Professional Windows Development Guide:

Pro Windows Phone App Development Rob Cameron, 2012-01-26 The Windows Phone 7 platform now recently updated provides a remarkable opportunity for Windows developers to create state of the art mobile applications using their existing skills and a familiar toolset Pro Windows Phone 7 Development Second Edition helps you unlock the potential of this platform and create dazzling visually rich and highly functional applications for the Windows Phone Marketplace including using new features like copy and paste and API improvements in the Nod0 and Mango update waves For developers new to the Windows Phone platform whether NET iPhone or Android developers this book starts by introducing the features and specifications of the Windows Phone series and then leads you through the complete application development process You ll learn how to use Microsoft technologies like Silverlight NET the XNA Framework Visual Studio and Expression Blend effectively how to take advantage of the device s sensors with the location service accelerometer and touch how to make your apps location aware using GPS data how to utilize the rich media capabilities of the Windows Phone series and much more Finally you ll receive a full tutorial on how to publish and sell your application through the Windows Phone Marketplace And in this second edition learn quickly and easily how to take advantage of new API capabilities and HTML5 support right in your browser

Pro Windows Phone 7 Development Rob Cameron, 2011-08-04 The Windows Phone 7 platform provides a remarkable opportunity for Windows developers to create state of the art mobile applications using their existing skills and a familiar toolset For iOS and Android developers this book provides the right level of content to help developers rapidly come up to speed on Windows Phone Pro Windows Phone 7 Development will help you unlock the potential of this platform and create dazzling visually rich and highly functional applications for the Windows Phone Marketplace For developers new to the Windows Phone 7 platform whether NET iPhone or Android developers this book starts by introducing you to the features and specifications of the Windows Phone series and then leads you through the complete application development process You ll learn how to use Microsoft technologies like Silverlight NET the XNA Framework Visual Studio and Expression Blend effectively how to take advantage of the available sensors such as the location service accelerometer and touch make your apps location aware using GPS data utilize the rich media capabilities of the Windows Phone series and much more Finally you ll receive a full tutorial on how to publish and sell your application through the Windows Phone Marketplace

Microsoft HoloLens Developer's Guide Dennis Vroegop, 2017-07-21 Transform the ways you communicate create collaborate and explore using Microsoft HoloLens About This Book Create immersive augmented reality apps for Microsoft HoloLens from scratch Leverage the powerful HoloLens sensors to interact with real world motions and gestures and make your app life like Explore the powerful Unity 5 SDK along with the Windows Unified platform to get the most out of your HoloLens app Who This Book Is For If you are a developer who wants to create augmented reality apps for the Microsoft HoloLens platform then this is the book for you Coding experience with C is assumed What You Will Learn Design an app for

HoloLens that is feasible and attractive to use Add gestures and interact with them Create sounds in the app and place them in a 3D space Use voice generation and voice recognition to make your apps more lifelike Interact with the physical environment to place holograms on top of physical objects Compare HoloLens with the other products and know how to use its strengths Use assets from third parties to enrich our app In Detail HoloLens Microsoft's innovative augmented reality headset overlays holograms into a user's vision of their environment Your ideas are closer to becoming real when you can create and work with holograms in relation to the world around you If you are dreaming beyond virtual worlds beyond screens beyond pixels and want to take a big leap in the world of augmented reality then this is the book you want Starting off with brainstorming and the design process you will take your first steps in creating your application for HoloLens You will learn to add gestures and write an app that responds to verbal commands before gradually moving on creating sounds in the app and placing them in a 3D space You will then communicate between devices in the boundaries of the UWP model Style and approach This book takes a step by step practical tutorial style approach where you will dive deep into HoloLens app development You will work with the API and write your own complex scripts that would interact with the powerful HoloLens sensors and with realistic examples you will be able to create immersive 3D apps for HoloLens

FileMaker Pro 6

Developer's Guide to XML/XSL Beverly Voth,2003 Annotation This book is designed to teach the FileMaker Pro developer about XML and XSL

Guide to Securing Microsoft Windows XP Systems for IT Professionals: A NIST Security

Configuration Checklist Karen Scarfone,2009-08 When an IT security configuration checklist e.g hardening or lockdown guide is applied to a system in combination with trained system administrators and a sound and effective security program a substantial reduction in vulnerability exposure can be achieved This guide will assist personnel responsible for the administration and security of Windows XP systems It contains information that can be used to secure local Windows XP workstations mobile computers and telecommuter systems more effectively in a variety of environments including small office home office and managed enterprise environments The guidance should only be applied throughout an enterprise by trained and experienced system administrators Illustrations

