A Lorton Prison Project Carolyn Williams, 2018-05-15 This story captures the insight of a bright intuitively smart young man who grew up in the low income housing projects of Southeast Washington DC our nations capital city His name was Jimmy Black Blango better known as JB He lived in the Barry Farms Housing projects at the height of a glorified drug market in the midst of a culture of the celebrated thug life gang violence and mob style crime Aside from all that it was a known fact that gangbangers pledged allegiance to serving time in jail Even JB got caught up in a clean sweep operation on the streets of Washington DC and was sent down to Lorton to serve his time From there his status on the streets of Washington DC was upgraded to include street credits i e the status of lieutenant for serving a stench at what was once called the most notorious prison on the east coast the Lorton Correctional Complex Now that the prison was mandated by federal law to shut down the criminal element on the outside decided to bring their drug enterprise on the inside This was an effort to establish networks that reached beyond the district and extended to all points targeted south Yet due to the pending closure of the Lorton Complex and the greed among thieves backstabbing gangbangers cold blooded killers malicious cutthroat staffers and others caused the whole scam to blow up At the end of the day a nefarious culmination of unsavory conduct caused many elements of the Lorton Complex to suffer its unfortunate demise Cover Letters that Blow Doors Open Anne McKinney, 1999

Designed as the comprehensive guide to cover letter preparation the 272 page book shows examples of exciting and door opening cover letters The main section of the book shows cover letters by field and industry For example job hunters in the accounting field will find examples of cover letters used to blow doors open in the accounting banking and financial community From aviation to computer operations to management to sales to transportation cover letters tailored to specific fields are illustrated which can be used as models or templates for those involved in a job hunt But what if a job hunter is changing careers or doesn't need a cover letter targeting a specific field or functional area There's a section showing examples of all purpose cover letters career change cover letters cover letters for entrepreneurs and cover letters for those seeking their first job For those seeking advice on how to respond to ads how to handle questions about salary requirements how to request consideration for multiple job openings in the organization and how to write letters for special situations there's a section entitled Sixteen Commonly Asked Questions About Cover Letters and Job Hunting Federal Probation, 1987 **Hearings** United States. Congress. Senate, 1958 *Offender Care and Support by Families in Contemporary*

Japan Mari Kita, 2023-09-01 Because people's contact with the criminal justice system comes in different shapes and forms scholars are now broadening their analytical scope and examining the overall repercussions of criminal justice contact on families of offenders Compared to Western societies Japan is known for its lower crime rates and more pronounced use of informal social control Thus it offers a useful research site for examining how families in a low crime society experience criminal justice contact and how they function as an integral part of the nation's crime control mechanism This book

considers the role of the family in the lives of offenders and the criminal justice system in Japan Looking particularly at gender and patriarchal power relations it reveals how cultural notions of femininity prompt the criminal justice system to rely on women as its proxy This book explores how families of offenders often step in to fill the voids left by criminal justice institutions and social services to provide offenders with all inclusive care The burden of supervising and rehabilitating offenders on top of the expectation to atone for the crimes also renders families ambivalent and ashamed Whereas the state and criminal justice authorities tend to see offenders families as a crucial resource for prisoner reentry this book highlights the necessity for addressing families needs before automatically assuming their support It also pushes the boundaries of feminist criminology by showing how women can be affected by male criminality and male dominated criminal justice institutions other than as victims and offenders An accessible and compelling read this book will appeal to students and scholars of criminology sociology gender studies Japanese culture and all those interested in learning more about the criminal justice system in Japan
