

Prewriting for the Process Analysis Essay

Whoever said life was going to be easy, the sooner everyone learns that the better off they will be. Life in itself is very stressful, but when you throw in being a wife, mother, student and employee it's almost too much to bear. In order to deal with everything I must do I have a calendar with everything on it and how much time needs to be spent. Now, where should I begin? I'm a wife and therefore I must make sure my husband has clean work clothes and food for work. We all know how men don't like to do their own laundry or cook.

At least my husband doesn't like to. Don't get me started on trying to keep my house clean with him and my animals, it's like a tornado hits this place just about every other day. Dirty dishes, clothes, cat toys, food, cat litter anything you can just about think of. I also feed and clean up after the animals; I have five cats inside, two chameleons, and a cat outside. I must wake up every morning at 7 AM to feed them. I'm their mother now so they all depend on me. If all that is not enough I must also work for a living.

I clean a local movie theater in my town. I'll tell you right now, if everything I deal with at home isn't stressful enough when I get to work and walk through those doors the stress slaps me in the face. I just don't understand how people can be so nasty. The restrooms are another story, they are so gross. I have never realized how dirty and inconsiderate people really are and that makes my life stressful when I have to pick up after all them. With all that being said I how could I possibly find any time to do my school work but I always seem to do it.

It's very hard to do daily things then try and set down to do homework, especially the section I'm doing now with writing. I get so stressed out because I get very aggravated when I try and write because I'm not good at it. It seems to take me forever to get it done and that makes me just want to throw the pen and paper down and quit. But I seem to figure out a way to get it done and not go insane in the process. I'm not totally sure if there is a solid way to cope with stress but there are many ways to try and manage it.

When life seems to get too stressful or even out of control I will go outside and walk around while taking in fresh air to try and clear my head. I have picked up a nasty little habit a long time ago, I know it's not good and I need to quit but it's hard and it seems to really help in stressful times and of course this is none other than smoking. I guess it's really just a matter of what kind of stress and how bad it is. Sometimes I turn everything off and turn on the radio and just lie on the bed and listen to the music.

Sometimes if it's just bad enough I will end up crying and yes it sounds like a child but it seems to unleash the stress and wash it away as if its water in a bath tub when the plug gets taken out. Regardless of the situation I pull myself together