Pro SharePoint 2010 Development for Office 365 Dave

Milner,Bart McDonough,Paul Stork,2012-12-31 It's no secret that cloud based computing is the next big movement in IT and Microsoft is right there in the market with Office 365 a cloud based productivity suite which includes a hosted cloud focused version of SharePoint 2010 SharePoint 2010 developers who have traditionally developed for on premise environments will suddenly find themselves being asked to develop for the cloud While there is a lot of overlap between cloud based and traditional SharePoint development there are also some important differences and considerations that must be taken into account as well In particular the proliferation of cloud based solutions was a driving force behind certain new features in SharePoint 2010 like sandboxed solutions and the new client object model As the devil is always in the details Pro SharePoint 2010 Development for Office 365 helps you navigate the changes and develop compelling applications and solutions for

SharePoint Online in Office 365 Authors Dave Milner Bart McDonough and Paul Stork bring to the table decades of experience in real world development of solutions for customers expertise that is the practical result of what works in real world customer environments This proven team will cover with you the architectural landscape that SharePoint in the cloud represents discuss the steps in setting up a development environment and cover multiple real world development approaches technologies and considerations

Biz Talk Server 2000 Developer's Guide Syngress,2002-03-06

The BizTalk 2000 Developer's Guide is written for developers who are responsible for installing configuring and deploying the BizTalk Server in their organizations IT infrastructure The opening chapters of the book discuss the benefits of seamless business to business application integration summarize the features and enhancements of BizTalk Server 2000 and offer an introduction to XML the driving force behind BizTalk The next chapters explore the multiple tools that are incorporated into BizTalk that will transform the way in which information is created transmitted and maintained in the server environment Other chapters include complete coverage of the security considerations for BizTalk and an examination of the various third party plug ins for enhancing BizTalk Server 2000 Contains a Wallet size CD with third party plug ins from leading developers and ready to use source code from the book Timely NET coverage BizTalk Server 2000 is an integral member of Microsoft's net Enterprise Server suite

Windows Developer's Guide to Application Design Jeffrey D. Clark,1993

This book specifically addresses application design issues It presents consistent guidelines to follow and shows how to reduce the amount of analysis required to design an application The author includes a comprehensive index written for different levels of readers The disk includes code for ANSI C ObjectWindows and Microsoft Foundation Class Library for each program

Professional Windows 7

Development Guide John Paul Mueller,2011-01-25 Demystify the move from Windows XP to Windows 7 Professional Windows 7 discusses all of the major new features in Windows 7 describes why the developer would want to use them investigates the user implications of these new features and then shows how to develop applications using them This book focuses on the practical which features does the developer need to know about immediately to gain the most value from Windows 7 The goal is to create a book that doesn't waste a lot of pages on fluff or features that the developer will never use The developer will be able to go to a particular chapter determine what a new technology requires to use and the use the sample application as a basis for moving applications to Windows 7 or to create new applications that use Windows 7 features Describes all the new user interface features and shows how to use them Demystifies the security features that Windows 7 provides Shows how to develop efficient applications that rely on 64 bit techniques and parallel processing Demonstrates the strength of Windows PowerShell and how to create applications for it

DBASE Compiler for DOS

Developer's Guide Pierre Lapointe,Zouhair Janbay,1994 From the source the know how and the tools needed to tap the power of the latest release of Borland's long awaited product dBASE Compiler for DOS Here is the inside story on how to use this optional add on to the dBASE package to create fast efficient royalty free applications that can be distributed

independently of the full dBASE software system

Security for Web Developers John Paul Mueller, 2015-11-10 As a web developer you may not want to spend time making your web app secure but it definitely comes with the territory This practical guide provides you with the latest information on how to thwart security threats at several levels including new areas such as microservices You'll learn how to help protect your app no matter where it runs from the latest smartphone to an older desktop and everything in between Author John Paul Mueller delivers specific advice as well as several security programming examples for developers with a good knowledge of CSS3 HTML5 and JavaScript In five separate sections this book shows you how to protect against viruses DDoS attacks security breaches and other nasty intrusions Create a security plan for your organization that takes the latest devices and user needs into account Develop secure interfaces and safely incorporate third party code from libraries APIs and microservices Use sandboxing techniques in house and third party testing techniques and learn to think like a hacker Implement a maintenance cycle by determining when and how to update your application software Learn techniques for efficiently tracking security threats as well as training requirements that your organization can use

