Lismore Robert Hay, 2009-05-31 This island of Lismore boasts a remarkably rich heritage both in terms of historic monuments and of an unbroken tradition of Gaelic culture From their first sight of Tirefour Broch dominating approaches from the mainland visitors to the Isle of Lismore can

explore an outstanding heritage of monuments to the past Bronze Age cairns medieval castles the Cathedral of Argyll carved graveslabs deserted townships and watermills not to mention a Stevenson lighthouse Because of its strategic position at the mouth of the Great Glen and its fertility the island played an important part in the prehistory and early history of the West Highlands and Islands In this book Robert Hay tells the story of Lismore from earliest times to the present day providing fascinating insights into the island s history as well as that of the whole area Monsters of Film, Fiction, and Fable Lisa Wenger Bro, Mary Ann Gareis, Crystal O'Leary-Davidson, 2018-07-27 Monsters are a part of every society and ours is no exception They are deeply embedded in our history our mythos and our culture However treating them as simply a facet of children s stories or escapist entertainment belittles their importance When examined closely we see that monsters have always represented the things we fear that which is different which we can t understand which is dangerous which is Other But in many ways monsters also represent our growing awareness of ourselves and our changing place in a continually shrinking world Contemporary portrayals of the monstrous often have less to do with what we fear in others than with what we fear about ourselves what we fear we might be capable of The nineteen essays in this volume explore the place and function of the monstrous in a variety of media stories and novels like Baum s Oz books or Gibson s Neuromancer television series and feature films like The Walking Dead or Edward Scissorhands and myths and legends like Beowulf and The Loch Ness Monster in order to provide a closer understanding of not just who we are and who we have been but also who we believe we can be for better or worse The Globalization of God Dara Molloy, 2015-11-10 Roman Catholicism was the first multinational corporation Preaching was the forerunner of advertising Roman Catholicism created the template for the spread of commercial globalisation through multinational corporations For global Christianity to succeed all local expressions of Christianity had to be suppressed These included Celtic Christianity For 800 years the Roman church tried to break the independent spirit of Celtic Christianity Despite being defeated in 1014 at the Battle of Clontarf the Irish Vikings through their urban bishops were key actors in the imposition of Roman episcopal structures of church throughout Ireland in the 12th century There was an invasion of Norman monks to Ireland which began in 1142 twenty five years before the military invasion in 1167 The ecclesiastical colonisation of Ireland meant that a Roman episcopal and diocesan structure replaced the Celtic monastic structure Norman colonisers destroyed Celtic monasteries and replaced them with imported European religious orders Cistercian monasteries in Ireland were required to have French abbots and sometimes these were imposed by force no Irishman was allowed to become a bishop or attain any ecclesiastical high office St Malachy of Armagh betrayed his own Celtic heritage and was a key figure in bringing about the ecclesiastical colonisation of Ireland Monotheism is the mythical container for globalization Humans will fail to return to a sustainable way of living on this planet until the mythological container of monotheism is replaced by new bioregional spiritualities that go beyond both monotheism and polytheism **The Quest for King Arthur** James Frost, 2010-06-30 The debate over King Arthur is one of the oldest on

record But up until now all attempts to settle the debate have centred on interpretations of the documentation But documents as important as they are are not the only tools at our disposal History repeats itself One of the reasons it does this is that there are a surprisingly large number of things that can only happen one way Furthermore different societies do certain things in specific ways Once it is known how these things work then no documentation is necessary to explain what happened There is enough information to determine the basic political and military systems the Britons used It then becomes a matter of using this information to explain what is known of the course of the wars of this period to determine whether or not there is reason to believe that any such hero existed But the system has other uses as well Legends also work in specific ways This technique can also be used to trace the origin of many of the figures and events in the legends

Contemporary Paganism Graham Harvey, 2011-02-07 An introduction to modern Paganism and its roots and history The Pagan tradition celebrates the physical nature of life on earth blending science with spiritual folklore Considering the everyday world of food health sex work and leisure to be sacred Pagans oppose that which threatens life such as deforestation overdevelopment and nuclear power and invoke ancient deities in this struggle for the well being of the earth and its inhabitants Contemporary Paganism presents a broad based introduction to the main trends of contemporary Paganism revealing the origins and practical aspects of Druidry Witchcraft Goddess Spirituality and Magic Shamanism and Geomancy among others Making use of both traditional history and the movement's more imaginative sources Harvey reveals how Paganism and its central focus on individual and social lives is evolving and how this new religion perceives and relates to more traditional ones This updated and expanded new edition addresses recent developments among Pagans and includes a new chapter assessing continuing scholarly research about the religion

