Spain International Monetary Fund. Monetary and Capital Markets Department,2017-11-13 This Technical Note discusses the findings and recommendations in the Financial Sector Assessment Program for Spain in the areas of insurance sector supervision and regulation The Spanish insurance market is complex owing to the presence of large numbers of insurance groups The supervisory culture in the Directorate General of Insurance and Pension Funds DGSFP appears to be reactive or compliance focused The supervisory focus should shift toward qualitative as well as quantitative review of the insurer s key methods and assumptions including the proportionate verification of technical provisions and capital requirements The DGSFP should also develop areas that are now relevant in the Solvency II framework such as governance and risk management

Blockchain Economics and Financial Market Innovation Umit Hacioglu,2019-12-03 This book discusses various aspects of blockchains in economic systems and investment strategies in crypto markets It first addresses the topic from a conceptual and theoretical point of view and then analyzes it from an assessment and investment angle

Further it examines the opportunities and limitations of the taxation of crypto currency as well as the political implications such as regulation of speculation with crypto currencies The book is intended for academicians and students in the fields of economics and finance

Decentralization, Local Governance, and Localizing the Sustainable Development Goals in Asia and the Pacific Bruno Carrasco, Hanif A. Rahemtulla, Rainer Rohdewohld, 2022-10-12 Since its adoption in 2015 the 2030 Agenda on Sustainable Development has shaped not only international development cooperation but also the design of national trajectories for social and economic development In tandem with other global agendas adopted that year such as the Paris Agreement on Climate Change and UN Habitat's New Urban Agenda it remains the global and regional blueprint for sustainable development despite the COVID 19 pandemic The term localizing the Sustainable Development Goals SDGs has been used to capture the importance of subnational governments for achieving national SDG agendas However there is little deeper analysis of the required nexus between fiscal political and legal arrangements for SNGs their involvement in national policy arenas which discuss and decide on national SDG strategies and the need for locally disaggregated data systems on the one hand and effective SDG localization strategies on the other hand It is this aspect which the present publication explores in greater detail by using country examples and conceptual analyses The text will be of interest to policymakers scholars students and practitioners in public policy and public administration decentralization and sustainable development with a focus on the Asia and Pacific region The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivative License CC BY NC ND 3 0 IGO

Agencies Appropriations for 2017 United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Labor, Health and Human Services, Education, and Related Agencies,2016 **Fees Must Fall** Susan Booysen,2016-10-01 This book explores the student discontent a year after the start of the 2015 South African FeesMustFall revolt FeesMustFall the student revolt that began in October 2015 was an uprising against lack of access to and financial exclusion from higher education in South Africa More broadly it radically questioned the socio political dispensation resulting from the 1994 social pact between big business the ruling elite and the liberation movement The 2015 revolt links to national and international youth struggles of the recent past and is informed by black consciousness politics and social movements of the international left Yet its objectives are more complex than those of earlier struggles The student movement has challenged the hierarchical top down leadership system of university management and it s double speak of professing to act in workers and students interests yet entrenching a regressive system for control and governance University managements while on one level amenable to change have also co opted students into their ranks to create co responsibility for the highly bureaucratised university financial aid that stands in the way of their social revolution This book maps the contours of student discontent a year after the start of the FeesMustFall revolt Student voices dissect colonialism improper compromises by the founders of democratic South Africa feminism worker rights and meaningful education In depth assessments by prominent scholars reflect on the complexities of student activism its impact on national and university governance and offer provocative analyses of the power of the revolt **Budget of the United States Government** United States. Office of Management and Budget,2014 **Understanding China's Real Estate Markets** Bing Wang,Tobias Just,2021-06-07 China s economy has been transforming rapidly over the last 25 years As a result Chinese conurbations have changed remarkably with cities expanding both vertically and horizontally and the physical environment acting as a medium for unprecedented urbanization This has provided vast opportunities for investors real estate developers and service companies but also presents huge challenges as traditional city spaces have been reconfigured environmental risks and the volatility of real estate markets increased However as engagement with China is becoming strategically important for many forming a synthesized lens through which to read China across the vicissitudes of its real estate sector bears historic significance By offering an insightful framework and structure for understanding China s variegated real estate dynamics players and markets Understanding China s Real Estate Markets codifies the principles and practices of real estate development finance and investment in China and builds foundations for future academic research and practical knowledge in shaping and engaging the urban environment within China and beyond (Un)Settled Sojourners in Cities Elizabeth Chacko,Marie Price,2023-02-28 Temporary migration is a human response to uncertain economic ecological political and socio cultural environments This book provides an important contribution to the literature on the rights lived experiences and trajectories of temporary migrants It focuses on the precarity of temporary migrants at different scales in urban settings varying from the

household institution and neighbourhood to the city Temporary migrants experience oscillations in precarity that vary with their categorization as skilled professionals with valued skill sets international students or unskilled domestic workers labourers their ambiguous legal status and the locales in which they reside and work Individual chapters use case studies from around the world USA Canada Ireland Turkey Singapore China to show how temporal and scalar precarity intersect and are mediated by national and local policies civil society as well as the personal and social attributes of migrants themselves such as gender race and country of origin Although often overlooked due to their transitory status the chapters demonstrate how temporary migrants are embedded in urban life and resist their categorization as disposable through individual and collective efforts This book will be of interest to researchers and advanced students of Sociology Politics Human Geography Urban Studies and Social and Cultural Anthropology It was originally published as a special issue of the Journal of Ethnic and Migration Studies
