private clients Many complained of the lack of available English information about climbing Mt Fuji My goal was to not only provide practical information about climbing Mt Fuji but also to introduce some of the cultural rituals associated with climbing historic Mt Fuji Climbing Mt Fuji is more than just a hiking experience It is a unique cultural experience with its own set of unspoken customs that can be easily missed or stomped on unknowingly if not careful The people working on Mt Fuji during the climbing season are a tight community who respect the historical traditions As one of the few non Japanese Mt Fuji guides creating and maintaining wholesome relationships with locals was key to being accepted into this close knit society This guidebook provides accurate reliable information because it was written by a real Mt Fuji guide who has years of climbing experience and every imaginable type of Mt Fuji climb under his belt As a professional Mt Fuji guide it is my privilege to share my experience and knowledge including my qualified advice along with my personal recommendations that I commonly reserve for clients with all those who have set their hearts on climbing this majestic mountain