The Microsoft Windows 95 Developer's Guide Stefano Maruzzi, 1996 Today's PC users are looking for powerful easy to use GUI applications that are fast reliable and loaded with features This book gives a great deal of attention to the user interface rules introduced by Windows 95 and the object oriented interface The CD ROM contains sample codes including the executable file allowing readers to test all the samples

Security + Study Guide and DVD

Training System Syngress, 2003-01-30 Why has CompTIA the high profile Computer Technology Industry Association behind the wildly popular A and Network certifications targeted security for its latest credential Thanks to soaring e business initiatives and worldwide Internet connectivity recent survey stats from the Computer Security Institute CSI show we need more network security specialists fast Boasting a one of a kind integration of text DVD quality instructor led training and Web based exam simulation and remediation Security Study Guide DVD Training System gives students 100% coverage of official CompTIA Security exam objectives plus realistic test prep Security is sure to become an instant industry standard Leading cert industry publications and Web portals forecast the rapid rise of security certifications in 2003 and CompTIA's growth curve of A and Network technicians suggests that Security certified engineers could easily number 100 000 by the end of next year The first Security study resource to market Security Study Guide DVD Training System bundles all 3 of these teaching technologies to give Security candidates the edge they need to pass this career boosting new exam and achieve certification on their very first try Syngress has become a leader in IT certification blending innovative teaching methodologies with such groundbreaking tools as exam simulators instructor led DVDs and integrated Web based support

SSCP Systems Security Certified Practitioner Study Guide and DVD Training System Syngress, 2003-03-25 The SSCP Study Guide and DVD Training System is a unique and comprehensive combination of text DVD quality instructor led training and Web based exam simulation and remediation These components will give the student 100% coverage of all ISC 2

official exam objectives and realistic exam simulation The SSCP Study Guide and DVD Training System consists of 1 SSCP Study Guide The 1 000 000 readers who have read previous Syngress Study Guides will find many familiar features in the Study Guide along with many new enhancements including Exercises There will be frequent use of step by step exercises with many screen captures and line drawings Exercises will be presented in sidebar like style and will run 1 to 2 pages Anatomy of a Question Question types will be diagrammed and analyzed to give readers access to the theory behind the questions themselves Teacher's Pet These will be written from the instructor's perspective and will provide insight into the teaching methodologies applied to certain objectives that will give readers the 2 000 worth of training in a 60 book feel These will be presented in sidebar like style and will run about 1 page Objectives Fast Track End of chapter element containing each A head from the chapter and succinct bullet points reviewing most important information from each section same as current Solutions Fast Track FAQs End of Chapter Frequently Asked Questions on objective content These are not exam preparation questions same as our current FAQ Test What You Learned End of chapter exam preparation questions which are in the format of the real exam 2 SSCP DVD The DVD will contain 1 hour of instructor led training covering the most difficult to comprehend topics on the exam The instructor's presentation will also include on screen configurations and networking schematics SSCP from solutions syngress com The accompanying Web site will provide students with realistic exam simulations software The exam will emulate the content and the look and feel of the real exam Students will be able to grade their performance on the Web based exam and automatically link to the accompanying e book for further review of difficult concepts 2 000 worth of training in a 60 book DVD and Web enhanced training system Consumers of this product will receive an unprecedented value Instructor led training for similar certifications averages 2 000 per class and retail DVD training products are priced from 69 to 129 Consumers are accustomed to paying 20% to 100% more than the cost of this training system for only the DVD Changes to the CISSP Certification pre requisites will result in an increase in the popularity of the SSCP certification Recently the ISC 2 increased the work experience requirement of the CISSP certification to four years from three years This increase will result into current candidates for the CISSP to shift to the SSCP certification as the verifiable field requirement is only one year Syngress well positioned in wide open playing field The landscape of certification publishing has changed dramatically over the past month with Coriolis ceasing operations Hungry Minds facing an uncertain future after their acquisition by John Wiley Sons and Syngress ending its long term relationship with Osborne McGraw Hill in pursuit of publishing Study Guides independently We are confident that Syngress long history of best selling Study Guides will continue in this new era

