Obamas Wars By Bob Woodward Simon Schuster October 17 :

The Obama Presidency Bert A. Rockman, Andrew Rudalevige, Colin Campbell, 2011-07-26 In the latest volume in this classic series Rockman Rudalevige and Campbell once again bring together top notch scholars this time to take a comprehensive look at the first two years of Barack Obama's presidency Assessing Obama's political strategy as well as his administration's successes and setbacks chapter authors critically examine a presidency marked by continued partisanship major policy battles and continued global turmoil

Taxing Wars Sarah Kreps, 2018-05-01 Why have the wars in Afghanistan and Iraq lasted longer than any others in American history The conventional wisdom suggests that the move to an all volunteer force and unmanned technologies such as drones have reduced the apparent burden of war so much that they have allowed these conflicts to continue almost unnoticed for years *Taxing Wars* suggests that the burden in blood is just one side of the coin The way Americans bear the burden in treasure has also changed and these changes have both eroded accountability and contributed to the phenomenon of perpetual war Sarah Kreps chronicles the entire history of how America has paid for its wars and how its methods have changed Early on the United States imposed war taxes that both demanded sacrifices from all Americans and served as reminders of their participation Indeed thinkers from Immanuel Kant to Adam Smith argued that these reminders were exactly the reason why democracies tended to fight shorter and less costly wars Bearing these burdens caused the populace to sue for peace when the costs mounted Leaders in a democracy responsive to their citizens would have incentives to heed that opposition and bring wars to as expeditious an end as possible Since the Korean War the United States has increasingly moved away from war taxes Instead borrowing and its comparatively less visible connection with the war has become a permanent feature of contemporary wars The move serves leaders well because reducing the apparent burden of war has helped mute public opposition and any decision making constraints But by masking accountability however the move away from war taxes undermines the basis for democratic restraint in wartime Contemporary wars have become correspondingly longer and costlier as the public has become disconnected from those burdens Given the trends identified in *Taxing Wars* the recent past epitomized by our lengthy wars in Afghanistan and Iraq is likely to be prologue

US Foreign Policy Decision-Making from Kennedy to Obama A. Hybel, 2014-03-13 This book analyzes the foreign policy decision making processes of Presidents John F Kennedy Lyndon B Johnson Richard Nixon George H W Bush George W Bush and Barack Obama during military intervention by way of contemporary foreign policy decision making models FPDMS

The Obama Question Gary Dorrien, 2012-02-16 The election of Barack Obama to the presidency in 2008 was hailed by many as a historic event and by some as the end of the Reagan era in American politics But conservatives have condemned Obama from the beginning of his presidency and many progressives charge that Obama has betrayed the causes that he espoused in 2008 This book offers a brilliant critique of Obama's presidency and a powerful case that progressives should not give up on Obama Gary Dorrien described by Princeton philosopher Cornel West as the preeminent social ethicist

in North America today argues that Obama is a figure of protean irony and complexity Obama has been a bitter disappointment in many ways Dorrien contends yet Obama also has historic achievements to his credit that are too often discounted Dorrien emphasizes the importance of Obama's story to his career and devotes chapters to the economic crisis the health care reform debate war and foreign policy banking regulation and the federal budget and the case for a progressive politics of the common good Ultimately Dorrien says the Obama question is whether or not Obama's presidency will mark the end of the Reagan era when giant corporations and the wealthy got whatever they wanted military budgets soared and American politics was ruled by the fantasy of tax cuts paying for themselves Dorrien argues that there is still time to redeem the hope of the 2008 election bringing an end to the Reagan era The Obama Question will stand as an insightful evaluation of a tumultuous presidency long after the next election has passed

Young American Muslims Nahid Afrose Kabir, 2014-08-20 This book presents a journey into the ideas outlooks and identity of young Muslims in America today Based on around 400 in depth interviews with young Muslims from Florida Maryland Massachusetts Michigan New York and Virginia all the richness and n

The Obama Question Gary J. Dorrien, 2012 This text offers a critique of Barack Obama's presidency and a powerful case that progressives should not give up on Obama Obama has been a bitter disappointment in many ways Dorrien contends yet he also has historic achievements to his credit that are too often discounted

