Rich's Farewell to Military Profession, 1581 Barnaby Rich, 2014-07-03 In a long and extraordinary career as captain courier privateer real estate agent author and informer Barnaby Rich s principal achievement was the present volume a collection of Elizabethan short stories despite its military title Unquestionably best sellers in Rich s own time these tales continue to delight scholars critics and even casual readers today One twentieth century critic pronounces the Farewell a landmark in Elizabethan short story writing and cites Rich s romantic charm gaiety and lightness of touch good vivid dialogue directness and ease According to Henry Seidel Canby Rich s humor is of the gayest There is a suggestion of Chaucer about him and not a little of the poet s merry humor Yet the stories themselves are diverse Certainly their charm and humor fetched Rich s contemporaries who read out of existence all but one copy of the first edition and all but five of the subsequent three editions Eight dramatists including Shakespeare Middleton Shirley and Marmion immortalized several of the stories however by turning them into plays The present edition affords an opportunity to read Rich s tales in the form in which Elizabethans knew them The text reproduced is that of the unique copy of the first

edition which appeared in 1581 The editor s scholarly illuminating introduction and commentary display much of the liveliness charm and humor for which his subject was praised and in addition tell a great deal about the life and literature of that most fascinating of periods the Age of Elizabeth I Scholars will be especially interested in Cranfill s revelations of how an Elizabethan story maker operated in the complex checkered bibliographical history of the Farewell and above all in the considerable use Shakespeare seems to have made of Rich s tales **The American Bookseller** ,1880 Baby Names Made Easy Amanda Elizabeth Barden,2009-02-10 LOOKING FOR A NAME THAT MEANS SOMETHING SPECIAL TO YOU Given the dizzying array of choices available picking the right name for your baby can be daunting Why waste hours looking through one long alphabetical list of names just to burn out even before you ve run through A B and C In this creative twist on the traditional name book Baby Names Made Easy offers selections organized into categories of meaning making it easier than ever to choose a name that is significant to you Traditional or trendy American in origin or from all over the globe the names here cover an array of topics For example look under Animals Insects and find Naia Hawaiian for dolphin Victory and find Vincent Latin for conquerer Love Affection and find Mia Italian for mine Religion Faith and find Dev Sanskrit for God The book s handy alphabetical index makes cross referencing easy so you can find the perfect name in no time Baby Names Made Easy is a practical and one of a kind reference for anyone searching for the most important gift they can give their child **The Parliamentary Debates (official Report)**. Great Britain. Parliament. House of Commons,1915 The Misunderstood Mission of Jean Nicolet Patrick J. Jung,2018-10-15 For years schoolchildren heard the story of Jean Nicolet s arrival in Wisconsin But the popularized image of the hapless explorer landing with billowing robe and guns blazing supposedly believing himself to have found a passage to China is based on scant evidence a false narrative perpetuated by fanciful artists renditions and repetition In more recent decades historians have pieced together a story that is not only more likely but more complicated and interesting Patrick Jung synthesizes the research about Nicolet and his superior Samuel de Champlain whose diplomatic goals in the region are crucial to understanding this much misunderstood journey across the Great Lakes Additionally historical details about Franco Indian relations and the search for the Northwest Passage provide a framework for understanding Nicolet s famed mission *Voluntary Assisted Dying* Daniel J Fleming,David J Carter,2022-02-22 Since the introduction of voluntary assisted dying in 2019 a new moment in the governance of life and death has opened up within the Australian context This new moment demands new questions be asked regarding the regime and its effects in this new era for law health care and justice This collection brings together critical perspectives on voluntary assisted dying itself and on various practices adjacent to it including questions of state power population ageing the differential treatment of human and non human animals at the time of death the management of health care processes through silent workarounds and the financialisation of death This book provides an overview of the first Australian regime and then introduces these diverse critical views broadening our engagement with euthanasia and voluntary assisted dying
