The Mobile Application Hacker's Handbook Dominic Chell, Tyrone Erasmus, Shaun Colley, Ollie Whitehouse, 2015-02-24 See your app through a hacker's eyes to find the real sources of vulnerability The Mobile Application Hacker's Handbook is a comprehensive guide to securing all mobile applications by approaching the issue from a hacker's point of view Heavily practical this book provides expert guidance toward discovering and exploiting flaws in mobile applications on the iOS Android Blackberry and Windows Phone platforms You will learn a proven methodology for approaching mobile application assessments and the techniques used to prevent disrupt and remediate the various types of attacks Coverage includes data storage cryptography transport layers data leakage injection attacks runtime manipulation security controls and cross platform apps with vulnerabilities highlighted and detailed information on the methods hackers use to get around standard security Mobile applications are widely used in the consumer and enterprise markets to process and or store sensitive data There is currently little published on the topic of mobile security but with over a million apps in the Apple App Store alone the attack surface is significant This book helps you secure mobile apps by demonstrating the ways in which hackers exploit weak points and flaws to gain access to data Understand the ways data can be stored and how cryptography is defeated Set

up an environment for identifying insecurities and the data leakages that arise. Develop extensions to bypass security controls and perform injection attacks. Learn the different attacks that apply specifically to cross platform apps. IT security breaches have made big headlines with millions of consumers vulnerable as major corporations come under attack. Learning the tricks of the hacker's trade allows security professionals to lock the app up tight. For better mobile security and less vulnerable data.

The Mobile Application Hacker's Handbook is a practical comprehensive guide. [The Simple Guide to Home Electronics](#), 2017 Mark Schutte, 2017-05-26. The Simple Guide to Home Electronics helps the average person navigate the bewildering array of choices in the ever changing world of home electronics that impact our day to day lives. A wide variety of topics from lightbulbs to the Internet TV Telephone Cameras and the Internet of Things IoT are explained without all the tech savvy jargon. Each chapter begins with a general overview and practical advice followed by more in depth information that will give you an understanding of the type of products available and how they work. If you have ever considered disconnecting your cable TV, a smart thermostat or turning on the lights with a voice activated product then this book is for you. The author's light conversational style along with his own engaging stories, humor and points of view make these complex topics easy to understand. The information is presented in free standing independent chapters that can be referenced over and over again as you replace and update the technology in your home.

[An In-Depth Guide to Mobile Device Forensics](#) Chuck Easttom, 2021-10-21. Mobile devices are ubiquitous therefore mobile device forensics is absolutely critical. Whether for civil or criminal investigations being able to extract evidence from a mobile device is essential. This book covers the technical details of mobile devices and transmissions as well as forensic methods for extracting evidence. There are books on specific issues like Android forensics or iOS forensics but there is not currently a book that covers all the topics covered in this book. Furthermore it is such a critical skill that mobile device forensics is the most common topic the Author is asked to teach to law enforcement. This is a niche that is not being adequately filled with current titles. **An In Depth Guide to Mobile Device Forensics** is aimed towards undergraduates and graduate students studying cybersecurity or digital forensics. It covers both technical and legal issues and includes exercises, tests, quizzes, case studies and slides to aid comprehension. **It's Your Call: The Complete Guide to Mobile Phones** Andrew Mennen, 2005. **The Oxford Handbook of Mobile Communication and Society** Richard Seyler Ling, Leopoldina Fortunati, Gerard Goggin, Sun Sun Lim, Yuling Li, 2020. This book examines the social consequences of mobile communication in the era of the smartphone and how the smartphone has positively and negatively impacted society.
