Reckless Part The Reckless Series English Edition:

Arbuckle and Keaton James L. Neibaur, 2015-02-18 From 1917 to 1919 Joseph Schenck produced a series of Comique comedies starring master movie comedian Roscoe Fatty Arbuckle and featuring an apprentice Joseph Frank Buster Keaton. These films were initially deemed significant by modern archivists for representing the first movie appearances of Keaton, widely considered one of the most important figures in motion picture history. But the Comique films also remain the most important of Arbuckle's career because they feature him at the height of his cinematic genius and powers. The 14 short comedies starring Arbuckle and Keaton are incredibly important to the history of cinema and are analyzed in this book. After two chapters of biographical introductions, the rest of the book discusses their collaborative efforts and reveals the way in which the films evolved from Arbuckle's wild slapstick to feature more of the subtlety and cleverness of Keaton. Closing sections discuss what became of Arbuckle and Keaton afterward, commenting significantly on the scandal that undermined Arbuckle's career.

Social Learning and Social Structure Ronald Akers, 2017-07-28 The social learning theory of crime integrates Edwin H. Sutherland's differential association theory with behavioral learning theory. It is a widely accepted and applied approach to criminal and deviant behavior. However, it is also widely misinterpreted, misstated, and misapplied. This is the first single volume in-depth authoritative discussion of the background, concepts, development, modifications, and empirical tests of social learning theory. Akers begins with a personal account of Sutherland's involvement in criminology and the origins of his influential perspective. He then traces the intellectual history of Sutherland's theory as well as social learning theory, providing a comprehensive explanation of how each theory approaches illegal behavior. Akers reviews research on various correlates and predictors of crime and delinquency that may be used as operational measures of differential association, reinforcement, and other social learning concepts. Akers proposes a new integrated theory of social learning and social structure that links group differences in crime to individual conduct. He concludes with a cogent discussion of the implications of social learning theory for criminology and public policy. Now available in paperback with a new introduction by the author, this volume will be invaluable to professionals and for use in courses in criminology and deviance.

International Responses to Issues of Credit and Over-indebtedness in the Wake of Crisis Dr Therese Wilson, 2013-04-28
This book explores the political economic and regulatory context in which credit regulation is taking place following the global financial crisis It suggests that current neoliberal economic policies favour multi national corporations rather than consumers and examines regulatory responses to the internationalization of consumer finance protection Detailing how EU consumers have been affected by national economic conditions the book also analyses the lending regimes of Europe Australia the US and South Africa and offers suggestions for responsible lending to avoid over indebtedness and corrupt mortgage lending Finally new approaches and directions for consumer credit regulations are outlined such as protection for small businesses protection against risky credit products reorganization of mortgage securitization and the possibility of a partnership model to address financial exclusion The book includes contributions from leading names in the field of consumer law and will be invaluable to those interested in banking business and commercial law **Reports of Cases Determined in the Supreme Court of the State of California** California. Supreme Court, 1906 **The Northeastern Reporter** ,1920
Includes the decisions of the Supreme Courts of Massachusetts Ohio Indiana and Illinois and Court of Appeals of New York May July 1891 Mar Apr 1936 Appellate Court of Indiana Dec 1926 Feb 1927 Mar Apr 1936 Courts of Appeals of Ohio **The United Service** ,1882 **American and English Railroad Cases, New Series** ,1899 The Central Law Journal ,1905

faith This is probably the single most important text in the area of medical ethics written in modern times It is a book that cannot itself be summarized it has to be read Alasdair MacIntyre The New Republic Ramsey s arguments reflect great moral passion as well as his usual rigorous analysis James F Childress Religious Studies Review Ramsey forces one to think deeply and systematically about issues that cannot be reduced to maxims or formulas His work serves both as a challenge and as an inspiration New England Journal of Medicine A monumental feat Ramsey is neither a physician nor a lawyer but I venture to say that he has much to offer members of each profession and a great deal to offer the average reader His analysis of the legal issues at the edges of life and his critical assessment of the relevant court decisions are brimful probing and provocative A meaty book beautifully written Yale Kamisar Ethics at the Edges of Life was selected as an outstanding book for 1979 in the Scholarly Books category of the National Religious Book Awards
