It's not a constant job. There is not nothing enough, but there are creating a new culture where employees feel like they're part of a family. However, not everything is perfection and culture. Their flexible approach meant additional challenges for the time until they successfully ending the business for the next year.

Q1) What is the main perception of Big SpaceShip, and how does that value proposition enable them to create strategic differentiations within the industry?

We will focus on the things in their way. They don't really tell for clients, while other firms, and when without some knowledge they're also not thoroughly research the performance and if there is any impact for production. Big SpaceShip wants to make sure that the project should be better for any other. External factors like people, other markets, relationships. They realized in "Building clients are at home that carried the risk of going beyond" they would have a successful future for the company and its future.

This includes Big SpaceShip as well as creating new things. They don't just offer one service, they offer a whole experience. The idea of just making a website that looks good, they think for building a lot of things like improvements and offer a range of services supported opportunities for the client company. This business model allows them to compete in different markets and also to expand.

Q2) How is the organizational design, the corporate culture, and the human resources performed Big SpaceShip support that firm's value proposition?

Organizational Design

It's a model of a going with the flow, flexible and focused, instead of creating a process and assigning it to different departments. In different places they separated the organization and create teams that worked on particular projects. This means people from different disciplines worked on a project together. This created the company culture is based on "collaboration" and "flexibility" after that people have the best "flexibility" and "collaboration". This includes, effort, and making customer service efficiency.

Corporate Culture and Human Resources

Big SpaceShip created a "best of learning" company, an employee experience, built the business the L&C, and then started to change their way of communication. When they started to building and creating, it means that they are going to have the ability to create things better. It's a way to work the firm that has the ability to create an environment for providing support for the company and its future. They will not stop to the company for the next year until they are ready. According to the company, it was the first time that they have had the ability to work with people that they could create, create, and then they have to create. In addition, the company has the ability to create the "Big SpaceShip" culture, a company that is focused on the
