October November 2021:

Liberia International Monetary, International Monetary Fund. African Dept., 2022-09-14 Liberia is a fragile low income country Per capita income remains about a third of the level prior to the civil wars during 1989 2003 After a bout of economic instability prudent monetary and fiscal policies reduced inflation to just over 5 percent in 2021 and budgets are financed without recourse to central bank credit Economic growth suffered first from macroeconomic instability and then from the COVID 19 pandemic Growth rebounded to 5 percent in 2021 and after a soft patch this year due to Russia's war in Ukraine should reach 5.6 percent in the medium term if Liberia taps its clear potential through persistent structural reforms and prudent policies The government's resolve will be tested in the runup to the general elections in September 2023

Survival: October - November 2023 The International Institute for Strategic Studies (IISS), 2023-10-13 Survival the IISS's bimonthly journal challenges conventional wisdom and brings fresh often controversial perspectives on strategic issues of the moment In this issue Nick Childs assesses the ambitions and perils of the AUKUS partnership for Australia the United Kingdom and the United States Kimberly Marten explores how the demise of its key figures will affect future operations of the Wagner Group and similar Russian paramilitaries Steven Feldstein investigates the uses and risks of generative AI systems From the Survival archives the late Pierre Hassner interpreted Russia's August 2008 attack on Georgia as signalling the emergence of a new cold war with the West Dana H Allin reflects on the European vision advanced by members of a rapidly disappearing generation of scholars who had lived through war and sought to preserve and extend peace And eight more thought provoking pieces as well as our regular Book Reviews and Noteworthy column Editor Dr Dana Allin Managing Editor Jonathan Stevenson Associate Editor Carolyn West Editorial Assistant Conor Hodges **The State of Illegal**

Badiru, 2023-09-06 People want to create a better world and planet however where and how to start remains the question Systems Engineering's problem solving methodology can help with its ability to answer multiple questions along with connecting actions and impacts This book uses the Systems

Engineering problem solving methodology to frame how each answer impacts the planet when multiple actions are strung together no matter where they take place Systems Engineering Influencing Our Planet and Reengineering Our Actions illustrates a hierarchical Systems Engineering view of the world with each individual in mind as a link in the chain It uses an Industrial Engineering framework for action implementations and identifies humans interconnected actions The book discusses the implementation of the Systems Engineering problem solving methodology and leverages existing concepts of environmental sustainability A template is present for personal actions for environment social responsibility using a Systems Engineering problem solving approach and focuses on the foundational use of the trademarked DEJI Systems Model for action design evaluation justification and integration This book is a perfect read for all academic disciplines and all engineering fields as well as business and management fields It reminds us of the Environmental Foundation of NAE s 14 Grand Challenges and the part we can play

Albania International Monetary Fund. European Dept.,2024-01-12 The Albanian economy has emerged as one of the stronger performers in the region The rising role of tourism has boosted confidence in the country s prospects a factor partly reflected in the steady appreciation of the lek While growth is moderating it is expected to remain robust at around 31 2 and 31 4 percent respectively in 2023 and 2024 Inflation is gradually declining though it remains above the central bank s target amid tight labor markets Medium term prospects however are constrained by structural challenges including shortfalls in the rule of law and emigration pressures

Spoilt Ballots Matthew Blackman,Nick Dall,2022-02-01 If you paid even a moment s attention during high school history class you probably know that 1910 brought about the Union of South Africa that the 1948 general election ushered in apartheid and that the Rainbow Nation was born when Madiba triumphed in the country s first democratic elections in 1994 Spoilt Ballots dishes the dirt on these pivotal turning points in our history But it also sheds light on a dozen lesser known contests starting with the assassination of King Shaka in 1828 and ending with the anointing of King Cyril at Nasrec in 2017 Spoilt Ballots dishes the dirt on these pivotal turning points in our history But it also sheds light on a dozen lesser known contests starting with the assassination of King Shaka in 1828 and ending with the anointing of King Cyril at Nasrec in 2017 Spoilt Ballots is as much about the people who voted in some of our most decisive elections as it is about those who didn t even get the chance to make their mark It explains why a black man in the Cape had more political rights in 1854 than at any other point in the ensuing 140 years and how the enfranchisement of women in 1930 was actually a step back for democracy The book will leave you wondering if Oom Paul Kruger s seriously dicey win in the 1893 ZAR election might have paved the way for the Boer War and whether Slim Jannie Smuts really was that slim after all It ll explain how the Nats managed to get millions of English speakers to vote for apartheid and why the Groot Krokodil s attempt to co opt coloureds and Indians into the system backfired spectacularly Entertaining and impeccably researched Spoilt Ballots lifts the lid on 200 years of electoral dysfunction in our beloved and benighted nation

