Transforming Borders Alejandra C. Elenes, 2010-11-15 Transforming Borders Chicana o Popular Culture and Pedagogy contributes to transformative pedagogies scholarship by adding the voices of Chicana feminist pedagogies epistemologies and ontologies C Alejandra Elenes develops her conceptualizations of border transformative pedagogies by linking the relationship between cultural practices knowledge and teaching in everyday life She analyzes Chicana feminist cultural workers educational actors re imagining three Mexican figures La Llorona the weeping woman the Virgen of Guadalupe and Malintzin Malinche as epistemological and pedagogical meanings The three figures represent multiple meanings traditional views on femininity religion and nationalist views on women yet at the same time feminists have re imagined these three figures and developed counter narratives that can offer alternatives to the traditional meanings In developing border transformative pedagogies Elenes looks at the significance of historical events such as the creation of the Mexico U S border to understand the experiences of people of Mexican descent in the United States She also examines oral histories of the legend of La Llorona in the Southwest historical documents on the Spanish conquest of Mexico and Chicana artists such as Ester Hernandez Yolanda Lopez Consuelo Jimenez Underwood and Alma Lopez re imagining of the Virgen of Guadalupe The conflicts over the meanings of the three figures can help us understand how Chicanas have used their voices to counter economic and gender inequalities and how pedagogical practices show that cultural productions are sites where forms of domination can be contested and recreated in ways that allow for the creation of alternative identities and subjectivities

Todos Santos in Rural Tlaxcala Hugo Gino Nutini, 2014-07-14 The cult of the dead centered on Todos Santos the All Saints Day All Souls Day celebration is one of the most important aspects of Mesoamerican Indian and mestizo religion Focusing on rural Tlaxcala in Mexico Hugo Nutini presents a thorough description and analysis of the cult in its syncretic structural and expressive dimensions and describes its development from the original confrontation of pre Hispanic polytheism and Spanish Catholicism through colonial times until the disintegration of the system of folk religions that is even now occurring The discussion of the expressive component of the cult of the dead is a crucial contribution of the study Professor Nutini shows that symbolism can be an adjunct to expressive studies but not an end in itself In addition he postulates a theory that may serve as a model for studies of the combination and reconciliation of religious beliefs in other contexts Emphasizing folk theology teleology and eschatology rather than the mechanical and administrative components more frequently studied in works on Mesoamerican Indian and mestizo religions he concludes that the local system is monolatrous rather than monotheistic Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton

Music and Religious Identity in Counter-Reformation Augsburg, 1580-1630 Alexander J. Fisher, 2017-05-15 By the late sixteenth century Augsburg was one of the largest cities of the Holy Roman Empire boasting an active musical life involving the contributions of musicians like Jacobus de Kerle Hans Leo Hassler and Gregor Aichinger This musical culture however unfolded against a backdrop of looming religious schism From the mid sixteenth century onward Augsburg was the largest biconfessional city in the Empire housing a Protestant majority and a Catholic minority ruled by a city government divided between the two faiths The period 1580 1630 saw a gradual widening of the divide between these groups The arrival of the Jesuits in the 1580s polarized the religious atmosphere and fueled the assertion of a Catholic identity expressed in public devotional services spectacular processions and pilgrimages to local shrines The Catholic music produced for these occasions both reflected and contributed to the religious divide This book explores the relationship between music and religious identity in Augsburg during this period How did Catholic and Protestant repertoires diverge from one another What was the impetus for this differentiation and what effect did the circulation and performance of this music have on Augsburg s religious culture These questions call for a new cross disciplinary approach to the music history of this era one which moves beyond traditional accounts of the lives and works of composers or histories of polyphonic genres Using a wide variety of archival and musical documents Alexander Fisher offers a holistic view of this musical landscape examining aspects of composition circulation performance and cultural meaning

With Her Machete in Her Hand Catrióna Rueda Esquibel, 2009-09-15 With the 1981 publication of the groundbreaking anthology This Bridge Called My Back Writings by Radical Women of Color Cherr e Moraga and Gloria Anzald a ushered in an era of Chicana lesbian writing But while these two writers have achieved iconic status observers of the Chicana o experience have been slow to perceive the existence of a whole community lesbian and straight male as well as female who write about the Chicana lesbian experience To create a first full map of that community this book explores a wide range of plays novels and short stories by Chicana o authors that depict lesbian characters or lesbian desire Catri na Rueda Esquibel starts from the premise that Chicana o communities theories and feminisms cannot be fully understood without taking account of the perspectives and experiences of Chicana

lesbians To open up these perspectives she engages in close readings of works centered around the following themes La Llorona the Aztec Princess Sor Juana In s de la Cruz girlhood friendships rural communities and history and Chicana activism Her investigation broadens the community of Chicana lesbian writers well beyond Moraga and Anzald a while it also demonstrates that the histories of Chicana lesbians have had to be written in works of fiction because these women have been marginalized and excluded in canonical writings on Chicano life and experience **A treatise upon modern**
