

Edible Fake Blood

@nichellemae

What you need:

Green / Red / Blue food color
Corn syrup Flour (thickener)
Bowl + Spoon

Start with corn syrup. (the amount you will be needing.)

Added red food color. I used about 30 drops for mine.

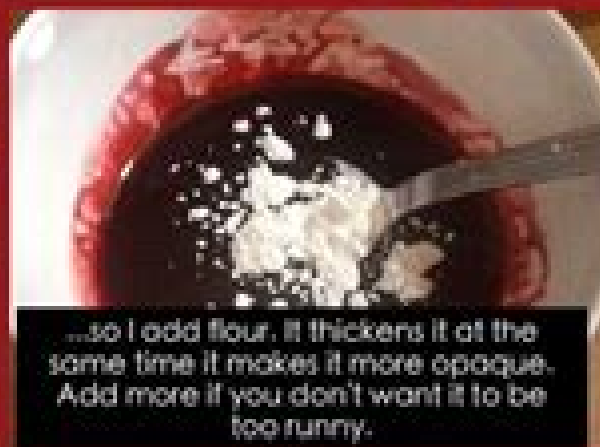

Add green and blue.

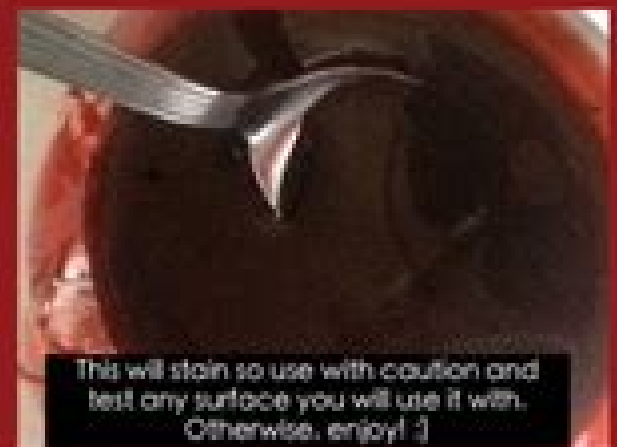

For the color I want. I use 1 drop ea. of blue and green for every 30 drops of red.

Stir well. By this point you can already use it, however it's still not as opaque as I want...

...so I add flour. It thickens it at the same time it makes it more opaque. Add more if you don't want it to be too runny.

This will stain so use with caution and test any surface you will use it with. Otherwise, enjoy! :)
