The Sociolinguistics of Written Identity John S. Schmit, 2022-09-15 This book examines the ways in which a writer's presentation of self can achieve or impede access to power Conversations about written voice and style have traditionally revolved around the aesthetics of stylistic choice These choices while they help establish a writer's presence in a text too often ignore the needs of written identity as it crosses genres disciplines and rhetorical purposes In contrast to stylistic investigations of a writer's voice and its various components diction detail imagery syntax and tone for example this book focuses on language variation and the linguistic features of a writer's presence in a text as well as the establishment of a writer's social cultural and personal identity in a given text The author attempts to explain the methods by which writers present themselves to their audiences This book will be of particular interest to students and teachers of rhetoric and composition studies as well as writers more broadly

Stories That Serve Ed Moll, 2022-08-31 Stories are a powerful tool in the hands of a preacher Used poorly they can become the central focus of a sermon usurping the rightful place of God's word as teacher and guide Used well they support the cause of truth bringing the word of God to life with fresh clarity relevance and power This concise book serves as an excellent introduction to the role of storytelling in expository preaching Ed Moll a seasoned preacher and preaching trainer offers readers a comprehensive guide to the types of stories that can support biblical teaching from simple images and metaphors to full fledged narratives illustrating how each type can best aid the preacher in teaching the word of God An excellent resource for both experienced preachers seeking to grow their skill and new preachers just starting out on their journey this book provides practical exercises to put learning into practice and includes reading lists for those wanting to dive deeper into the topics raised

Narratives of TESOL Professionals Hayriye Kayi-Aydar, Angel Steadman, Kate Shea, 2023-09-01 Through insiders perspectives and narratives this edited collection provides insight into the lived experiences of recent graduates of various English Applied Linguistics and or TESOL doctoral programs in North America The authors document how their personal and professional identities intersected during their doctoral studies and how these doctoral programs as learning environments supported them in their professional development and dissertation research As such their insider perspectives and narratives are of special value to those contemplating pursuing such a program or are in progress towards their own degree as well as the faculty members who advise and support these doctoral students Chapters focus on topics immediately relevant to success and persistence in a doctoral program such as developing a network of mentors establishing a work life balance and

professional socialization among others All authors are recent graduates of their programs who have been intentionally selected for their recent memories in navigating the process At a time when doctoral program persistence declines at the intersection of students gender and racial background see Okahana Zhou 2019 there is a pressing need to share the insights and lived experiences of those less commonly featured in narratives of the successful doctoral scholar This need is especially true among TESOL professionals who will teach and learn in diverse global settings throughout their careers following their graduation This book contributes to that need and it is an essential resource for scholars in TESOL English Applied Linguistics and other similar doctoral programs **The SAGE Handbook of Fieldwork** Dick Hobbs, Richard

Wright, 2006-01-05 This is an excellent collection of papers which celebrates the best of traditional approaches to fieldwork whilst also looking to its future The Handbook will quickly become essential reading for the novice and experienced fieldworker across many of the social sciences Chris Pole University of Leicester Fieldwork is widely practiced but little written about yet accounts of the exotic mundane complex and often dangerous are central to not only sociology and anthropology but also geography social psychology and criminology In all these increasingly overlapping fields experience underlies any comprehensive understanding of social life The SAGE Handbook of Fieldwork presents the first major overview of this method in all its variety introducing the reader to the strengths weaknesses and real world applications of fieldwork techniques Its 22 carefully chosen chapters are each based on a substantive field of empirical enquiry written by an acknowledged expert in the field The range is impressive from the traditional to the virtual concerning subjects as diverse as emotion sexuality sport embodiment identity self narrative fieldwork in organizations science and technology Specifically intended for use in undergraduate and postgraduate courses in qualitative research design and methodology in sociology anthropology criminology urban studies social geography public health and education the handbook will also prove beneficial to academic researchers in these and other disciplines Music and Displacement Erik Levi, Florian Scheding, 2010-03-25 The grand narratives of European music history are informed by the dichotomy of placements and displacements Yet musicology has thus far largely ignored the phenomenon of displacement and underestimated its significance for musical landscapes and music history Music and Displacement Diasporas Mobilities and Dislocations in Europe and Beyond constitutes a pioneering volume that aims to fill this gap as it explores the interactions between music and displacement in theoretical and practical terms Contributions by distinguished international scholars address the theme through a wide range of case studies incorporating art popular folk and jazz music and interacting with areas such as gender and post colonial studies critical theory migration and diaspora The book is structured in three stages silence acculturation and theory that move from silence to sound and from displacement to placement The range of subject matter within these sections is deliberately hybrid and mirrors the eclectic nature of displacement itself with case studies exploring Nazi Anti Semitism in musical displacement musical life in the Jewish community of Palestine Mahler Jewishness and Jazz the Irish Diaspora in

England and German Exile studies among others Featuring articles from such scholars as Ruth F Davis Sean Campbell Jim Samson Sydney Hutchinson and Europea series co editor Philip V Bohlman the volume exerts an appeal reaching beyond music and musicology to embrace all areas in the humanities concerned with notions of displacement migration and diaspora

How Our Lives Become Stories Paul John Eakin, 2019-06-30 The popularity of such books as Frank McCourt's *Angela's Ashes* Mary Karr's *The Liars Club* and Kathryn Harrison's controversial *The Kiss* has led columnists to call ours the age of memoir And while some critics have derided the explosion of memoir as exhibitionistic and self aggrandizing literary theorists are now beginning to look seriously at this profusion of autobiographical literature Informed by literary scientific and experiential concerns *How Our Lives Become Stories* enhances knowledge of the complex forces that shape identity and confronts the equally complex problems that arise when we write about who we think we are Using life writings as examples including works by Christa Wolf Art Spiegelman Oliver Sacks Henry Louis Gates Melanie Thernstrom and Philip Roth Paul John Eakin draws on the latest research in neurology cognitive science memory studies developmental psychology and related fields to rethink the very nature of self representation After showing how the experience of living in one's body shapes one's identity he explores relational and narrative modes of being emphasizing social sources of identity and demonstrating that the self and the story of the self are constantly evolving in relation to others Eakin concludes by engaging the ethical issues raised by the conflict between the authorial impulse to life writing and a traditional privacy based ethics that such writings often violate

offering explanations of perception's phenomenal character and its epistemic and semantic role. However, it has also been criticised for a lack of empirical grounding. In this outstanding collection, an international team of contributors examine relationalism and consider its role in philosophy of mind and perception across four key areas: The significance of empirical evidence to the theory of relationalism; Dependence of experience on the subject's internal makeup; Hallucinations and the unity of perceptual experience; Relationalism and empirical knowledge. The *Relational View of Perception* New Philosophical Essays will be of great interest to advanced students and scholars in philosophy of mind.
