After Modernism Adam Guy, 2019-12-10 The nouveau roman and Writing in Britain After Modernism recovers a neglected literary history In the late 1950s news began to arrive in Britain of a group of French writers who were remaking the form of the novel In the work of Michel Butor Marguerite Duras Robert Pinget Alain Robbe Grillet Nathalie Sarraute and Claude Simon the hallmarks of novelistic writing discernible characters psychological depth linear chronology were discarded in favour of other aesthetic horizons Transposed to Britain s highly polarized literary culture the nouveau roman became a focal point for debates about the novel For some the nouveau roman represented an aberration and a pernicious turn against the humanistic values that the novel embodied For others it provided a route out of the stultifying conventionality and

conformism that had taken root in British letters On both sides one question persisted given the innovations of interwar modernism to what extent was the nouveau roman actually new This book begins by drawing on publishers archives and hitherto undocumented sources from a wide range of periodicals to show how the nouveau roman was mediated to the British public Of central importance here is the publisher Calder Boyars and its belief that the nouveau roman could be enjoyed by a mass public The book then moves onto literary responses in Britain to the nouveau roman focusing on questions of translation realism the end of empire and the writing of the project From the translations of Maria Jolas through to the hostile responses of the circle around C P Snow and onto the literary debts expressed in novels by Brian W Aldiss Christine Brooke Rose Eva Figes B S Johnson Alan Sheridan Muriel Spark and Denis Williams the nouveau roman is shown to be a central concern in the postwar British literary field *Rosamond Lehmann and Her Critics* Wendy Pollard,2017-11-28 This study of contemporary and later critical responses to the work of the novelist Rosamond Lehmann 1901 1990 offers an original approach to twentieth century literary history by foregrounding the cultural and commercial fields in which Lehmann s writing was situated Wendy Pollard examines the effect recent developments in literary theory and movements from modernism to feminism have had on Lehmann s literary reception She also considers the interpolation of a damning third category between te and popular culture namely middlebrow a widening gender divide in readership controversies within book reviewing changes in the publishing world and the introduction of popularist means of book marketing While considering the general privileging of male authors from the 1920s to the 1950s Lehmann s most prolific period Pollard argues that her novels have been unfairly subjected to specific forms of neglect and their exclusion from many academic comparative studies is due to a diversity of form and content that can also be considered their strength **Out Here Down Under** E.
