

# Rainbow Guided Meditation

By Kelsey Torgerson Dunn, MSW, LCSW  
Compassionate Counseling St. Louis

## Walkthrough:

Start off lying flat on your back. Gently close your eyes.

Take three deep breaths, in through your nose... and out through your mouth. Two more, in... and out. Last one, slowly in... and out.

I want you to imagine in your head that you're floating on a cloud. Imagine how nice, warm, and fluffy the cloud feels supporting your body.

Imagine that cloud taking you up, up, up in the sky until you find a rainbow. You feel safe and warm on that cloud. Imagine that rainbow slowly floating around you, and as each color travels over your body, your muscles feel nice and warm and relaxed.

## Red

First, imagine that red color floating in front of you, and then traveling over your head, your neck, your shoulders, and down your arms, letting all of those muscles feel warm and relaxed.

That red travels into your heart, warming it up, and then down to your belly, the fronts of your legs, the backs of your legs, all the way down to your toes. Take a big breath in... and a big breath out. Feel that nice, warm red relaxing all of your muscles.

## Orange

Next, imagine that orange color, traveling over your head, your neck, your shoulders, and down your arms. That orange travels into your heart, and your belly, your legs, all the way down to your toes, making your whole body feel relaxed. Take a big breath in... and a big breath out. Feel that nice, warm orange relaxing all of your muscles.

### **Practical Ideas for Teaching Writing as a Process**

Carol B. Olson, 1996-02 Contains a collection of specific classroom strategies suggestions for teaching writing to elementary school students according to an eight stage process  
Specific techniques for teaching each stage of the writing process  
descriptions of proven approaches for using these techniques are also included  
A wonderful resource a labor of love from a large talented group of educators  
Had its beginnings in the California Writing Project at the Univ of California Irvine  
Best Seller Illustrated

**Real-Life Rules** Mariah Bruehl, 2018-09-04 Raise happy confident and resilient children engaging activities that explore the life lessons that make for a well rounded upbringing  
As our children journey into adolescence their social worlds begin to expand  
While we can't protect them from what other people say or do or paint them a picture of a perfect world we can teach them how to handle themselves and difficult situations from the inside out  
Teens and tweens crave more autonomy but they need guidance more than ever  
By equipping children with a variety of methods for dealing with different scenarios we can give them the tools they need to navigate through life  
This book offers insights practical advice and concrete activities that will serve children well as they begin to find their way independently in the world while at the same time helping parents to provide them with scaffolding to be safe happy and successful  
With chapters that focus on cultivating positive qualities such as gratitude courage integrity and generosity understanding health and nutrition mastering simple etiquette connecting with others resolving conflict and empathy exploring fiscal responsibility best practices for social media and navigating the digital world and more  
Through hands on projects vivid graphic printables and interactive activities  
**Real Life Rules** brings the whole family to the table offering opportunities to explore discuss and experience both the concrete and abstract concepts that are critical for living a meaningful thoughtful life

### **Imagery, Ritual, and Birth**

Anna M. Hennessey, 2018-12-11 Every human being is born and has gone through a process of birth  
Yet the topic of birth remains deeply underrepresented in the humanities overshadowed by a scholarly focus on death  
This book explores how imagery is used ritualistically in religious secular and nonreligious ways during birth through analysis of a wide variety of art iconography poetry and material culture  
Objects central to the book's study include religious figurines paintings about birth

and other items representative of pregnancy crowning or giving birth that have an historical or original meaning connected to religion Contemporary artists are also creating new art in which they represent birth and mothering as nonreligious events that are sacred or divine Framed through the concept of social ontology which examines the nature of the social world and studies how people create meaning out of the various objects images and processes that make up human social life the book theorizes a social ontology of birth focusing on how the meaning of imagery undergoes metamorphosis between the spheres of religion secularity nonreligion and the sacred when used during birth as a rite of passage Included in the study are more than thirty images of birth some of which have never been written about before Best Holistic Life Magazine March Issue