Elections during emergencies and crises Toby S. James, Alistair Clark, Erik Asplund, 2023-05-08 Elections often have to be held in emergency situations The Covid 19 pandemic was one of the most serious emergency situations that the world has seen The rapid spread of the virus presented a huge humanitarian threat but also an unparalleled challenge to electoral stakeholders globally seeking to protect electoral integrity during times of uncertainty This volume identifies how the pandemic affected electoral integrity what measures were put in place to protect elections and what worked in defending them It brings together a comprehensive set of 26 country case studies to explore how elections were affected on the ground what measures were put in place and what worked These case studies are of elections which took place in the eye of the storm when practitioners and policymakers were operating under uncertainty and without the benefit of hindsight To learn lessons in a more systematic way this volume also provides a thematic analysis of electoral integrity during the pandemic using crossnational studies This provides the big picture for policymakers practitioners and academics looking back at the crisis The volume therefore seeks to contribute towards the future development of policy and practice However it does so by using academic research methods and concepts which enable

greater confidence in the policy lessons as well as contributing directly to the scholarship on democracy democratization and elections The volume includes 11 areas of recommendation based on the evidence collected in this volume to protect electoral integrity in any future emergency situation Proceedings of the International Conference on Nature for an Inclusive and Innovative Urban Regeneration (NATiURB 2022) Gonalo Canto Moniz,B  atrice Bechet,Jos   Miguel Lameiras,Marco Aciri,Nathalie Nunes,Isabel Ferreira,Milena Tasheva-Petrova,Ingrid Andersson,Beatriz Caitana,Guido Ferilli,2024-08-03 This is an open access book Cities are at a crossroads moving from a traditional development model to an urban regeneration process that promotes a sustainable inclusive healthy innovative and equitable change in dialogue with citizens and nature Nature for Innovative and Inclusive Urban Regeneration NATiURB is a 2 day public event to be held on 16 17 June 2022 in Milan It is the first international conference hosted by URBiNAT The first day of the conference is a Cities Conference Day organised at the Fondazione Giangiacomo Feltrinelli where URBiNAT partner cities will share their experience with regards to the healthy corridor co created with local communities in their specific intervention area The second day is a Scientific Conference Day to be held at IULM university campus Within twenty sessions dedicated to the discussion of concepts methodologies and practices attendees and presenters will share knowledge and experience from diverse perspectives ranging from academic to urban planning and design to lived experience on the ground The Scientific Committee is monitoring the gender sensitivity of the conference Men and women and broader gender diversity are promoted and welcome If you need any assistance or clarification if you would like to report or give some suggestions do not hesitate to contact the organising members **Global Warming - A Concerning Component of Climate Change** Vinay Kumar,2024-05-08 Dive into the complex realm of global warming with Global Warming A Concerning Component of Climate Change Authored by leading experts this book offers profound insights into diverse aspects of global warming from water balance dynamics to carbon footprints in unexpected domains like high schools Explore pressing issues such as the impacts on ecosystems agriculture and dairy production as well as the intersection with human activities like fast fashion and student perceptions With its interdisciplinary approach this volume serves as a vital resource for researchers policymakers educators and activists committed to addressing climate change challenges Join the journey towards a more sustainable future one where collective action and informed decision making pave the way for resilience and transformation *Adverse Childhood Experiences* Kathleen Brewer-Smyth,2022-11-07 The entire world is in crisis with adverse childhood experiences ACEs and other lifetime trauma at an all time high This book is a valuable resource to promote optimal brain function for everyone but especially for survivors of trauma who are particularly at risk throughout the life course It is critical for healthcare providers schoolteachers and administration public safety professionals foster and adoptive parents employers and loved ones to understand the potential life long consequences that ACEs can have in the lives of survivors This book describes the complexities behind why behaviors occur if hurt people hurt themselves and others The first half of this book addresses what