Pro Windows PowerShell Hristo Deshev, 2008-04-06 Windows power users have always envied their friends running UNIX machines for the ease of automation that they enjoy The traditional Windows command line shell cmd.exe has never been up to par with shells like bash or tcsh especially when it comes to text processing and process automation Windows PowerShell changes all that This next generation shell is also a full blown scripting

environment with a real programming language that allows users to access every part of their operating system Files registry entries and COM and NET objects are all supported by PowerShell which makes manipulating them a breeze Pro Windows PowerShell will show you how to use all this power in your own work You ll discover the object oriented features of the shell and how they help in extracting and manipulating data You ll then learn how to use those features to solve real world problems manipulating files working with text monitoring systems and performing operations over the network The book serves as not only a tutorial but also a reference the Real World part is structured so that it can be read nonlinearly and used as a reference or a cookbook And you ll find freely available tools and extensions that will help you do things even faster Pro Windows PowerShell is your best companion to the capabilities and power that PowerShell offers you

Domino System

Administration Rob Kirkland,2000 This book speaks to the professional administrator who must set up configure maintain and troubleshoot a multi tasked network environment Rob Kirkland attacks the technology at the professional level with practical hands on assistance to get Domino 5 running

Pro Visual Studio .NET Kunal Cheda,James Greenwood,Brian

Bischof,Rob Harrop,Colt Kwong,Jan Machacek,Jon Reid,William Sempf,Donald Xie,2013-11-08 Visual Studio is the only suitable environment for professional development of NET 1 1 and it is just about the only choice for developers in Microsoft technology It is a complex and feature rich vehicle mainly for C VB NET and web development and drawing out its full potential can be a challenge for novice and professional programmers alike Pro Visual Studio NET reveals and demystifies Visual Studio to enable programmers to do their job more quickly and with fewer errors The authors of this book are all well known in each field of NET development and offer their hands on experience of making the tool work in the real world They ll show you how to tweak this environment to get the very best out of it and you ll learn by seeing practical tasks put into and through Studio to get the best results

Professional Windows 7 Development Guide ,2011 *Designing Groundwater*

Models with Windows William C. Walton,1994-12-27 This book explains how to design a groundwater model using the accompanying customized DesignMod software DesignMod does not require a digitizer but instead uses the mouse and rich graphical features of the Windows environment It enables the user to draw and redraw easily and quickly cross sections and plan views with site base map information contour and zonation pattern overlays Discretization aggregation averaging and approximation guidelines for designing groundwater models with DesignMod are provided as a handy reference DesignMod also can be used to manipulate and view model database array files Many exercises with step by step program operation documentation are provided for beginning and intermediate modelers

Creating Interactive Websites with PHP and Web Services Eric Rosebrock,2006-07-14 Build Dynamic Websites with PHP and MySQL and Extend Those Sites with Web Services PHP and MySQL are great tools for building database driven websites There s nothing new about that What is new is the environment in which your site operates a world rich and growing richer in web services that can add value and functionality in many different ways Creating Interactive Web Sites with PHP and Web Services walks you through every step

of a major web project a content management system teaching you both the basic techniques and little known tricks you need to build successful web sites And you can use those skills to develop dynamic applications that will meet your special requirements Here s some of what you ll find covered inside Adding deleting and displaying data with a custom content management system Building a template system with PHP Interacting with web services using PHP and MySQL Creating and managing a user system and a shopping cart Processing credit card payments using merchant accounts and third party payment solutions Tracking site statistics using PHP and MySQL Enhancing your site with third party scripts Tons of examples complete with explanations and supported by online source code will speed your progress whether you re a true beginner or already have PHP experience This book is platform agnostic so it doesn t matter if you re deploying your site on Linux or Windows You also get PHP and MySQL references so you can quickly resolve questions about syntax and similar issues

If you ally dependence such a referred **Professional Windows Development Guide** books that will give you worth, acquire the no question best seller from us currently from several preferred authors. If you want to humorous books, lots of novels, tale, jokes, and more fictions collections are as a consequence launched, from best seller to one of the most current released.

You may not be perplexed to enjoy all books collections Professional Windows Development Guide that we will totally offer. It is not with reference to the costs. Its nearly what you need currently. This Professional Windows Development Guide, as one of the most on the go sellers here will agreed be among the best options to review.
