Professionaljob Centre 2016 Nursing Training:

Cultivating Moral Character and Virtue in Professional Practice David Carr, 2018-03-05 *Cultivating Moral Character and Virtue in Professional Practice* is a pioneering collection of essays focused on the place of character and virtue in professional practice Professional practices usually have codes of conduct designed to ensure good conduct but while such codes may be necessary and useful they appear far from sufficient since many recent public scandals in professional life seem to have been attributable to failures of personal moral character This book argues that there is a pressing need to devote more attention in professional education to the cultivation or development of such moral qualities as integrity courage self control service and selflessness Featuring contributions from distinguished leaders in the application of virtue ethics to professional practice such as Sarah Banks Ann Gallagher Geoffrey Moore Justin Oakley and Nancy Sherman the volume looks beyond traditional professions to explore the ethical dimensions of a broad range of important professional practices Inspired by a successful international and interdisciplinary conference on the topic the book examines various ways of promoting moral character and virtue in professional life from the general ethical perspective of contemporary neo Aristotelian virtue theory The professional concerns of this work are of global significance and the book will be valuable reading for all working in contemporary professional practices It will be of particular interest to academics practitioners and postgraduate students in the fields of education medicine nursing social work business and commerce and military service **The Grants Register**

2016 Palgrave Macmillan Ltd, 2016-12-27 The most comprehensive guide on postgraduate grants and professional funding globally For thirty four years it has been the leading source for up to date information on the availability of and eligibility for postgraduate and professional awards Each entry is verified by its awarding body and all information is updated annually

Woolnough, Sandra L. Fielden, 2017-01-17 *Mentoring in Nursing and Healthcare* Supporting career and personal development is an innovative look into mentoring within nursing and its implications for career success It provides an up to date review of the current research and literature within mentoring in nursing and healthcare drawing together the distinctive challenges facing nurses and their career development It proposes new directions and practical ways forward for

the future development of formal mentoring programmes in nursing Offering fresh insight into mentoring principles and how these can be used beyond pre registration nurse education to support personal career development This is an essential book for all those commencing continuing or returning to a nursing career Key features Addresses mentoring as a career development tool Focuses on the individual benefits of being a mentee and mentor and how this can aid professional development Both theoretical and practical material is presented Features case studies throughout book Supports nurses to develop their careers It is sector specific but has transferability across disciplines A summary chapter draws together common threads or theoretical perspectives The book concludes with strategies for future research and progress

Supervision and Mentoring in Healthcare Neil Gopee, 2018-09-29 This bestselling textbook introduces the theories evidence and research that define supervision mentoring learning and student assessment in healthcare today It combines an evidence based approach that supports critical analysis with a sharp focus on how to provide effective supervision in everyday practice Key features of the book include Online resources including a video from the author a test yourself glossary and free SAGE journal articles to support you during your mentorship course and in practice Example templates for you to use with students such as learning contracts lesson plans and professional development plans Activities and reflection points which enhance your understanding and help you to develop your own approach to mentoring Interprofessional in its scope with reference to both the NMC and HCPC it is essential reading for anyone taking on a supervisory mentoring role across nursing midwifery social care and the allied health professions

Nurses and Nursing Pádraig Ó Lúanaigh, 2017-04-21 This textbook draws on international contributors with a range of backgrounds to explore engage with and challenge readers in understanding the many aspects and elements that inform and influence contemporary nursing practice With a focus to the future this book explores the challenges facing health services and presents the arguments for a nursing contribution and influence in ensuring safe and quality care Readers are supported to explore how as individuals they can shape their personal nursing identity and practice The structure of the text is based on the belief that an individual nurse's professional identity is developed through an interaction between their personal attributes and the influences of the profession itself Reflecting this approach the authors engage in a conversation with the reader rather than simply presenting a series of facts and information Organised around a series of topical and pertinent questions and drawing on perspectives from policy education and practice the book explores a diverse range of topics such as how historical and popular media representations of nursing hold back nursing practice today the opportunities presented through education and nursing role development to increase the nursing contribution to health services the economic and political influences on nursing and health care how the professional regulation of nurses and core values informs your practice ways to define and develop your own strong nursing identity Central chapter questions provide ideal triggers for group discussions in class or online and equally as discussion topics between colleagues to support ongoing professional development There is an emphasis

throughout Nurses and Nursing on challenging thinking to recast nursing practice for the future by encouraging the reader to explore and create their emerging nursing identity or re examine previously long held views This text supports the reader to better understand health care nursing and most importantly themselves as nurses *Psychological Distress, Burnout, Quality of Life, and Wellness among Healthcare Workers* Laura Galiana, Krystyna Kowalczyk, Noemí Sansó, 2022-05-25

