Hayes, 2025-05-13 An unprecedented breakdown of the NYPD's powerful network of police unions, pro police lawyers and top brass who work relentlessly to shield police officers from any real accountability. For readers of long form hard hitting journalistic exposés like *We Own This City* a compelling look at how we do and don't hold police responsible in America by an award winning progressive reporter covering the NYPD police beat. In 2018 reporter Michael Hayes uncovered a major story about how the NYPD was not only turning a blind eye to police misconduct but also allowing hundreds of officers with severe misconduct charges to remain on the force. In the aftermath of that story then Mayor Bill de Blasio attempted to reform the department only to abandon his plans. While de Blasio may have suffered a political setback it's New Yorkers who are the true victims of this failure to deliver accountability and transparency. The state has a law that specifically prevents the public from learning about concealed police records. New Yorkers are increasingly distrustful of the police after witnessing their loved ones being targeted, brutalized and murdered with near impunity. Hayes takes readers inside decades of police corruption and controversial laws chronicling the stories of the families and activists who have had enough. He makes a compelling case for the limits of reform in the aftermath of the major Black Lives Matter rallies following the murder of George Floyd and growing calls to defund the police. [Drone Law and Policy](#) Anthony A. Tarr, Julie-Anne Tarr, Maurice Thompson, Jeffrey Ellis, 2021-08-11 *Drone Law and Policy* describes the drone industry and its evolution describing the benefits and risks of its exponential growth. It outlines the current and proposed regulatory framework in Australia, the United States, the United Kingdom and Europe taking into consideration the current and evolving technological and insurance landscape. This book makes recommendations as to additional regulatory and insurance initiatives which the authors believe are necessary to achieve an effective balance between the various competing interests. The 23 chapters are written by global specialists on crucial topics such as terrorism and security, airport and aircraft safety, maritime deployment, cyber risks, regulatory oversight, licensing, standards and insurance. This book will provide authoritative reference and expert guidance for regulators and government agencies, legal practitioners, insurance companies and brokers globally as well as for major organisations utilising drones in industrial applications. **Wage and Hour Cases**, 2005 Text of opinions of Federal and State Courts and administrative tribunals under statutes relating to minimum wages, maximum hours, overtime compensation, child labor, equal pay, wage stabilization with tables of cases. **Annual Review of Information Science and Technology** Blaise Cronin, 2004 ARIST published annually since 1966 is a landmark publication within the information science community. It surveys the landscape of information science and technology providing an analytical, authoritative and accessible overview of recent trends and significant developments. The range of topics varies considerably reflecting the dynamism of the discipline and the diversity of theoretical and applied perspectives. While ARIST continues to cover key topics associated with classical information science e.g. bibliometrics, information retrieval, editor Blaise Cronin is selectively expanding its footprint in an effort to connect information science more tightly with cognate academic and professional

communities *The ^APragmatist* Joseph P. Viteritti, 2017-08-03 The two main characters of Joseph P Viteritti's *The Pragmatist* Bill de Blasio and New York City itself are used to tell the story of the rise fall and rebirth of progressivism in America's major urban center and in the process introduce us to the contributions and distractions of every mayor since La Guardia demonstrating that the road to progress was never a direct journey
