The Conservative Party and the extreme right 1945-1975 Mark Pitchford,2013-07-19 This book reveals the Conservative Party s relationship with the extreme right between 1945 and 1975 For the first time this book shows how the Conservative Party realising that its well known pre Second World War connections with the extreme right were now embarrassing used its bureaucracy to implement a policy of investigating extreme right groups and taking action to minimise their chances of success The book focuses on the Conservative Party s investigation of right wing groups and shows how its perception of their nature determined the party bureaucracy s response The book draws a comparison between the Conservative Party machine s negative attitude towards the extreme right and its support for progressive groups It concludes that the Conservative Party acted as a persistent block to the external extreme right in a number of ways and that the Party bureaucracy persistently denied the extreme right within the party assistance access to funds and representation within party organisations It reaches a climax with the formulation of plan threatening its own candidate if he failed to remove the extreme right from the Conservative Monday Club The Definitive Guide to How Computers Do Math Clive Maxfield,Alvin Brown,2005-09-27

Restoring the First-century Church in the Twenty-first Century Warren Lewis, Hans Rollmann, 2005-10-15 Restoring the First century Church in the Twenty first Century Essays on the Stone Campbell Restoration Movement in Honor of Don Haymes is a snap shot of a major American religious movement just after the turn of the millennium When the Disciples of Alexander Campbell and the Christians of Barton Warren Stone joined forces early in the 19th century the first indigenous ecumenical movement in the United States came into being Two hundred years later this American experiment in biblical primitivism has resulted in three possibly four large segments Best known is the Christian Church Disciples of Christ active wherever ecumenical Christians gather The denomination is typically theologically open having been reshaped by theological Liberalism and the Social Gospel in the twentieth century and has been re organized on the model of other Protestant bodies The largest group the Churches of Christ easily distinguished by their insistence on a cappella music singing only is theologically conservative now tending towards the evangelical and congregationally autonomous though with a denominational sense of brotherhood The Christian Churches Churches of Christ Independent are a via media between the two other bodies theologically conservative and evangelical congregationally autonomous pastorally oriented and comfortable with instrumental music The fourth numerically significant group the churches of Christ Anti Institutional is a conservative reaction to the a cappella churches much in the way that the Southern a capella churches reacted against the emerging intellectual culture and social location

instrumental music and institutional centrism of the Northern Disciples following the Civil War Besides these four numerous smaller fragments typically one article splinter groups decorate the history of the Restoration Movement One Cup brethren Premillennialists No Sunday School congregations No Located Preacher churches and others This movement to unite Christians on the basis of faith and immersion in Jesus Christ and to restore New Testament Christianity is too little recognized on the American religious landscape and it has been too little studied by the academic community This volume is focused primarily on the a cappella churches and their interests but implications for the entire Stone Campbell Restoration Movement abound The voices that speak freely within were unimpeded in authoring these essays by standards of orthodoxy imposed from without All of the contributors are acquainted with Don Haymes the honoree of the volume and have been inspired by this friend and colleague a man with a rigorous and earthy intellect and a heavenly spirit David Bundy series editor Studies in the History and Culture of World Christianities
