Kephas,2011-03-09 The first acceptance of paranoid awareness is that nothing is as it seems This is the key to understanding the conspiracy of nature the matrix that constitutes the foundation of paranoid awareness and the forerunner to the lucid view Paranoid awareness asks the question Supposing the Truth happens to more or less coincide with what has been hitherto designated as impossible Supposing what we call Reason has been a plot to systematically cut off all phenomena and thoughts that refuse to submit to its own arbitrary model of reality Supposing ninety five percent of what is really going on in the world has been suppressed and damned in order to maintain the current illusion of Consensus Reality Supposing in a word that REALITY IS ELSEWHERE This is the premise of The Lucid View Consensus Reality is the ultimate secret society It is so secret that even its members are unaware of its existence Consensus Reality is a conspiracy to uphold the world It is the means by which we communicate and agree upon the way things are and the way they must be So far as it is a functioning

model such a Consensus is valid Insofar as it is not a functioning model and is as in our present case on the verge of total breakdown then such a Consensus is by definition invalid At this point it therefore becomes the right and responsibility of every thinking member of society to cancel his membership and to option a new higher or broader concept of reality This is The Lucid View The Lucid View Investigations in Eschatology and Paranoid Awareness An unorthodox analysis of conspiracy theory ufology extraterrestrialism and occultism The Lucid View takes us on an impartial journey through secret history from the Gnostics and Templars Crowley and Hitler1s occult alliance the sorcery wars of Freemasonry and the Illuminati Alternative Three covert space colonization the JFK assassination the Manson murders Jonestown 9 11 into Ufos and alien abductions their relations to mind control technology and sorcery practices with reference to inorganic beings and Kundalini energy The book offers a balanced overview on religious magical and paranoid beliefs as pertaining to the 21st century and their social psychological and spiritual implications for humanity the leading game player in the grand mythic drama of Armageddon

Exploring the Unknown C. J. Cazeau,2012-12-06 The purpose of this book is to explore some of those great mysteries of the earth that have captured the popular imagination and especially those having their roots in our specialties of archaeology and geology The average reader probably is unfamiliar with the earth sciences or the archaeological history of man Nor does the average reader have the time and literary resources to verify all he or she reads Our aim is to lend a helping hand by examining the evidence that surrounds such mysteries as the legend of Atlantis and the ruins of Stonehenge and as logically as we can sift truth from falsehood and exagger ation Early man found himself in a world of unimaginable mysteries meteors streaking across a star studded sky the darkness beyond the campfire s glow the sound and fury of a volcano s eruption Our earliest ancestors were probably mysteries to themselves and totally susceptible to the subjectivity of their world Fantasies may have been as much a formative influence as toolmaking in the early development of culture As human beings gathered knowledge and understanding of their surroundings old mysteries vanished only to be replaced by others because so much was not understood

Histories of the Hidden God April D DeConick,Grant Adamson,2016-04-08 In Western religious traditions God is conventionally conceived as a humanlike creator lawgiver and king a being both accessible and actively present in history Yet there is a concurrent and strong tradition of a God who actively hides The two traditions have led to a tension between a God who is simultaneously accessible to humanity and yet inaccessible a God who

is both immanent and transcendent present and absent Western Gnostic esoteric and mystical thinking capitalizes on the hidden and hiding God He becomes the hallmark of the mystics Gnostics sages and artists who attempt to make accessible to humans the God who is secreted away Histories of the Hidden God explores this tradition from antiquity to today The essays focus on three essential themes the concealment of the hidden God the human quest for the hidden God and revelations of the hidden God **In the Big Thicket** Rob Riggs,2001-01-01
