet is an image of love and its pitiable destiny in a world whose environment is too sharp for the fondest bloom of human life. Two beings made for one another feel mutual love at first sight; every thought vanishes before the enticing drive to live for one another; under conditions unfriendly in the most elevated degree to their union, they unite themselves by a secret marriage, depending just on the security of an imperceptible power. Unfortunate episodes following in fast progression, their courageous fidelity is within a couple of days put to the test, until they are coercively separated from each other by a voluntary death, and are joined in hopes of meeting again one day. This specific play contrasts yet little from the vast majority of Shakespeare's comedies in its ingredients and treatment. It is essentially the heading that gives it the stamp of tragedy. Usually, a tragedy is known to have a "tragic hero," which in this case, the hero is Romeo, and Juliet the heroine, making it unique by containing two tragic heroes, and twisting the plot into something more exciting and anticipated by the audience. As Eva Richardson clarified in her book, "something well expected of a "Shakespearean tragedy." Shakespeare had a unique way of presenting things, building up the plot of the story with dramatic irony having the audience and the reader know about everything, yet the characters still clueless about what is happening all around them. For instance, the fact that the audience was aware of Juliet's arrangement of the pill, while Romeo was not, was an ideal example of the dramatic irony expected in a Shakespeare play. It has not all been his idea though, some of it came from generations and generations of passed down literature and into his talented hands. As many people believe, Shakespeare did not devise the tragic yet magnificent story of Romeo and Juliet. Actually, he did not even introduce it into the English language. A poet by the name of Arthur Brooks, was the one who initially brought the story of "Romeus and Juliet" to an English-speaking audience in a lengthy and ponderous poem that was itself not original, but rather a version of variations that extended across nearly a hundred years and two supplementary languages. Many details of Shakespeare's plot are brought straight from Arthur Brook's poem, including events such as; the meeting of Romeo and Juliet at the ball, their secret marriage, the sleeping potion, and the timing of their death. Such adoption of other stories is a known characteristic of Shakespeare, who often wrote plays based on earlier works that he adapted into...

Essays in the History of Linguistic Anthropology Dell H. Hymes, 1983-01-01 Anthropology and linguistics as historically developing disciplines have had partly separate roots and traditions In particular settings and in general the two disciplines have partly shared partly differed in the nature of their materials their favorite types of problem the personalities of their dominant figures their relations with other disciplines and intellectual current The two disciplines

have also varied in their interrelation with each other and the society about them Institutional arrangements have reflected the varying degrees of kinship kithship and separation Such relationships themselves form a topic that is central to a history of linguistic anthropology yet marginal to a self contained history of linguistics or anthropology as either would be conceived by most authors There exists not only a subject matter for a history of linguistic anthropology but also a definite need
