Pfaff,2012-12-06 *The administration of examinations for 15-19 year olds in England* Great Britain: Parliament: House of Commons: Education Committee,2012-07-03 This report from the Education Committee looks at the administration of examinations for 15 19 year olds in England The Committee expresses serious concerns about incentives in the exam system and about competition on syllabus content Incentives in the system should be changed so the downward pressure through the competition of exam boards is mitigated The Committee considers a number of options to change incentives including i A single board This offers a simpler system with no risk of competition but the Committee believes the cost risk and disruption outweigh the benefits ii Franchising of subjects to exam boards This removes syllabus competition but again has downsides 3 Or the current system of multiple boards The Committee sees no benefit in competition on syllabus content but the setting and marking of exams

and associated administration if properly regulated could generate incentives and drive quality up offering value for money to schools and colleges The Committee also recommends the development of national syllabuses accredited by Ofqual The syllabuses would be developed by exam boards in conjunction with learned bodies and employer organisations and could therefore retain the benefits of competition on quality and the incentive for exam boards to innovate     *Monthly Catalog of United States Government Publications* ,1982     Research in Education ,1981     **Proceedings of IAC 2021 in Budapest** Group of Authors,2021-03-18 International Academic Conferences Management Economics and Marketing IAC MEM Teaching Learning and E learning IAC TLEI Transport Logistics Tourism and Sport Science IAC TLTS Engineering Robotics IT and Nanotechnology IAC ERITN     **Scientific and Technical Aerospace Reports** ,1984     **Energy Research Abstracts** ,1984     **Pete's Bogus Journey: An Autobiographical Descent Through A Career In Medicine** Peter Cackett,2023-01-19 There is no doubt that life is a bogus journey and it does not end well for any of us However join eye surgeon Pete Cackett on his eventful pathway through life and career in medicine and learn from his own unfortunate mishaps Discover how it is possible to make your own journey less bogus especially if you follow his advice and tips from his Hidden Curriculum This book is a celebration of life in all its glorious bogusness with plenty of humour and retro pop culture references along the way This is a medical autobiography and is the first one which directly addresses the medical profession doctors and medical students and other allied health professionals It covers many relevant issues and topics on working as a doctor including those which many are reluctant to talk about such as private practice It also includes advice gleaned from over 30 years in medicine as part of a Hidden Curriculum This guidance can be used by the reader to make changes to their own lives in order to create a happier and more successful existence     *Proceedings of the Parliament of South Australia* South Australia.
