My Kitchen Your Table Audra Morrice, 2015
My food memories stem way back to when I was a child where traditions and family hugely influence the way I cook. My mother introduced me to the markets and farms at a young age exposing me to the concept of paddock to plate. Watch and learn, mom would always say. I guess I did. Now living in Australia and travelling far and wide back to Singapore and beyond I cook with inspiration from the best seasonal ingredients I find but always with a very strong sense of Asian flavours and more importantly the respect for food acquired through my upbringing. Some of the best times for me have been with friends and family in my kitchen and around the dinner table. In this book I embrace differences and disregard cultural boundaries. Having grown up in multicultural Singapore where food is all about sharing and feasting and a way of bringing people together I share with you the food I love to eat from my Laksa, Roast Chicken to my Lemon Cake with Brandied Prunes, my scrumptious Chicken and Crispy Noodle Slaw and my Mom's Apple Pie. I hope that the recipes in this book will bring to your home as much joy as it has to mine and give you reason to cook for each and every occasion. The Author.

The social context of Singapore is changing rapidly and understanding how people think, feel and behave in various situations has become a key driver of effectiveness in addressing social issues. *50 Years of Social Issues in Singapore* provides a comprehensive review and examination of various social issues at multiple levels of analysis including the individual, group and society. This invaluable book adopts a translational approach to social issues in Singapore by explicitly bridging intellectual and practical perspectives. Contributed by a distinguished team of authors, the chapters examine the critical ideas underlying public debates of social issues and their policy and practical implications. The book is organized into three parts. Part I examines issues of population and social fundamentals in Singapore such as ageing, marriage, urban planning, healthcare and racial and religious harmony. Part II analyses Singapore's social progress through issues of inclusivity such as social mobility, developing communities and marginal groups that deserve more attention. Part III focuses on core principles and social processes related to social justice, doing good, social media and approaches to understanding and addressing social issues in Singapore. Most importantly, the chapters in this book clearly identify many of the critical unresolved and emerging questions on various social issues that will guide the next generation of

Es ist in Malaysia ausnahmsweise nicht dem Tourismus sondern der offiziellen Regierungspolitik zu verdanken dass die westliche Zivilisation inklusive Handys und Internet zu den abgelegensten Vorkern im Inneren der tropischen Regenwälder vordringt. Dennoch ist es gerade in den ländlichen Gebieten wichtig Rücksicht auf die Traditionen und Verhaltensweisen der Menschen zu nehmen und ihnen Respekt und Akzeptanz entgegenzubringen.
