Jaffe, 2012-03-30 IT Manager s Handbook Third Edition provides a practical reference that you will return to again and again in an ever changing

corporate environment where the demands on IT continue to increase Make your first 100 days really count with the fundamental principles and core concepts critical to your success as a new IT Manager This is a must read for new IT managers and a great refresher for seasoned managers trying to maintain expertise in the rapidly changing IT world This latest edition includes discussions on how to develop an overall IT strategy as well as demonstrate the value of IT to the company It will teach you how to manage your enterprise s new level of connectivity with a new chapter covering social media handheld devices and more implement and optimize cloud services to provide a better experience for your mobile and virtual workforce at a lower cost to your bottom line integrate mobile applications into your company s strategy and manage the money including topics such as department budgets and leasing versus buying You will also learn how to work with your customers whomever those might be for your IT shop hire train and manage your team and their projects so that you come in on time and budget and secure your systems to face some of today s most challenging security challenges This book will appeal to new IT managers in all areas of specialty including technical professionals who are transitioning into IT management Manage your enterprise s new level of connectivity with a NEW chapter covering social media handheld devices and more Implement and optimize cloud services to provide a better experience for your mobile and virtual workforce at a lower cost to your bottom line Integrate mobile applications into your company s strategy Manage the money including topics such as department budgets and leasing versus buying Work with your customers whomever those might be for your IT shop Hire train and manage your team and their projects so that you come in on time and budget Secure your systems to face some of today s most challenging security challenges      **Commercialising Celebrity Persona** Emma Perot,2023-09-07

This book investigates the commercialisation of celebrity persona in the UK New York and California Interviews with 68 practitioners across the advertising merchandising film and video game industries provide insight on the differences in approaches across jurisdictions as well as the similarities caused by non legal factors Furthermore the book addresses the developments in technology social media and social norms that have made collaboration attractive to maintain favour with fans The book considers how the extension of passing off in the UK to include persona rights impacts the dispute resolution and transactional spheres involved in the commercialisation of persona It compares the industry landscape to that of the US where the right of publicity has been recognised since 1953 and has gone as far as to protect identity The book argues that nonlegal factors significantly impact the commercialisation of persona across the jurisdictions and interact with the law to encourage permission based behaviours However there remains a divergence in the dispute resolution sphere Anyone who is interested in the multi million dollar business of celebrities as assets will benefit from this book      **Prosthetic Player** Michael James,2024-07-11 Prosthetic Player is a dark tragi comic psychological thriller about a misogynistic bachelor s dating adventure with another player a black widow Spiritual possession was the last thing he expected      **PC Mag** ,1992-09-15 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest

International Perspectives on Artificial Intelligence J. Mark Munoz,Alka Maurya,2022-01-11 Artificial Intelligence or AI is set to redefine our day to day activities Many companies across the globe are engaged in doing research on the application of AI in almost each and every aspect of our life Many companies have already integrated AI in their manufacturing supply chain marketing and after sales operations but there is a lot that needs to be done to capitalize the full potential of this technology

International Perspectives on Artificial Intelligence is an attempt to put together the work done across various countries on adapting and integrating Ai not only in organizations but also at individual and social levels