Only the Most Able Stephen M. Duncan, 2012-10-05 The nature of the threats facing America today has drastically reduced the margin for error in senior political appointments In Only the Most Able Stephen M Duncan draws on a lifetime of military public service executive and legal experience to critique the political appointment process focusing on departments that deal with national security the Department of Defense and the Department of Homeland Security He looks at how the current methods for making appointments put people in positions for which they are not qualified and not prepared Rather he argues appointments should be made on the basis of one's qualifications and merits those who lead our military should be people with military experience and those who must make executive decisions should be people who have served and excelled in an executive capacity Identifying the successful traits of leaders such as Winston Churchill General George Marshall nationally known business executives and others Duncan argues with unusual insight and candor why the quality and performance of senior political appointees who are charged even in part with the nation's security must be improved and offers specific recommendations on how this can be accomplished This timely book will appeal to Americans of all political persuasions as well as those with particular interests in political and military history

Global Security Watch—India Amit Gupta, 2012-09-20 This new volume in the Global Security Watch series examines the contemporary foreign military and security policies of India as it moves towards becoming a formidable global power in the coming decades India is poised to join the major nations of the world as one of the next superpowers in the multi polar 21st century world At the same time it still faces significant domestic problems such as widespread poverty and public health issues and faces considerable security

threats posed by China and Pakistan Author Amit Gupta PhD an esteemed scholar and expert on foreign policy and weapons proliferation in South Asia argues that India's quest to attain a superpower status will depend on how it develops its relationships with the other leading nations Another determining factor for India's success lies in its ability to create a more advantageous security environment in the immediate Indian Ocean region Global Security Watch India tackles complex topics such as future Indian foreign and security policy options and the corresponding implications for U S policy how the India China relationship affects relations among other Asian countries and the capabilities of the Indian military industrial complex

The Barack Obama Presidency J. Davis, 2011-11-07 Exploring the promise and peril associated with the opening two years of the presidency of Barack Obama this book is a comparative look at the various aspects of his presidential strategy including the impact of his legislative agenda his use of executive power and the burgeoning disillusionment within the African American community

Debating the Obama Presidency Steven E. Schier, 2016-09-22 This is the first book to present both the arguments for and against Barack Obama's presidency and its policies In it prominent political scientists and Washington think tank scholars address Obama's domestic economic and foreign policies and his political legacy Contrasting perspectives assess the consequences of the large aspirations of the Obama presidency and the political and policy challenges Obama encountered in the pursuit of those aspirations Barack Obama's project in the White House involved installing lasting changes in national policy and politics Institutionally the Obama administration sought to preserve control of Congress through maintenance of reliable partisan Democratic majorities and enhance influence over the federal courts through a steady stream of liberal judicial appointees The administration sought increased autonomy over the executive branch by a reorganizations spawned by a national economic crisis and an ambitious domestic policy agenda Politically the Obama administration sought the entrenchment of consistent Democratic electoral majorities Such large ambitions have generated enduring controversies surrounding his presidency controversies that receive a full airing and debate in this volume Contributions by Alan I Abramowitz Emory University Andrew E Busch Claremont McKenna College Peter Juul Center for American Progress Lawrence Korb Center for American Progress William G Mayer Northeastern University Ruth O'Brien City University of New York Graduate Center John J Pitney Jr Claremont McKenna College Danielle Pletka American Enterprise Institute Daniel E Ponder Drury University Steven E Schier Carleton College Raymond Tatalovich Loyola University Chicago and John Kenneth White Catholic University of America