matters **Inspired Beauty** Silas C. Wolfe,2025-01-31 At the beginning of time the Aryan race was a beautiful race of beings from heaven that came to Earth and illuminated as sun gods upon the Earth Through the thousands of years here on Earth the Aryan descendants were men of great stature building and ruling over many great civilizations where many tribes idolized their gods for their supernatural abilities and told many great stories about them In Ancient Greece the Greeks revered the Olympian gods for their immortal powers as well as their beauty imitating them in many forms of poetry sculptures paintings architecture philosophy which brought forth the main philosophical theme during Westernization that beauty was defined by nature whatever appeared beautiful on the outside was considered morally good based on a person's outer appearance During the eighteenth century racial science took shape stating that people of European stock were more superior to others and this became accepted in the Eastern and Western worlds Then in the early nineteenth century Nazi Germany rose to power adopting Darwin's theories on race confirming that the aesthetic appeal of the Aryan race was superior above all other races on Earth Today in the twenty first century Westernization's influence can be seen throughout the world through movie screens television advertisements and magazines showing the average good looking person as tall and thin with a narrow shaped face fair complexion fair hair and light eyes The Names Upon the Harp, Irish Myth and Legend Marie Heaney,2000 A sampling of some of the most famous Irish legends **The World Is a Waiting Lover** Trebbe Johnson,2011-02-08 Johnson explores the concept of the Beloved the elusive alluring force that beckons us forth to passionate engagement with the world and shows how our sense of love is often linked to something far greater than ourselves She explains that mistaking a human lover for the inner eternal Beloved is the first step in any romance yet the ability to distinguish between the two ultimately holds the key to our quest for personal freedom and fulfillment Steeped in Western and Eastern myth and romantic imagery The World is a Waiting Lover guides us through story and thought in order to discover passion Eros and our authentic selves It is a personal story and at the same time an invitation to explore our individual yearnings to live with fearless authenticity as we find more passion and meaning in our work relationships and view of the future *Outlaw Bikers and Ancient Warbands* Carl Bradley,2021-10-13 This book is the first to compare the shared cultural tenets of ancient warbands and outlaw biker gangs It argues that the values of hyper masculinity can be traced from the former into the contemporary environment of the latter codes of honour loyalty and bravery have prioritised small groups of males over women and other men creating a history of hyper masculinity that shows little sign of stopping Indeed Outlaw Bikers and Ancient Warbands Hyper Masculinity and Cultural Continuity argues that such hyper masculine culture can be found in many male groups such as the police military and sports and that if we want to understand hyper masculinity and face it as a society then we need to recognize that outlaw bikers are a reflection of behavior that has a very long tradition This pioneering work explores these issues from ancient times and into the future **Scottish Literature** Alan Riach,2022-05-30 What do we mean by Scottish literature Why does it matter How do we engage with it Bringing

infectious enthusiasm and a lifetime's experience to bear on this multi-faceted literary nation Alan Riach Professor of Scottish Literature at the University of Glasgow sets out to guide you through the varied and ever-evolving landscape of Scottish literature A comprehensive and extensive work designed not only for scholars but also for the generally curious Scottish Literature an introduction tells the tale of Scotland's many voices across the ages from Celtic pre-history to modern mass media Forsaking critical jargon Riach journeys chronologically through individual works and writers both the famed and the forgotten alongside broad overviews of cultural contexts which connect texts to their own times Expanding the restrictive canon of days gone by Riach also sets down a new core body of Scottish Literature key writers and works in English Scots and Gaelic Ranging across time and genre Scottish Literature an introduction invites you to hear Scotland through her own words

Making Something Happen Michael Thurston, 2003-01-14 Poetry makes nothing happen wrote W H Auden in 1939 expressing a belief that came to dominate American literary institutions in the late 1940s the idea that good poetry cannot and should not be politically engaged By contrast Michael Thurston here looks back to the 1920s and 1930s to a generation of poets who wrote with the precise hope and the deep conviction that they would move their audiences to action He offers an engaging new look at the political poetry of Edwin Rolfe Langston Hughes Ezra Pound and Muriel Rukeyser Thurston combines close textual reading of the poems with research into their historical context to reveal how these four poets deployed the resources of tradition and experimentation to contest and redefine political common sense In the process he demonstrates that the aesthetic censure under which much partisan writing has labored needs dramatic revision Although each of these poets worked with different forms and toward different ends Thurston shows that their strategies succeed as poetry He argues that partisan poetry demands reflection not only on how we evaluate poems but also on what we value in poems and therefore which poems we elevate
