Developing a Security Training Program Joseph McDonald,2024-07-22 Developing a Security Training Program focuses on how to establish a comprehensive training

program for a security department from the ground up This book highlights formal curriculum development consistent and continual training and the organizational benefits including how such security training will be a value add It s long overdue for the industry to revisit old security training models from the past to both general staff as well as to the dedicated security staff and professionals within organizations and examine and revamp such with a fresh perspective Given the current dynamic environment for businesses and the threats businesses face it is important that any such training consider all procedures and policies and be fully integrated into the company culture This includes maintaining an eye on budgetary and financial costs while recognizing the need to budget for more training resources to maintain resilience and adaptability to current challenges and future changes to the environment There is only one way to prepare your staff and that is through comprehensive and consistent training Developing a Security Training Program provides the blueprint and tools for professionals to provide ongoing targeted and comprehensive security training at a low budget friendly cost
