Cusack,2016-08-17 This book draws on nearly one thousand cases and anecdotes about twins bending and breaking rules in order to fulfill or flout tenets of twinhood Society's unwillingness to contextualize mores and policies to suit twins may perpetuate controversy and law breaking Twins and Deviance shows how twins allegedly sacred bond violates conventions beginning at conception Throughout their lives they may be victimized tortured and neglected specifically because of their bond Twins have lives that matter their bond is not static or unconditional it may be fluent and emotional The book paints a picture of twin individuals whose lives relate to contemporary readers and audiences lives because they are weird eccentric ritualized fetishized pornographized criminalized and chastised by society but what is especially interesting about twins is that society has institutionalized controversial practices and traditions sometimes implicitly or explicitly demanding that twinhood be realized or dishonored so that twins comply with social norms and expectations Offering a truculent unpretentious and straightforward representation of contemporary society Twins and Deviance does not defend or defy society's strange niche and shaded view of twins Rather it artfully and sensitively depicts twins as historically and presently seeming like gods heroes renegades saviors mutations terrorists gangs and betrayers and skillfully discusses twins bodies to elucidate their individuality decode their correspondence and explore analytical tributaries new to sociocultural research Using vivid examples Twins and Deviance postulates that twins intrigue and entrance singletons because they deviate from norms embody principles of duality fulfill self reflexive fantasies and symbolize eternal life and the afterlife The value of twins and twinhood to singletons is evident in psychoanalysis reflections religion and mythology words and politics and yet this is the only book to bring to light the immense depth of this captivating insight Twins and Deviance challenges and improves previous research by collecting new topics to retool twins and deviance discussions As such it is a must read for students professors and audiences engaging in gender justice sexuality legal and cultural studies and all researchers conducting twin studies **Money for Nothing** M. written for the true believer in the paranormal American Hauntings objectively scrutinizes the historic evidence behind such hugely popular films as *The Exorcist* *The Amityville Horror* *An American Haunting* *The Conjuring* and *The Haunting in Connecticut* to ascertain the accuracy of these entertainment depictions of true life hauntings The authors then compare these popular culture accounts against the alleged real life encounters and impartially weigh the evidence to assess whether each incident actually took place Written by highly credentialed recognized authorities on the paranormal and social psychology this book contains meticulously documented science based information written for a broad audience from middle and high school students and those taking introductory courses at a university level to general readers There is no other work that provides as careful and unbiased an evaluation of the most famous hauntings in American history The book also examines the reliability of popular television shows such as *Unsolved Mysteries* and *Paranormal Witness* [The Outline of Parapsychology](#) Jesse Hong Xiong,2010 This work of systematic parapsychology aims to construct a framework and system of parapsychology taking a comprehensive approach to the field The book states that parapsychology has a different philosophical background from the existing science and religions and posits that pantheism could be the theoretical basis of parapsychology *The Psychology and Science of Pseudoscience* Terence Hines,2025-03-18 This book provides a comprehensive review of numerous areas of pseudoscience and related pathological science It not only describes the factual bases for rejecting pseudoscientific claims but also emphasizes the psychological processes that lead to the acceptance of such claims This book is timely given the increase in misinformation over the past decade Using three principles of cognitive psychology this book helps explain why people are hard wired to accept and continue to believe in pseudoscientific claims It provides up to date discussions of numerous paranormal and pseudoscientific topics including the usual suspects UFOs and alien abductions astrology cryptozoology and more but also belief in conspiracy theories laboratory parapsychology bogus forensic science techniques the pseudopsychologies of Freud medical fraud and the unethical practices of Big Pharma Older research that was foundational in the critical examination of several topics is woven throughout to situate them in a historical context [Weekly World News](#) ,1993-12-14 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site **Time Travel and Other Mathematical Bewilderments** Martin Gardner,2020-10-06 Martin Gardner s Mathematical Games columns in *Scientific American* inspired and entertained several generations of mathematicians and scientists Gardner in his crystal clear prose illuminated corners of mathematics especially recreational mathematics that most people had no idea existed His playful spirit and inquisitive nature invite the reader into an exploration of beautiful mathematical ideas along with him These columns were both a revelation and a gift when he wrote them no one before Gardner had written about mathematics like this They continue to be a marvel This is the original 1988 edition and contains columns published from 1974 1976

The Top Books of the Year Rip Off Report Psychic The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Rip Off Report Psychic : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
