The Politics of African-American Education Kenneth J. Meier,Amanda Rutherford,2016-08-22 Based on the 1 800 largest school districts in the United States over a decade The Politics of African American Education documents the status of African American education and the major role that partisanship plays The book brings together the most comprehensive database on minority education to date that centers around three arguments First partisanship permeates African American education it affects who is elected to the school board the racial composition of school administrators and teachers and the access of African American students to quality education Second African American representation matters The effectiveness of African American representation however is enhanced in Democratic districts while representation in Republican districts has little influence Third political structures matter but they are not determinative Two different structures election rules and the independent school district create the rules of the game in US education politics and policy but do not limit others from using those rules to change the outcome *Florida Social Welfare Review* ,1935
