

RUE LA LA

1. **Identify the problem.** The first step is to identify the problem. In this case, the problem is that the company is not meeting its sales targets.

2. **Analyze the data.** The next step is to analyze the data. This involves looking at the sales data and identifying the areas where the company is falling short.

3. **Develop a plan.** Once the data has been analyzed, the next step is to develop a plan. This involves identifying the specific actions that need to be taken to improve sales.

4. **Implement the plan.** The final step is to implement the plan. This involves putting the plan into action and monitoring the results.
