**The Ceremonies and Religious Customs of the Various Nations of the Known World**, 1741      **The Special Service Worship Architect** Constance M. Cherry, 2013-07-15 One of the Best Books of 2013 Worship Leader This book takes the principles found in Constance Cherry's successful *The Worship Architect* in which she provided dynamic blueprints for designing worship services and applies them to special services in the life of the church. Cherry, a worship professor and practitioner, offers theological reflection, practical guidance, and suggested resources to help worship leaders and ministry students in training to create meaningful special services related to the sacraments, life passages, and other occasions. Cherry sets forth a process concerning worship design for special services and demonstrates how this process is conducive to virtually any style of worship practiced today in a myriad of Christian communities. She includes a model order for each service type, including weddings, funerals, baptisms, child dedications, Holy Communion, and more. The book not only explains what leaders do in order to preside at special services and how to do it, but also why they make certain choices. Each chapter includes discussion questions, practical exercises, and a basic glossary.      *Prayers with Pizzazz for Junior High Teens* Judi Lanciotti, 1996 This collection of user-friendly, fast-paced, active prayer experiences includes themes that range from the personal to the global, from parables to developing slide shows. They can be used in classroom settings, on retreats, and in youth group gatherings.      **Liturgical Resources 1 Revised and Expanded** Standing Commission on Liturgy and Music, 2015-11-10 Newly revised, expanded, and perfected text from the 78th General Convention of The Episcopal Church held in Salt Lake City in July 2015. Church Publishing will make the full approved resource available by Advent 2015. Church Publishing is honored to work with the General Convention Office and the Standing Commission on Liturgy and Music to provide this important resource for the church.      **Instructions on the Prayers and Ceremonies of the Holy Sacrifice of the Mass ...** M. Cochin, 1814      **I Will Surely Multiply Your Offspring** Jamie Viands, 2013-12-04 After creating man and woman, God's first recorded blessing upon them is to be fruitful and multiply. Like the blessings of food and health, the human experience of procreation is so common that we may overlook its importance within the biblical narrative. However, *I Will Surely Multiply Your Offspring* is a comprehensive examination of the progeny blessing, demonstrating that this motif is both prevalent and significant within the Old Testament by tracing its development throughout the redemptive historical narrative. Viands identifies different progeny blessing traditions associated with the Abrahamic covenant, the Sinai covenant, and the new covenant, and describes their interrelationships as well as their relationship to the universal blessing first found in Genesis 1. This study lays the foundation for a biblical worldview of human proliferation contributing to contemporary discussions concerning whether humans are obligated to bear children as well as procreation ethics.      **Sourcebook for Sundays, Seasons, and Weekdays 2015** Charles Bobertz, Mary A. P. Gordon, 1995 The title of this volume is of course taken from 2 Kgs 6 1 where the prophetic group about Elisha point out that their accommodation is too cramped It seemed an apt comment on the capacity of any proposed volume to house and adequate representation of the work that has recently been done on Israelite prophecy To this I now have to add the all too ironic confession that the so called pre classical prophets including Elisha and his colleagues could not be accommodated in the present volume Let no one complain about being misled by the subtitle when the title is so honest there are thirty six items of varying length and they divide almost equally between journal articles and excerpts from volumes some of these of composite authorship Naturally they represent one individual's selection from within his personal reading and this itself accounts for only a fraction of the vast scholarly output on the prophets whether since 1875 or since 1975 It will be apparent at several places in the volume that I take with great seriousness the study of Near Eastern non Israelite prophecy as background to the Israelite phenomenon so that the first short section The Near Eastern Background was unavoidable Editor's preface
