Sam Snead Golf Begins At Forty:

Golf Begins at Forty Sam Snead, Dick Aultman, 1979 A new edition of a classic still considered one of the best books ever written for the older golfer looking to improve his or her game Sam Snead is one of the most remarkable athletes of this or any other era a man whose skills and competitive instincts seem to be immune to the ravages of time He is the perfect individual to explain how older golfers can get the most from their game In *Golf Begins At Forty* Snead advocates improving the strengths one already has rather than trying to make radical changes in swing or overall technique Using stories from his career to emphasize his points Snead picks out specific problem areas such as tension attitude loss of distance reduced flexibility and fatigue that are affected by age and demonstrates how to deal with them providing new approaches for experienced players who think they have nothing more to learn It is never too early to start developing certain swing habits and certain attitudes toward the game that will offset the problems to come and it s much easier to start to adjust at forty five than it is at fifty five This book offers simple and straightforward cures but it also tells the older player how to better utilize those advantages he or she may have over the younger golfer such as additional experience and perhaps additional time to play and practice Each chapter begins with a wise and insightful anecdote from Snead s long career which makes it not only more fun to read but also easier to understand and remember The text is complemented throughout with drawings by one of the world s leading golf illustrators James McQueen

Golfer's Start-Up Doug Werner, 2010 Aimed at those looking for a concise introduction to the popular game this handbook is ideal for beginning golfers Emphasizing the fun side of the sport in both learning and playing this reference covers getting started equipment tips and official rules and concludes with a firsthand account of learning the game a historical overview and a glossary of terms Illustrating the basics of the sport with a striking array of photographs this updated edition evaluates the ins and outs of golfing with flair

As Hogan Said... Randy Voorhees, 2001-05-24 Hit the ball up to the hole You meet a better class of person there Ben Hogan No one knows exactly when the first golf quotation was spoken nonetheless we can be very sure it was unprintable The game is a source of endless study endless fascination and endless frustration which has led to an endless pursuit of wisdom about how to play it better In the game s 500 years of history it has drawn the attention of kings and commoners pros and con men stylists and butchers bag toters and sandbaggers All have had something to say about the game its implements or the impossibility of ever plumbing its inner depths Randy Voorhees has taken on the daunting task of choosing the best most helpful and most entertaining quotations about the game of golf From Penick to Trevino from Mackenzie and Wodehouse to Updike and McLean all the greats of the game are here with thoughts that will enlighten entertain and ensure lower scores So read skim dip and savor

The Mad Science of Golf Philip Moore, 2007-11-29 The Mad Science of Golf is a one of a kind book that explains how golfers have been permanently sidetracked by the high tech hype of the golf industry Through a series of questions and answers the book will literally reprogram your thinking and give you an entirely new perspective on golf the

golf industry and the process of improvement The book clearly answers the questions that golfers should have been asking a long time ago On Golf Clubs Can anything else that really matters be done to a golf club Are golf clubs REALLY getting better every year What kind of golf clubs do you REALLY need On The Golf Swing If swing mechanics are so important why do the best players in the world all swing differently Why does your golf swing keep changing How come no matter how many lessons you take you always need more On Playing Better Golf What s the secret to scoring lower How come some aspects of your game seem to never improve What s the ONLY way to achieve day to day consistency The Mad Science of Golf is certainly not your typical how to golf book It will forever change your perception of golf equipment the golf swing and how to play better golf It should be in every golfer s library **Firsts, Facts, Feats, & Failures in the World of Golf** Ken

Janke,2006-12-15 For the golf enthusiast who has heard it all Firsts Facts Feats and Failures in the World of Golf offers a refreshingly hilarious and enlightening compilation of stories from Ken Janke one of golf s most colorful historians From the early days of the game to today s golf legends this book includes the greats and almost greats the winners and losers the true and not so true **How to Learn Golf** Harry Hurt III,2010-05-11 Talk to any and all golfers be they Tour professionals or

once a month country clubbers and you ll hear that they want to improve their game in some way But up until now most expert books on golf instruction have focused only on the approach advocated by a particular teaching pro or famous player the authors usually talk about the golf swing or the putting stroke as if there is only one way to do it their way With How to Learn Golf the first comprehensive guide to contemporary golf instruction Harry Hurt III will help you become a better golfer by identifying what type of player you really are and which of the several leading methods are right for you and your golfing goals Based on Hurt s sessions with all of America s top ten instructors this book helps you choose between the two main types of golf instruction available error correction which offers a quick fix for a specific swing flaw and swing development where the focus is on building the swing from top to bottom Hurt provides illuminating detail on the most effective approaches to improving each aspect of your golf game putting the full swing the short game and the all important mental game Hurt also includes a biographical listing of the best golf instructors nationwide and where their expertise lies so you can determine who may be best suited to your needs And if you ve never sought an instructor before or you ve had problems communicating with yours there are two handy worksheets eighteen questions you should ask your teaching pro and eighteen questions your pro should ask you From beginners and high handicappers to scratch players and Tiger Woods wannabes golfers of all skill levels looking to take the next step to improving their games need only look to How to Learn Golf