Professional Transitions in Nursing Alister Hodge, Wayne Varndell, 2020-07-25 Written by clinical lecturers Professional Transitions in Nursing provides a practical and accessible guide to the core knowledge and skills required by nurse graduates entering the Australian workforce for the first time Part I focuses on the structure of the Australian healthcare system and the national competency standards The authors examine key issues including ethics law and codes of conduct as well as the leadership team building and communication skills necessary in a constantly changing and high pressure environment Part II outlines the clinical skills and practices a nurse graduate must master including clinical assessment risk management and reporting management plans diagnostics reasoning collaboration with other health professionals and working with patients from diverse backgrounds A special feature is an analysis of issues in Aboriginal and Torres Strait Islander nursing practice The authors also outline health information systems and technologies and how to utilise these most effectively Part III looks at career planning and lifelong learning with advice on applying for a nursing position and continual professional development This is an essential reference for both nursing graduates and overseas qualified nurses seeking to pursue a career in Australia This text will be of tremendous use to new graduate nurses nurses relocating from overseas and those of us who support these nurses during their transitions The language is easily accessible and important content about everyday nursing practice is discussed in a practical and logical way A particular strength is the use of research to support key points of discussion Professor Andrea Marshall Professor of Acute and Complex Care Nursing Griffith University This book is a must have for undergraduates newly graduated and overseas qualified registered nurses entering the Australian healthcare workforce for the first time Written by experienced nurses the book provides essential up to date information that is presented in an easily accessible way I highly recommend this book Associate Professor Jacqueline Bloomfield Sydney Nursing School University of Sydney For educators supporting student new graduate and international graduate nurses this text will be an important resource and is superbly structured to guide curriculum development and delivery Dr Danny Hills Senior Lecturer School of Nursing and Midwifery Monash University **Handbook of Innovative Career Counselling** Jacobus G. Maree, 2019-07-20 This book examines a topic widely regarded as the most pressing in career counselling today i e how to ensure that everyone receives career counselling and that all workers have the opportunity to engage in sustainable decent work The author holds that career counselling should not only advance workers self and career construction helping them design successful career lives and make social contributions and live purposeful lives it should also expound new theoretical approaches and interventions Furthermore the book criticizes global society for overlooking the basic needs of

many workers especially the most vulnerable and disadvantaged An important feature of the book is its emphasis on promoting a creative and innovative approach to career counselling so as to better answer contemporary career related questions It offers guidance on how to advance entrepreneurship and help workers develop critical thinking curiosity creativity collaboration and communication skills In this way the book promotes innovation in career counselling and maps the way forward in a theoretical and practical manner that helps clients flourish rather than merely survive in turbulent times impacted by the fourth wave in psychology career counselling the economy as well as the 4th industrial revolution

Work 4 0 Higher Education, Place, and Career Development Rosie Alexander, 2024-11-21 Drawing connections between the findings of a research project following young graduates from the Scottish islands of Orkney and Shetland current international evidence and theoretical literature this book argues that understanding rural and island student transitions can expose the wider dynamics of place and mobility at play during student and early career experiences Highlighting the importance of a career perspective Rosie Alexander encourages readers to consider how career pathways develop across time and across transition points unsettling the notion of a straightforward transition through university into the workplace The book uncovers how student trajectories are developed through interweaving dynamics of relationships place and career routes and unpacks the implications for policymakers and practitioners It contends that a much greater spatial awareness is necessary to understand and support the educational and career pathways of higher education students This is a crucial read for higher education researchers policymakers and students interested in rurality as well as access to and transition from higher education
