S. O'Dea, 2017-05-28 Books 1 3 in the series filled with human animal hybrids where class determines imprisonment or freedom Escape Every year after harvest the weakest are removed from the encampment None of them are ever seen or heard from again Trinity's only hope of escape lies in the forest She's not afraid of the creatures that live there There's nothing bigger than foxes in those woods except this time something is different This time she's hunted from land and sea by predators that should only exist in legends Surrounded by three enemies Surrender is her only option but which one should she choose A captivating dystopian read filled with human animal hybrids and creatures you've never even imagined Secrets In Blood The disturbing and yet exciting sequel to Lake of Sins Escape Having discovered the horrible fate of her kind Trinity has left her family behind and is fleeing from the Almighty's Her friends have promised to help her but they don't know that her blood holds a secret that some in power want revealed and others want destroyed Hugh Truent an Almighty learns that

Trinity is a product of the mating of two different classes which is impossible but if it's true it's the discovery of a lifetime. He must catch her before she is destroyed but someone will stop at nothing to ensure he fails, putting his life and the lives of those he loves in danger. Hangman's Army: A rebellion is brewing in the world of the Lake of Sins while Hugh Truett sits in prison, days away from his execution. After taking his findings about the genetic similarities between the classes to the Supreme Almighty and the Council, Hugh had been arrested for treason and all his evidence had vanished as if made from smoke. To protect his family, he cut off all contact with the outside world while he sat in prison for over four years waiting for his execution. He has no idea that some of his reports were leaked to the other classes and that civil war looms on the horizon. Trinity and her friends have no hope of winning the war unless they can unite the classes. In order to do that, they need someone everyone will follow. They need the one person all the classes trust and believe in. They need Hugh. That means they have to break him out of a maximum security prison and convince him to lead their army, but that won't be easy because Hugh wants revenge and he's not going to let anything get in his way, especially mouthy, attractive, know-it-all Trinity.

Interview with the Author Q: So why should someone read the Lake of Sins series? Well, because it's great, smiles. However, if you're looking for your typical dystopian post-apocalyptic survival thriller, then you should look somewhere else. This story has been described as a one-of-a-kind world created in a unique dystopian society. The characters in the series are human-animal hybrids, genetic mutations, or evil experiments; it's yet to be revealed. It's an entire new species of characters who don't fit in the typical genre categories of vampire, werewolf, witch, fairies, or even angels and demons. The world of the Lake of Sins is segregated by class, with the humans ruling supreme. In book one, *Escape Trinity*, a sixteen-year-old Producer, the lowest of the classes, unwittingly sets off a collision between the classes when she flees into the forest to discover the fate of the teenagers who are removed from camp every year after harvest. Some say they are taken to another camp to keep bloodlines strong. Others say they are tortured. No one knows, and Trinity is determined to find out, but what she doesn't expect is to be hunted by mutant creatures and predators long thought to be extinct. The books are fast-paced with adventure and mutated creatures around every corner. There are legends that are truth and societal truths that are well-guarded lies. All in all, it's a unique and exciting read, and you should give it a try. I think you'll love it.

The Chimera Chronicles series also takes place in the world of the Lake of Sins. These stories are prequels explaining how some of the characters who you meet in the Lake of Sins series became monsters.

Q: Who should read the Lake of Sins series? Although there's a strong female lead in Lake of Sins, the audience for both series is broad. I have fans male and female, aged ten through eighty. Anyone who likes gory thrillers that are dark, a little disturbing, and packed with action will enjoy these books. However, a word of caution is in order. These books are not for the squeamish. Some scenes are bloody and violent, almost falling into the horror genre, but the interactions between the characters are funny, poignant, and loving, and a love triangle develops as the stories progress. Still, I wouldn't recommend these books to anyone under thirteen without the parents reading the books first.
