

PRO LIFE AND PRO CHOICE DEBATE: A JOURNEY FROM RESTRICTION TO REGULATION—DESTINATION PAKISTAN

By

QAISAR ABBAS*

Abstract:

This paper seeks to understand and critically examine various aspects of law relating to termination of pregnancies in certain circumstances, in Pakistan. Although the law on the subject was modified in 1997 following the judgment of the Supreme Court yet there are certain lacunas and inconsistencies in the existing law and it does not address the ever cropping exigencies of the contemporary society. After having a brief survey of the law on the subject in various other Muslim countries, it has been humbly suggested that the present law should be modified in certain ways to avoid such eventualities that impede the road to justice. In doing so, the basic principles of Muslim Jurisprudence have been adhered to, because any law in Pakistan can not survive if it is found/declared repugnant to the injunctions of Islam by the courts of competent jurisdiction.

ABORTION has been a controversial subject throughout the history due to religious,¹ moral and ethical² variations that surround it. Must Beliefs and Evidence Agree? Scott Stapleford, Elizabeth Jackson, 2025-12-04 Should our beliefs be proportioned to our evidence Are we doing something wrong in believing with little or no evidence And may our beliefs be based partly or wholly on moral or practical considerations These questions are harder than you think Scott Stapleford and Elizabeth Jackson agree on the priority of evidence but they differ on the degree of permissible slack and the relevance of other considerations In this lively epistemological debate Stapleford takes a hard line defending the extremist view that any discrepancy between what we believe and what our evidence supports is an error that should be corrected In the economy of our beliefs evidence alone has a normative grip Jackson is more forgiving While evidence regulates belief its authority is not complete She takes a more liberal perspective that accords non evidential factors a lawful role in delimiting the class of permissible beliefs With echoes of the famous 19th century dispute between the mathematician William Clifford and the psychologist William James the Stapleford Jackson debate feels particularly relevant in a time when disagreement runs uncomfortably hot and evidence is treated with contempt This debate will tempt and gently instruct anyone who has ever asked themselves Can t I just believe what I want Key Features Includes accessible discussions of evidence evidentialism transparency epistemic value monism the aim of belief permissivism encroachment practical reasons for belief epistemic obligations Pascal s wager and much more Is highly readable with clear language and an easy to follow format Includes boxed summaries at the end of each section and partitioned expansions of key ideas that supplement the main lines of reasoning

The Governance of Legal Pluralism Werner Zips,Markus Weilenmann,2011 Law is considered by lawyers and sociologists to be at the very center of social integration in Western societies whereas social anthropological discourses regard law as marginal in non Western societies Empirical studies of multi sited legal frameworks in many post colonial political settings demonstrate the difficulties to achieve any predictable mode of governance much less good governance This book challenges both the marginalization of legal arrangements and discourses in social anthropology as well as the marginalization of legal anthropology within social anthropology It combines the related fields of Political and Legal Anthropology in order to contribute towards a meaningful re integration of the anthropology of law into the mainstream of social anthropology Series Ethnologie Forschung und Wissenschaft Vol 12

Love Thy Body Nancy R. Pearcey,2018-01-02 Why the call to Love Thy Body To counter a pervasive hostility toward the body and biology that drives today s headline stories Transgenderism Activists detach gender from biology Kids down to kindergarten are being taught their body is irrelevant to their authentic self Is this affirming or does it demean the body Homosexuality Advocates disconnect sexuality from biological identity as male or

female Is this liberating or does it denigrate biology Abortion Supporters say the fetus is not a person though it is biologically human Does this mean equality for women or does it threaten the intrinsic value of all humans Euthanasia Those who lack certain cognitive abilities are said to be human but not persons Is this compassionate or does it ultimately put everyone at risk In *Love Thy Body* bestselling author Nancy Pearcey goes beyond politically correct slogans with a riveting exposé of the dehumanizing worldview that shapes current watershed moral issues arguing that a holistic Christian view sustains the dignity of the body and biology Throughout the book Pearcey entrances readers with compassionate stories of people wrestling with hard questions in their own lives their pain their struggles their triumphs
