Repeal the Second Amendment Allan J. Lichtman,2020-01-28 A radical case for the repeal of the 2nd Amendment as the only way to control gun violence in America There s an average of one mass shooting per day in the United States Given the ineffectiveness of the gun control lobby it s time for a strategy with spine In Repeal the Second Amendment Allan J Lichtman has written the first book that uses history legal theory and up to the minute data to make a compelling case for the amendment s repeal in order to create a clear road to sensible gun control in the US Repeal the Second Amendment explores both the true history and current interpretation of the Second Amendment to expose the NRA s blatant historical manipulations and irresponsible fake news releases Lichtman looks at the history of firearms and gun regulations from colonial times to the present to explain how a historically forgotten sentence in the Constitution has become a flash point of recent politics that benefits only the gun industry their lobbyists and the politicians on their payroll He probes court decisions and the effective lobbying and public relations strategies of the gun lobby as well as the ineffectiveness of the gun control movement for lessons in doing better What emerges is a clear and cogent plan repeal and replace the Second Amendment without taking guns away from anyone who has them now to make the US a safer place It s time to Repeal the Second Amendment and Allan Lichtman is the man to bring this radical plan to America [American Motorcyclist](#) ,1997-01 American Motorcyclist magazine the official journal of the American Motorcyclist Associaton tells the stories of the people who make motorcycling the sport that it is It s available monthly to AMA members Become a part of the largest most diverse and most enthusiastic group of riders in the country by visiting our website or calling 800 AMA JOIN

[Russian Nazi Troll Bots!](#) Eric W. Saeger,2018-08-24 It s beyond dispute that trolls and automated bots helped Donald Trump win the White House in 2016 Some of the troll operations involved were based in Russia but domestic interests also participated in the invasion In fact trolls of all types from all corners of the internet came together in a perfect storm of propaganda disinformation and political dissent The confusion wrought by the multi pronged troll invasion still affects our online spaces today leaving many questions unanswered Who are the trolls What do they want How do they operate Why couldn t our

intelligence agencies put a stop to Russian and right wing trolling Can trolling be stopped And what s with all the freakin Nazis One thing is certain the troll invasions wouldn t have succeeded if America hadn t been divided on many pressing issues Deep cultural woes such as racism our New Generation Gap and the slow destruction of the middle class were part of the toxic environment that allowed trolls to flourish This book the first from software expert award winning internet troll and long time underground culture fixture Eric Saeger examines all these issues with an impartial eye The limitations and realities of current technology are explained in clear simple language revealing the tactics of everyday trolls and describing how future technology promises to make the internet a safe livable place for everyone Most important of all along the way you ll see the humor in our dire but salvageable situation Once we understand the invaders we ll no longer fear RUSSIAN NAZI TROLL BOTS

Ricochet Richard Feldman,2011-05-16 Ricochet Confessions Of A Gun Lobbyist Ricochet tells the truth With each page I can hear the echo of footsteps down the Rayburn Building s marbled halls as Feldman tells the intimate story few know and even fewer survive Jack Brooks D Tex former Chairman U S House Judiciary Committee Ricochet casts an eye opening spotlight on the shadowy world of behind the scenes gun politics Is it accurate Absolutely I was there John Aquilino former Director NRA Public Education Ricochet is right on target Feldman s behind the scenes memoir vividly describes America s firearms debate and struggle to win in extraordinary detail I thoroughly enjoyed it John W Magaw former Director of the Bureau of Alcohol Tobacco and Firearms

Merchants of the Right Jennifer Carlson,2023-05-02 An eye opening portrait of the gun sellers who navigated the social turmoil leading up to the January 6 Capitol attack Gun sellers sell more than just guns They also sell politics Merchants of the Right sheds light on the unparalleled surge in gun purchasing during one of the most dire moments in American history revealing how conservative political culture was galvanized amid a once in a century pandemic racial unrest and a U S presidential election that rocked the foundations of American democracy Drawing on a wealth of in depth interviews with gun sellers across the United States Jennifer Carlson takes readers to the front lines of the culture war over gun rights Even though the majority of gun owners are conservative new gun buyers are more likely to be liberal than existing gun owners This posed a dilemma to gun sellers in the run up to the 2020 presidential election embrace these liberal customers as part of a new perhaps post partisan chapter in the American gun saga or double down on gun politics as conservative terrain Carlson describes how gun sellers mobilized mainstays of modern conservative culture armed individualism conspiracism and partisanship as they navigated the uncertainty and chaos unfolding around them asserting gun politics as conservative politics and reworking and even rejecting liberal democracy in the process Merchants of the Right offers crucial lessons about the dilemmas confronting us today arguing that we must reckon with the everyday politics that divide us if we ever hope to restore American democracy to health