The Wars of Afghanistan Peter Tomsen, 2013-12-10 As Ambassador and Special Envoy on Afghanistan from 1989 to 1992 Peter Tomsen has had close relationships with Afghan leaders and has dealt with senior Taliban warlords and religious leaders involved in the region's conflicts over the last two decades Now Tomsen draws on a rich trove of never before published material to shed new light on the American involvement in the long and continuing Afghan war This book offers a deeply informed perspective on how Afghanistan's history as a shatter zone for foreign invaders and its tribal society have shaped the modern Afghan

narrative It brings to life the appallingly misinformed secret operations by foreign intelligence agencies including the Soviet NKVD and KGB the Pakistani ISI and the CIA American policy makers Tomsen argues still do not understand Afghanistan nor do they appreciate how the CIA's covert operations and the Pentagon's military strategy have strengthened extremism in the country At this critical time he shows how the U S and the coalition it leads can assist the region back to peace and stability

Looking Back on President Barack Obama's Legacy Wilbur C. Rich, 2018-12-12 When President Barack Hussein Obama left office January 20 2017 he left a fascinating legacy The Obama Presidency will remain an intriguing part of our nation's political history and we can now say that there were unexpected achievements and failures His tenure was both historical and complex and will inevitably be compared with his predecessors and successors The chapters in this volume are a serious assessment of President Obama's tenure written by a diverse team that includes political scientists sociologists historians and economists They provide critical insights into the man and his policies and more importantly are written in a manner that makes them available to laypersons journalists students and scholars

The World Views of the Obama Era Matthias Maass, 2017-11-07 This book presents selected non US views of the Barack Obama administration Each chapter investigates eight years of the Obama presidency from a different national perspective By bringing together fourteen country studies from all regions of the world this volume offers an accumulative global view of the Obama White House's foreign policies and bilateral affairs It provides an outside perspective on a presidency that was initially greeted with much enthusiasm world wide but seemed to fall out of favor over time in most countries The overwhelming hope that was associated with the election of Obama in 2008 turned to disillusionment world wide the changes in US external affairs he promised were only partially fulfilled and the world was reminded that America's place and role in the world would not change dramatically not even under the inspirational Obama

The New US Security Agenda Brian Fonseca, Jonathan D. Rosen, 2017-02-08 War nuclear weapons and terrorism are all major threats to US security but a new set of emerging threats are challenging the current threat response apparatus and our ability to come up with creative and effective solutions This book considers new non traditional security issues such as transnational organized crime immigration and border security cybersecurity countering violent extremism and terrorism environmental and energy security as well as the rise of external actors The work examines the major challenges and trends in security and explores the policy responses of the U S government By using international relations theory as an analytical approach Fonseca and Rosen present how these security threats have evolved over time

The National Security Doctrines of the American Presidency Lamont C. Colucci, 2012-08-08 This two volume set provides a chronological view of the foreign policy national security doctrines of key American presidents from Washington to Obama framed by commentary on the historical context for each discussions of major themes and examinations of the lasting impact of these policies The National Security Doctrines of the American Presidency How They Shape our Present and Future provides a chronological examination of the foreign policy and national security doctrines of key American presidents from

Washington to Obama covering everything from our missionary zeal and our pursuit of open navigation of the seas to our involvement in the ongoing political and military conflicts in the Middle East It addresses the multiple sources behind the doctrines real rhetorical and ideological Arranged chronologically each chapter offers commentary on the historical evolution of these doctrines identifies the major themes and highlights unique revelations Ideal for universities colleges libraries academics classroom teachers policy makers and the educated electorate this two volume set represents a compendium of national security doctrines that explains how these first doctrines have constrained restrained and guided every American president regardless of party providing comprehensive information that cannot be found in any other single source Further the work presents the reader with examples and explanations of precisely how these doctrines from long ago as well as those from recent history directly affect our present and future

The Powers of the Presidency ,2013 This is a comprehensive and illustrative work on the historical and contemporary perspective on presidential powers guiding readers through the presidency as a constitutional office with many updated features from the previous edition

Guide to the Presidency and the Executive Branch Michael Nelson,2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama s healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated

Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings

Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency

Biographies of the Presidents Vice Presidents First

Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president s role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions *The Obamians* James Mann,Jim Mann,2012 The definitive analysis of the events ideas personalities and conflicts that have defined Obama s foreign policy with a new afterword for his second term When Barack Obama first took office he brought with him a new group of foreign policy advisers intent on carving out a new global role for America in the wake of the Bush administration s war in Iraq Now the acclaimed author of *Rise of the Vulcans* offers a definitive even handed account of the messier realities they ve faced in implementing their policies and the challenges they will face going into the second term In *The Obamians* prizewinning author and journalist James Mann tells the compelling story of the administration s struggle to enact a coherent and effective set of policies in a time of global turmoil At the heart of this struggle are the generational conflicts between the Democratic establishment including Robert Gates Hillary Clinton and Joe Biden and Obama and his inner circle of largely unknown remarkably youthful advisers who came of age after the Cold War had ended Written by a proven master at elucidating political underpinnings even to the politicians themselves *The Obamians* is a pivotal reckoning of this historic president and his inner circle and of how their policies may or may not continue to shape America and the world This edition includes a new afterword by the author on how the Obamians foreign policy affected the 2012 election and what that means for the future

American Foreign Policy Glenn P. Hastedt,2017-02-01 Glenn Hastedt s clear and succinct introduction to the field prepares students to think about America s changing role in the world and to develop the critical thinking skills needed to participate in the debate about the conduct and content of American foreign policy He begins by asking What do we mean by foreign policy and what is the national interest Next Hastedt looks to the past and examines the defining experiences that have helped to shape American foreign policy today Third he looks at how American foreign policy is made in the current hyperpartisan political climate Here Hastedt examines the various institutions and how they come together to make policy as well as the policy instruments available to decision makers And finally he encourages students to wonder What s next The eleventh edition reflects the latest headlines including more extensive discussions of hybrid warfare cyber wars drones and an assessment of Obama s foreign policy There are new case studies on ISIS authorization of force resolutions women in combat the climate agreement the Iran nuclear agreement Obama s opening to Cuba and the future of COIN And new Historical Lessons boxes feature the War Powers Act the integration of the military the Kyoto Agreement NAFTA and Afghanistan This book is accompanied by a learning package designed to enhance the experience of both instructors and students Test Bank The Test Bank includes a variety of test questions and is available in either Word PDF or Respondus formats For every chapter in the text the Test Bank includes a complete test with a variety of question types including multiple choice true false and essay formats Our Test Bank is most flexibly used in Respondus test authoring software which

is available in two forms Check with your university to see if you have a site license to the full program Respondus 4.0 which offers the option to upload your tests to any of the most popular course management systems such as Blackboard If you don't have a Respondus license or do not care about having your tests in a course management system you can use our test bank file in Respondus LE The LE program is free and can be used to automate the process of creating tests in print format Visit the Respondus Test Bank Network to download the test bank for either Respondus 4.0 or Respondus LE If you prefer to use our Test Bank in Word or PDF please Sign In if you are a registered user or Register then email us at textbooks@rowman.com Companion Website Accompanying the text is an open access Companion Website designed to reinforce the main topics For each chapter flash cards and self study quizzes help students master the information they learn in the classroom Students can access the Companion Website from their computer or mobile device at textbooks.rowman.com/hastedt11e **Our**

Latest Longest War Aaron B. O'Connell, 2017-04-03 American and Afghan veterans contribute to this anthology of critical perspectives a vital contribution toward understanding the Afghanistan War Library Journal When America went to war with Afghanistan in the wake of 9/11 it did so with the lofty goals of dismantling al Qaeda removing the Taliban from power remaking the country into a democracy But as the mission came unmoored from reality the United States wasted billions of dollars and thousands of lives were lost Our Latest Longest War is a chronicle of how why and in what ways the war in Afghanistan failed Edited by prize winning historian and Marine lieutenant colonel Aaron B O Connell the essays collected here represent nine different perspectives on the war all from veterans of the conflict both American and Afghan Together they paint a picture of a war in which problems of culture including an unbridgeable rural urban divide derailed nearly every field of endeavor The authors also draw troubling parallels to the Vietnam War arguing that ideological currents in American life explain why the US government has repeatedly used military force in pursuit of democratic nation building In Afghanistan as in Vietnam this created a dramatic mismatch of means and ends that neither money technology nor weapons could overcome