50 Guns That Changed America Bruce Wexler,2023-08-29 The History of America And Our Guns The history of the United States is like it or not interwoven with the history of firearms The young colony needed technologically

advanced arms to hunt for food for survival and to maintain a secure base in the face of Native American opposition to European settlers. As the Vikings discovered several centuries earlier, the Indians were tough opponents expert in the use of bladed weapons and bows. The advent of firearms gave European settlers an advantage, although it was only a matter of time until the Native Americans gained access to firearms themselves. Ironically, this was often through unscrupulous white traders. Because these superior weapons gained them their freedom, the principle of the right to bear arms remains etched into the American psyche to this day. Since then, the US has been through a terrible Civil War at which time many different guns were invented and deployed against brother Americans, each one playing a part in the eventual outcome of the war. After the Civil War came a period of frontier establishment when the country consolidated itself from coast to coast. The outside world knows this best as the Wild West, and again guns played a big part in civilizing unruly parts of the nation. Two world wars also tested America's ingenuity in ensuring that its troops were competitively armed. The invention of automatic weapons by John M. Browning made this a reality. In the post-Second World War period, the country has had to fight its way through Korea, Vietnam, and numerous other conflicts in the Middle East and Asia. Gun development has not stood still at any time in United States history, and this book illustrates fifty examples that form essential parts of that story.

50 Guns That Changed America will explore the most significant American weapons from the early days of firepower to the amazing modern guns in use today, including Simeon North Hall pistol, Dimick Plains rifle, Spencer carbine rifle, Winchester Model 1866, Smith & Wesson Army revolver, Colt Peacemaker, M60 machine gun, ArmaLite AR 18 machine gun. Each firearm is illustrated in full color with archive photography of the manufacturers and the guns in action where possible.

Deer Rifles and Cartridges Wayne van Zwoll, 2012-08 In this handy reference manual, renowned firearms expert Dr. Wayne van Zwoll covers all aspects of deer rifles and their loads and bullets. From the proper action and caliber to hunting bucks in big woods or open terrain, Dr. van Zwoll covers it all. Reference charts include detailed information on the various lightweight, long-range and lever rifles and the recommended loads for each. Van Zwoll also offers excellent advice and information on choosing and sighting in deer scopes and sights and shares expert tips on marksmanship.

American Motorcyclist, 1994-12 *American Motorcyclist* magazine, the official journal of the American Motorcyclist Association, tells the stories of the people who make motorcycling the sport that it is. Gun Country Andrew C. McKeivitt, 2023-09-18 Just as World War II transformed the United States into a global military and economic superpower, so too did it forge the gun country America is today. After 1945, war-ravaged European nations possessed large surpluses of mass-produced weapons, and American entrepreneurs seized the opportunity to buy used munitions for pennies on the dollar and resell them stateside. A booming consumer market made cheap guns accessible to millions of Americans, and rates of gun ownership and violence began to climb. Andrew C. McKeivitt tells the history of this gun boom through the dynamics of

consumer capitalism and Cold War ideology the combination of which resulted in a vast number of Americans arming themselves to the teeth and centering their political identity on their guns When gun control legislation emerged in the 1960s many Americans accustomed to the unregulated postwar bounty of cheap guns and fearful of Soviet invasion domestic subversion and urban uprisings fiercely challenged it Meanwhile gun control groups were diverted from their abolitionist roots toward a conciliatory fundraising focused strategy that struggled to limit the stockpiling of firearms Gun Country recasts the story of guns in postwar America as one of Cold War and racial anxieties unfettered capitalism and exceptional violence that continues to haunt us to this day Newsweek ,2007 Arms Andrew Somerset,2015-09-15 After a fifteen year hiatus from the world of guns journalist sports shooter and former soldier A J Somerset no longer fit in with other firearm enthusiasts Theirs was a culture much different than the one he remembered a culture more radical less tolerant and more immovable in its beliefs as if each gun had come with a free bonus ideological Family Pack of political tenets a ready made identity To find the origins of this surprising shift Somerset began mapping the cultural history of guns and gun ownership in North America Arms The Culture and Credo of Gun is the brilliant result How were firearms transformed from tools used by pioneers into symbols of modern manhood Why did the NRA s focus shift from encouraging responsible gun use to lobbying against gun safety laws What is the relationship between gun ownership and racism in America How have the film television and video game industries molded our perception of gun violence When did the fear of gun seizures arise and how has it been used to benefit arms manufacturers lobbyists and the far right Few ideas divide communities as much as those involving firearms and fewer authors are able to tackle the subject with the same authority humor and intelligence Written from the unique perspective of a gun lover who s disgusted with what gun culture has become Arms is destined to be one of the most talked about books of the year American Guardian ,1999
